Philosophy of Theism Alexander Campbell Fraser, 2015-06-12 Excerpt from *Philosophy of Theism* Being the Gifford Lectures Delivered Before the University of Edinburgh in 1894 95 My first words must give expression to the emotion which I feel on finding myself once more admitted to speak officially within the walls of this ancient university with which as student graduate and professor I have been connected for sixty years For it is sixty years in this November since I first cast eyes of wonder on the academic walls which now carry so many memories in my mind and which to day are associated with an extraordinary responsibility About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses

state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Philosophy of Theism** Alexander Campbell Fraser,2016-06-30      PHILOSOPHY OF THEISM Alexander Campbell 1819-1914 Fraser,2016-08-29      Philosophy of Theism Alexander Campbell Fraser,1894      **Philosophy of Theism** Alexander Campbell Fraser,2015-06-17 Excerpt from Philosophy of Theism Being the Gifford Lectures Delivered Before the University of Education in 1894 96 For this edition the Philosophy of Theism has been recast and to a great extent rewritten It has also been condensed in the preface and throughout the lectures partly by being purged of redundancies which are perhaps pardonable in oral communication of ideas but are less suited for thoughtful readers and it now appears in one volume instead of two The book has been further modified by occasional introduction of new matter intended to present its central principle in fuller light The whole has been arranged in Three Parts preceded by two preliminary lectures in which an expanded Natural Theology is defined and articulated in its three logically indemonstrable data A Retrospect of the central course of thought follows the last Part It is hoped that these changes may make the book less unworthy of the indulgent reception and sympathetic criticism with which the first edition has been signally favoured abroad in America and in Australia not less than in this country In its new form it may also be more adapted to assist reflection on the fundamental questions of human life in those educational institutions into which it has been received About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      Philosophy of Theism Alexander Campbell Fraser,2015-09-03 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the
