Richardson, 2018-12-21 When writing to the Corinthians the Apostle Paul used figurative temple language repeatedly to shape the identity of his audience Temple of God Temple of the Holy Spirit and Temple of the Living God While other scholars have identified the place of the Jerusalem temple in Paul's thinking or the impact of temples in the life of Corinth there has been no comprehensive study of the way that figurative temple language in philosophy could have influenced the Corinthians worldview Hellenistic philosophy was pervasive in the first century and provided theological guidance for faith and practice to Paul's Gentile audience before their conversion Philip N Richardson provides a comprehensive survey of figurative temple language in Hellenistic philosophy shedding light on the way that the kinds of philosophical thought known in cities like Corinth may have influenced the Corinthians to think about figurative temple language This study throws into sharp relief the similarities and differences between Paul's use of temple language and that of philosophy and illuminates Paul's setting of this language in the wider framework of 1 2 Corinthians and his purpose for its use in the argument of the letters **Nonverbal Behaviour in Ancient Literature** Andreas Serafim, Sophia Papaioannou, 2023-12-31 The volume offers an up to date and nuanced study of a multi thematic topic expressions of which can be found abundantly in ancient Greek and Latin literature nonverbal behaviour i.e vocalics kinesics proxemics haptics and chronemics The individual chapters explore texts from Homer to the 4th century AD to discuss aspects of nonverbal behaviour and how these are linked to reflect upon and are informed by general cultural frameworks in ancient Greece and Rome Material sources are also examined to enhance our knowledge and understanding of the texts *Many Convincing Proofs* Stephen S. Liggins, 2016-03-21 While there have been various studies examining the

contents of the evangelistic proclamation in Acts and various studies examining from one angle or another individual persuasive phenomena described in Acts e.g the use of the Jewish Scriptures no individual studies have sought to identify the key persuasive phenomena presented by Luke in this book or to analyse their impact upon the book's early audiences This study identifies four key phenomena the Jewish Scriptures witnessed supernatural events the Christian community and Greco-Roman cultural interaction By employing a textual analysis of Acts that takes into account both narrative and socio-historical contexts the impact of these phenomena upon the early audiences of Acts that is those people who heard or read the narrative in the first decades after its completion is determined The investigation offers some unique and nuanced insights into evangelistic proclamation in Acts persuasion in Acts persuasion in the ancient world each of the persuasive phenomena discussed evangelistic mission in the early Christian church and the growth of the early Christian church

The Art of Biography in Antiquity Tomas Hägg, 2012-04-05 Greek and Roman biography embraces much more than Plutarch Suetonius and their lost Hellenistic

antecedents In this book Professor Hgg explores the whole range and diversity of ancient biography from its Socratic beginnings to the Christian acquisition of the form in late antiquity He shows how creative writers developed the lives of popular heroes like Homer Aesop and Alexander and how the Christian gospels grew from bare sayings to full lives In imperial Rome biography flourished in the works of Greek writers Lucian's satire Philostratus' full sophistic orchestration Porphyry's intellectual portrait of Plotinus Perhaps surprisingly it is not political biography or the lives of poets that provide the main artery of ancient biography but various kinds of philosophical spiritual and ethical lives Applying a consistent biographical reading to a representative set of surviving texts this book opens up the manifold but often neglected art of biography in classical antiquity

Chain of Gold Susan C. Jarratt, 2019-11-26 Barred from political engagement and legal advocacy the second sophists composed and performed epideictic works for audiences across the Mediterranean world during the early centuries of the Common Era In a wide ranging study author Susan C Jarratt argues that these artfully wrought discourses formerly considered vacuous entertainments constitute intricate negotiations with the absolute power of the Roman Empire Positioning culturally Greek but geographically diverse sophists as colonial subjects Jarratt offers readings that highlight ancient debates over free speech and figured discourse revealing the subtly coded commentary on Roman authority and governance embedded in these works Through allusions to classical Greek literature sophists such as Dio Chrysostom Aelius Aristides and Philostratus slipped oblique challenges to empire into otherwise innocuous works Such figures protected their creators from the danger of direct confrontation but nonetheless would have been recognized by elite audiences Roman and Greek alike by virtue of their common education Focusing on such moments Jarratt presents close readings of city encomia biography and texts in hybrid genres from key second sophistic figures setting each in its geographical context Although all the authors considered are male the analyses here bring to light reflections on gender ethnicity skin color language differences and sexuality revealing an underrecognized diversity in the rhetorical activity of this period While US scholars of ancient rhetoric have focused largely on the pedagogical Jarratt brings a geopolitical lens to her study of the subject Her inclusion of fourth century texts the Greek novel *Ethiopian Story* by Heliodorus and the political orations of Libanius of Antioch extends the temporal boundary of the period She concludes with speculations about the pressures brought to bear on sophistic political subjectivity by the rise of Christianity and with ruminations on a third sophistic in ancient and

Approaching Apollonius Floyd O. Parker, 2025-08-05 Apollonius of Tyana resembles Jesus Christ more than does any other person in antiquity at least if what his biographer Philostratus claims is true According to their respective biographers in the Life of Apollonius of Tyana and in the canonical Gospels both ancient figures were renowned holy men miracle workers

exorcists and itinerant teachers who lived in the first century AD Nevertheless many Bible professors and students have never heard of Apollonius Others who have heard of Apollonius often uncritically accept the testimony of Philostratus Some New Testament scholars who write about Apollonius are unaware of the numerous historical problems that plague Philostratus's book and of the other early sources that portray Apollonius as a sorcerer or charlatan This book serves as a guide for students professors or curious laypersons who are approaching the study of Apollonius for the first time This work explores ten key issues that will help the reader make an informed decision about Apollonius The book examines the ancient sources available for the study of Apollonius the historical accuracy of Philostratus's biography and the agendas of Philostratus and his royal patroness Julia Domna and provides a fulsome bibliography for those who wish to pursue these topics on their own

Embassy of Onesimus Allen Dwight Callahan, 1997-05-01 Virtually all modern commentaries on Philemon agree with the interpretation from late antiquity that the letter treats the case of Onesimus a pilfering runaway slave who Paul is attempting to rehabilitate in the eyes of Philemon his rightfully angry master In this commentary however Allen Callahan tells another story His reading of the rhetorical situation and reconstruction of the historical context provides a new narrative for the letter He interprets for which he argues is that of several nineteenth century American abolitionist interpreters Here then is not the story of a runaway slave but a story of the estrangement of two Christian brothers Onesimus and Philemon Professor Callahan proposes that his alternative reading of the letter offers a paradigm for Christian reconciliation that necessarily includes diplomacy persuasion forbearance and reparations for injured parties In other words the letter speaks of the challenging implications of Christian love and the imperative of Christian justice If there is an interpretation of great moment to be offered for this otherwise unremarkable piece of correspondence then the treatment of these themes holds the promise of such an interpretation Allen Dwight Callahan teaches New Testament at Harvard Divinity School
