*The Power of Parting* Eamon Dolan, 2025-04-01 A myth

shattering inspiring book that combines research reportage and memoir to explore the growing phenomenon of estrangement from toxic relatives showing it not as a tragedy but as an empowering and effective solution to the heartbreak of family abuse After decades of enduring his mother s physical and psychological torment after years of trying in vain to set boundaries Eamon Dolan took a radical step he cut his mother out of his life No more phone calls no more visits no more contact Parting with his abuser gave him immediate relief and set him on a path toward freedom confidence and joy like none he had ever felt before In *The Power of Parting* Dolan has written the book he wishes he d had when he was struggling to free himself from his mother s abuse In the process he discovered how widespread estrangement really is At least 27 percent of Americans are estranged from a parent sibling or other family member He also learned why so much stigma surrounds this common and often lifesaving phenomenon Even among therapists the professionals who would seem most attuned to the pain relatives can inflict there s a bias toward reconciliation when millions of their patients need instead to escape their abusers grip Estrangement Dolan realized should be understood and embraced not shrouded in shame Drawing on his own suffering and healing as well as experts advice and the testimony of other courageous survivors Dolan first explains why abuse is much different and more prevalent than we may think how it harms us in childhood and beyond and why limiting or eliminating contact might be our best possible choice Then he walks readers through the steps of a successful positive estrangement how to take crucial time for yourself how to make sure no one can gaslight you into minimizing or forgetting how to set rules for your abuser and if they can t or won t respect your limits how to end a toxic relationship He also offers valuable counsel on how to ease the guilt and grief that often accompany parting and how to break the cycle of abuse that was likely passed down to you through many generations With a convincing blend of clarity and empathy Dolan encourages others to do what he ultimately did for himself determine whether the people in your life treat you with the care and concern you deserve and part ways with them if they don t

**The Empowered Manager** Peter Block,2016-11-01 Empowerment produces the conditions for high performance Especially for middle managers and below Empowered cultures attract and retain talent They produce high achievement high accountability and high commitment The Empowered Manager uncovers a roadmap to creating a more accountable culture in today s fragmented and virtual world Bestselling author Peter Block is a true visionary author of the classic *Flawless Consulting* his work is about empowerment stewardship chosen accountability and reconciliation of community In this book he returns his eye toward management to renew our efforts to create a shift in the traditional hierarchy Twenty years after the original book Block talks of why it is so difficult to both open the door to empowerment and more importantly have people walk through it It is more important than ever to create a culture in which all members of an organization are treated as entrepreneurs giving them ownership over their role and responsibilities This

is in the face of the reality that most employees want safety not the adventure of empowerment Peter enhances the first edition of the book by acknowledging employees wish for dependency Their longing for the days when a job carried a promise of a future and companies cared more about the product and the people than about the money This is written primarily for people in the middle Good managers and employees who care more about doing good work and treating people right than ambition and making it into the ruling class The upper middle and below is where there is the greatest need for great management Which builds on valuing strengths and allowing talent the space to stretch and achieve Almost independent of the power points of people at the top This book shows you how a new approach to management empowers all employees at all levels and culminates in better business outcomes for the entire organization Help shape a culture of commitment Develop the political skills to negotiate successfully Take responsibility for your actions Learn to fail up and face setbacks with courage If you feel controlled by bureaucracy unrewarded for creativity and from a distance powerless to control your own destiny this book is the breath of fresh air your career has been craving Timeless tips from a master of business strategy alongside a framework for more effective management makes The Empowered Manager a must read guide for anyone doing business today Values Information from AI The Values We Share Project, Values information from AI is a collection of information and images of values generated from an AI tool as part of The Values We Share Project to promote values All information in this book can be used to promote values and can be used as material in values formation programs All information in this book will also be used in The Values We Share Project videos materials and courses in the future Visit The Values We Share Project at <http://thevaluesweshare.info> Problem Posing Stephen I. Brown, Marion I. Walter, 2014-01-14 As a result of the editors collaborative teaching at Harvard in the late 1960s they produced a ground breaking work The Art Of Problem Posing which related problem posing strategies to the already popular activity of problem solving It took the concept of problem posing and created strategies for engaging in that activity as a central theme in mathematics education Based in part upon that work and also upon a number of articles by its authors other members of the mathematics education community began to apply and expand upon their ideas This collection of thirty readings is a testimony to the power of the ideas that originally appeared In addition to reproducing relevant materials the editors of this book of readings have included a considerable amount of interpretive text which places the articles in the context of problem solving While the preponderance of essays focus upon mathematics and mathematics education some of them point to the relevance of problem posing to other fields such as biology or psychology In the interpretive text that accompanies each chapter they indicate how ideas expressed for one audience may be revisited or transformed in order to ready them for a variety of audiences *Tools for Transformation* Rita Milios, 2011-12 Tools for Transformation gives you the rules and tools you need to change your life for good Learn the rules of the subconscious realm Explore mind tools such as affirmations visualizations meditation intuition and dreams Learn step by step how to use these tools to help you transform your life A
