

Swine Pathogens

North Carolina is the country's second largest hog producer housing over 10 million swine (Edwards and Ladd, 2000). Due to the density of swine in such a small region, 15.5 million tons of manure is produced on a yearly basis. This manure is stored in lagoon pits that are man made for this purpose. 1 Once stored in these lagoons, the manure is then sprayed onto fields for disposal; these fields contain agricultural crops or turf (USGAO, 2008). Since the ground is permeable, runoff and percolation occur in these fields and in the lagoons, as they are only lined with clay. The waste in these lagoon pits contain insecticides, antimicrobial agents, pathogens, pharmaceuticals, and other nutrients which result in extensive pollution and... The odor invades homes and some days mist will hit cars and homes (Wing S, 2002). As previously noted, the waste contains pathogens and antibiotic resistant bacteria. As this spray is impacting residents homes it is reaching public water sources. The mist contains hydrogen sulfide and ammonia which cause irritation of the eyes and respiratory system (Wilson SM, Serre ML, 2007). Research indicates these spray fields cause mental stress, decreased quality of life, and raised blood pressure on nearby residents. NC's swine CAFOs are densely bunched in low income communities with predominantly black residents. This region experiences poor quality of life, high unemployment rates, subpar healthcare, and a minimal level of education (Calhoun SD, et al, 2000). The residents in this region do not obtain the political power to oppose the impact of swine CAFOs. Therefore, employment and schools or any educational institution thereof are not present within vicinity. Regardless of any reason, this is environmental injustice impacting minority populations. This population lacks the political power to push back, therefore; they have to bear the health, socio economic, and environmental impacts of the CAFOs without any allocation of the economic benefits from the industry (Edwards B, Ladd AE, 2001). It seems that this industry chooses to build CAFOs in areas with minimal zoning codes or least

Holderlin's Philosophy of Nature Tobias Rochelle Tobias, 2020-05-28 In our age of climate change the work of the decidedly philosophical poet Friedrich Holderlin has gained renewed urgency with its emphasis on the forces of nature that produce life and at the same time threaten to devour it At the heart of his work lies an understanding of nature and the role that consciousness plays within it This responds to but also revises the concerns of 18th and 19th century philosophy of nature This collection of 15 essays by distinguished international scholars reconsiders what his work reveals about the impulses toward form and formlessness in nature and the role that poetry plays in creating Holderlin's harmonious opposition The collection shows that Holderlin anticipates many of the concerns that motivate contemporary environmental thinking

Creation and Chaos Talk Eric M. Vail, 2012-06-07 Talk about chaos is pervasive Biblical scholars theologians and scientists have been using the word chaos for some time occasionally mingling ideas across disciplines around the shared word Quite often discussions of chaos center on the issues of creation's origin and nature as well as on God's creative methods and relationship to creation Eric M Vail investigates the current uses of the word chaos in those areas A new way of articulating creation out of nothing is

Richardson, 2000-04-22. A book on modern mythology. American Book Publishing Record, 2003. The Prophets and the Goddess Dionysios Psilopoulos, 2017-11-06. This text discusses how W. B. Yeats, Aleister Crowley, Ezra Pound, and Robert Graves had access to the forbidden knowledge of the Goddess. These four poets experienced a confrontation with their unconscious and let the grace of the Goddess touch their heart strings. Consequently, through this surrendering, they created avant garde poetry and were inspired to write seditious manifestos that would teach humanity an esoteric creed. This creed based on humans' eternal divine essence aspires to liberate the eternal feminine. These poets became the instruments of the Goddess. As defenders of the Light, they took arms against the forces of inertia and proclaimed the eleusis of a new faith. This creed pledges to overthrow the anachronistic religious and social institutions and initiate a new world order and a new divinity based on the ancient rites of the Great Goddess. No matter how disparate these four were in character, they shared the vision of transmitting esoteric knowledge to profane humanity. They were specifically chosen by the Goddess as Her troubadours, and they pave Her way to the religious consciousness of the people. **New Art City** Jed Perl, 2009-06-03. In this landmark work, Jed Perl captures the excitement of a generation of legendary artists: Jackson Pollack, Joseph Cornell, Robert Rauschenberg, and Ellsworth Kelly among them, who came to New York mingled in its lofts and bars and revolutionized American art. In a continuously arresting narrative, Perl also portrays such less well-known figures as the galvanic teacher Hans Hofmann, the lyric expressionist Joan Mitchell, and the adventuresome realist Fairfield Porter, as well as the writers, critics, and patrons who rounded out the artists' world. Brilliantly describing the intellectual crosscurrents of the time as well as the genius of dozens of artists, **New Art City** is indispensable for lovers of modern art and culture. **Myth and Philosophy in Plato's Phaedrus** Daniel S. Werner, 2012-07-09. Examines the role of myth in Plato's *Phaedrus*, arguing that it leads readers to participate in Plato's dialogues and to engage in self-examination. **God, Revelation and Authority: God Who Speaks and Shows (Vol. 1)** Carl F. H. Henry, 1999-01-25. Part 1 in a monumental six-volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done. **Myth** Laurence Coupe, 2006-05-23.
