Philosophy And Mysticism:

The Philosophy of Mysticism Carl Du Prel, 1977-03 The Philosophy of Mysticism Carl Du Prel, 1889 **Philosophy of Mysticism** Richard H. Jones, 2016-03-23 A comprehensive exploration of the philosophical issues raised by mysticism This work is a comprehensive study of the philosophical issues raised by mysticism Mystics claim to experience reality in a way not available in normal life a claim which makes this phenomenon interesting from a philosophical perspective Richard H Jones s inquiry focuses on the skeleton of beliefs and values of mysticism knowledge claims made about the nature of reality and of human beings value claims about what is significant and what is ethical and mystical goals and ways of life Jones engages language epistemology metaphysics science and the philosophy of mind Methodological issues in the study of mysticism are also addressed Examples of mystical experience are drawn chiefly from Buddhism and Advaita Vedanta but also from Christianity Judaism Islam and Daoism This is a significant extension of the seminal work by Walter Stace **Mysticism and Philosophy** That work has stimulated much literature all of which Jones manages to review here He critically extends Stace s universal core and embeds it in a sophisticated discussion of the extent range and metaphysical implications of mysticism Ralph W Hood Jr coauthor of *The Psychology of Religion An Empirical Approach* Exploring Unseen Worlds G. William Barnard, 1997-03-06 Demonstrates convincingly the extent to which James s psychological and philosophical perspectives also continue to be a rich resource for those specifically interested in the study of mysticism A critically sophisticated yet gripping immersion into the inner worlds of one of America s foremost thinkers The Philosophy of Mysticism E. I. (Edward Ingram) Watkin, 2012-01 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy **Philosophy of Mysticism** C. Du Prel, 1885 **Philosophical Mysticism in Plato, Hegel, and the Present** Robert M. Wallace, 2019-12-26 Few twenty first century academics take seriously mysticism s claim that we have direct knowledge of a higher or more inner reality or God But Philosophical Mysticism argues that such leading philosophers of earlier epochs as Plato G W F Hegel Ludwig Wittgenstein and Alfred North Whitehead were in fact all philosophical mystics This book discusses major versions of philosophical mysticism beginning with Plato It shows how the framework of mysticism s higher or more inner reality allows nature freedom science ethics the arts and a rational religion in the making to work together rather than conflicting with one another This is how philosophical mysticism understands the relationships of fact to value rationality to ethics and the rest And this is why Plato s notion of ascent or turning inward to a higher or more inner reality has strongly attracted such major figures in philosophy religion and literature as Aristotle Plotinus St Augustine Dante Alighieri Immanuel Kant Hegel William Wordsworth Ralph Waldo Emerson

Emily Dickinson Whitehead and Wittgenstein Wallace s Philosophical Mysticism brings this central strand of western philosophy and culture into focus in a way unique in recent scholarship **The Philosophy of Mysticism** Carl Du Prel,1889 Religion and Reality James Henry Tuckwell,1977 Philosophy of Mysticism Carl du Prel,2019 **Religion and Reality, a Study in the Philosophy of Mysticism** James Henry Tuckwell,1915 **The Philosophy of Mysticism** Karl Ludwig August Friedrich Maximilian Alfred Du Prel (Friedherr),1889 *Problem of Pure Consciousness* Robert K. C. Forman,1997 This collection of essays challenges the widely accepted interpretation of mystical experience that received its fullest expression in two volumes edited by Steven T Katz *Mysticism and Philosophical Analysis* and *Mysticism and Religious Traditions* **Wandering Joy** Meister Eckhart,2001 In this remarkable work Reiner Sch rmann shows Meister Eckhart the thirteenth century Christian mystic as the great teacher of the birth of God in the soul which shatters the dualism between God and the world the self and God This is an exposition of Eckhar s mysticism perhaps the best in English and because Eckhart is a profound philosopher for whom knowing precedes being it is also an exemplary work of contemporary philosophy Sch rmann shows us that Eckhart is our contemporary He describes the threefold movement of detachment release and dehiscence splitting open which leads to the experience of living without a why in which all things are in God and sheer joy Going beyond that he describes the transformational force of approaching the Godhead the God beyond God A man who has experienced the same no longer has a place to establish himself He has settled on the road and for those who have learned how to listen his existence becomes a call This errant one dwells in joy Through his wanderings the origin beckons

modern philosophy One theme that appears in various forms and from different angles in the first two sections is that of Images of the Divine It figures not only in the account of mystical imagery but also in the discussion of the Know thyself motif and is closely allied to the subject matter of the studies dealing with man's ascent to the vision of God and his ultimate felicity In the third section three thinkers are discussed the English Deist William Wollaston who is shown to be steeped in the medieval Jewish traditions of philosophy and mysticism Moses Mendelssohn the philosopher of eighteenth century Enlightenment whose thesis asserting Spinoza's influence on Leibniz's doctrine of the pre-established Harmony is investigated critically and Franz Rosenzweig the most brilliant religious philosopher in twentieth century Jewry whose notion of History is analysed Originally published in 1969 this is an important work of Jewish philosophy **An Anthology of Mysticism and Mystical Philosophy** William Kingsland, 2014-03-30 This Is A New Release Of The Original 1922 Edition
