insider's view of the first school in the University of California system The Beaux Arts master plan by John Galen Howard created a classic setting for early buildings by Bernard Maybeck Julia Morgan and Greene Greene and later buildings by John Carl Warnecke Edward Larrabee Barnes Charles Moore Donlyn Lyndon William Turnbull and landscape architecture by Lawrence Halprin The campus is unique for its breadth of architectural works by California designers This book featuring over 100 buildings is fascinating to read and an easy to use companion for a walking tour With a foreword by Berkeley's Chancellor Robert M Berdahl and striking photographs by author Harvey Helfand this is the definitive guide to the history and architecture of the first public institution of higher learning in California Inside front cover *Guide to Photographic Collections at the Smithsonian Institution: Cooper-Hewitt Museum, Freer Gallery of Art, Hirshhorn Museum and Sculpture Garden, National Museum of African Art, National Museum of American Art, National Portrait Gallery, Arthur M. Sackler Gallery, Office of Horticulture* Smithsonian Institution, 1989 **A Senior's Guide to iPhone Photography** Scott La Counte,

Start taking better photos with your iPhone I remember my first phone It had a cord attached and was shaped like a popular animated character You didn't surf the Internet on it You didn't send text messages You didn't check your email And you definitely didn't take pictures on it Times have changed haven't they Most people probably don't even have a camera that's not attached to their phones iPhones don't match the quality of a DSLR camera but they're certainly coming close This book won't teach you how to be the next Ansel Adams but it will teach things you probably never knew about the camera and photo app Inside I'll show you how to Take and edit photos Organize photos Use different photo modes and lenses Use photographic styles And much more If you are ready to get the most out of your iPhone camera then read on Note this book is based off of the iPhone 14 Pro which has photo features notably ProRes that are not available on other iPhones I will point out when a feature might not work on your phone **A People's Guide to the San Francisco Bay Area** Rachel

Brahinsky, Alexander Tarr, 2020-10-06 An alternative history and geography of the Bay Area that highlights sites of oppression resistance and transformation A People's Guide to the San Francisco Bay Area looks beyond the mythologized

image of San Francisco to the places where collective struggle has built the region Countering romanticized commercial narratives about the Bay Area geographers Rachel Brahinsky and Alexander Tarr highlight the cultural and economic landscape of indigenous resistance to colonial rule radical interracial and cross class organizing against housing discrimination and police violence young people demanding economically and ecologically sustainable futures and the often unrecognized labor of farmworkers and everyday people The book asks who had and who has the power to shape the geography of one of the most watched regions in the world As Silicon Valley's wealth dramatically transforms the look and feel of every corner of the region like bankers wealth did in the past what do we need to remember about the people and places that have made the Bay Area with its rich political legacies With over 100 sites that you can visit and learn from this book demonstrates critical ways of reading the landscape itself for clues to these histories A useful companion for travelers educators or longtime residents this guide links multicultural streets and lush hills to suburban cul de sacs and wetlands stretching from the North Bay to the South Bay from the East Bay to San Francisco Original maps help guide readers and thematic tours offer starting points for creating your own routes through the region *Golden Dreams* Kevin

Starr,2011-09-09 A narrative tour de force that combines wide ranging scholarship with captivating prose Kevin Starr's acclaimed multi volume *Americans and the California Dream* is an unparalleled work of cultural history In this volume Starr covers the crucial postwar period 1950 to 1963 when the California we know today first burst into prominence Starr brilliantly illuminates the dominant economic social and cultural forces in California in these pivotal years In a powerful blend of telling events colorful personalities and insightful analyses Starr examines such issues as the overnight creation of the postwar California suburb the rise of Los Angeles as Super City the reluctant emergence of San Diego as one of the largest cities in the nation and the decline of political centrism He explores the Silent Generation and the emergent Boomer youth cult the Beats and the Hollywood Rat Pack the pervasive influence of Zen Buddhism and other Asian traditions in art and design the rise of the University of California and the emergence of California itself as a utopia of higher education the cooling of West Coast jazz freeway and water projects of heroic magnitude outdoor life and the beginnings of the environmental movement More broadly he shows how California not only became the most populous state in the Union but in fact evolved into a mega state en route to becoming the global commonwealth it is today *Golden Dreams* continues an epic series that has been widely recognized for its signal contribution to the history of American culture in California It is a book that transcends its stated subject to offer a wealth of insight into the growth of the Sun Belt and the West and indeed the dramatic transformation of America itself in these pivotal years following the Second World War [Guide to the National Anthropological Archives, Smithsonian Institution](#) National Anthropological Archives,1992 [USA Photography Guide](#) ,1995
