Dictionary of Twentieth-Century British Philosophers Stuart Brown,2005-06-01 This is a two volume work with entries on individuals who made some contribution to philosophy in the period 1900 to 1960 or soon after The entries deal with the whole philosophical work of an individual or in the case of philosophers still living their whole work to date Typically the individuals included have been born by 1935 and by now have made their main contributions Contributions to the subject typically take the form of books or journal articles but influential teachers and people otherwise important in the world of philosophy may also be included The dictionary includes amateurs as well as professional philosophers and where appropriate thinkers whose main discipline was outside philosophy There are special problems about the term British in the twentieth century partly because of human migration partly because of decolonialization and the changing denotation of the term The intention has been to include not only those who were British subjects at least for a significant part of their lives even if they mostly lived outside what is now the U K but also people who spent a significant part of their lives in Britain itself irrespective of their nationality or country of origin In the first category are included for instance a number of people who were born and educated in Britain but who subsequently taught in universities abroad In the second category are included those who were born elsewhere but who came to Britain and contributed to its philosophical culture

Freedom Katrin Flikschuh,2013-04-23 In this engaging new book Katrin Flikschuh offers an accessible introduction to divergent conceptions of freedom in contemporary liberal political philosophy Beginning with a discussion of Isaiah Berlin s seminal distinction between negative and positive liberty the book goes on to consider Gerald MacCallums alternative proposal of freedom as a triadic concept The abiding influence of Berlin s argument on the writings of contemporary liberal philosophers such as Robert Nozick Hillel Steiner Ronald Dworkin and Joseph Raz is fully explored in subsequent chapters Flikschuh shows that instead of just one negative and one positive freedom tradition contemporary liberal thinkers articulate the meaning and significance of liberal freedom in many different and often conflicting ways What

should we make of such diversity and disagreement Should it undermine our confidence in the coherence of liberal freedom Should we strive towards greater conceptual and normative unity Flikschuh argues that moral and political disagreement about freedom can often be traced back to differences in underlying metaphysical presuppositions and commitments Yet these differences do not show liberal freedom debates to be confused or incoherent On the contrary they demonstrate the centrality of this philosophically elusive idea to the continued vitality of liberal political thinking

The Making of the Global Yijing in the Modern World Benjamin Wai-ming Ng, 2021-02-26 This book represents an ambitious effort to bring leading Yijing scholars together to examine the globalisation and localisation of the Book of Changes from cross cultural and comparative perspectives It focuses on how the Yijing has been used to support ideologies converted into knowledge and assimilated into global cultures in the modern period transported from the Sinosphere to British American and French cultural traditions travelling from East Asia to Europe and the United States The book provides conceptualised narratives and cross cultural analyses of the global popularisation and local assimilation of the Yijing highlighting the transformation and application of the Yijing in different cultural traditions and demonstrating how it acquired different meanings and took on different roles in the context of a global setting In presenting a novel contribution to understandings of the multifaceted nature of the Yijing this book is essential reading for scholars and students interested in the Classic of Changes It is also a useful reference for those studying Chinese culture Asian philosophy East Asian studies and translation studies

Thirty-Five Oriental Philosophers Diané Collinson, Dr Robert Wilkinson, Robert Wilkinson, 2002-01-04 These are questions to which oriental thinkers have given a wide range of philosophical answers that are intellectually and imaginatively stimulating Thirty Five Oriental Philosophers is a succinctly informative introduction to the thought of thirty five important figures in the Chinese Indian Arab Japanese and Tibetan philosophical traditions Thinkers covered include founders such as Zoroaster Confucius Buddha and Muhammed as well as influential modern figures such as Gandhi Mao Tse Tung Suzuki and Nishida The book is divided into sections in which an introduction to the tradition it covers precedes the essays on its individual philosophers Notes further reading lists and cross references provide the student with a clear route to further study There is a glossary of key terms at the end of the book

Democracy in Moderation Paul O. Carrese, 2016-04-15 Democracy in Moderation views constitutional liberal democracy as grounded in a principle of avoiding extremes and striking the right balance among its defining principles of liberty equality religion and sustainable order thus tempering tendencies toward sectarian excess Such moderation originally informed liberal democracy but now is neglected Moderation can guide us intellectually and practically about domestic and foreign policy debates but also serve the sustainability of the constitutional liberal republic as a whole Our recent theory thus doesn't help our practice given our concerns about polarization and sectarianism in ideas policy and politics A rediscovery of Montesquieu and his legacy in shaping America's complex political order including influence on Washington's practical moderation and Tocqueville's philosophical moderation addresses these enduring theoretical and practical problems Moderation also offers a deeper theory of leadership or statesmanship particularly regarding religion and politics and of foreign policy and strategy rooted in liberal democracy's first principles **Mutual Print in Action of Declarator, the Officers of State for Scotland, Against the Chancellor, Vice-chancellor, Rector, Principal, and Professors of the University and College of Glasgow ... 1857 [containing Extracts from Documents Relating to the Foundation and Administration of the University.]** Great Britain. - Officers of State for Scotland, 1857
