

A photograph of several bright red flowers, possibly poppies, with delicate, thin stems and small green leaves. The flowers are in various stages of bloom, some fully open and others as buds. The background is a soft, out-of-focus white, creating a high-contrast, ethereal feel.

Photographs And Poems:

Photographs & Poems Jeannette Montgomery Barron, Jorie Graham, 1998 When Pulitzer Prize winner Jorie Graham saw Jeannette Montgomery Barron's photographs she asked to keep one she wanted to write about it she asked for more finally they decided to make a book This is a unique poetic response by Jorie Graham illuminating the shrill quietness of Jeannette Montgomery Barron's photographs They haunt and thrill with an unerringly gentle strength of purpose Jane Campion

And This Is How It Was Ginna L. Wilkerson, Ph.d., 2015-11-18 This book is a collection of photographs taken in southern Finland and dialogue poems prompted by the images The inspiration for this collection is the concept of optimal distinctiveness humans have both a desire to be unique and a need to connect with each other in groups The pairing of photographs and poems based on the author's life memories present one particular view of how our environment and life experiences shape our world Dreams Like Mine David Jennings, 2025-09-02 Photopoetography this might be the best way to describe the art of David Jennings In Dreams Like Mine Jennings's fourth book original photographs are coupled with the poems they inspired as the author offers his poetic interpretation of the extraordinary world around us A snow dusted cardinal a deer in the woods a passing train his daughter's sweatshirt Jennings explores the everyday with his rhymed and metered verse sparking renewed awe and wonder in the reader Photographs and Poems Rafael de Swarte, 2011-11 Photography and Poetry contains reflections and meditations on relationships the mysterious personal and the natural world

Unfolding in Light Joan Scott, Claire Scott, 2015-11-17 A collection of sixty four black and white photographs and sixty two poems *Unfolding in Light* offers a vision of hands as images symbols and archetypes allowing the numinous to shine through the mundane Sisters Joan Scott and Claire Scott provides an intimate pause that gives the reader a quiet moment to reflect on the meaning of everyday hands an ill child's hands a dying woman's hands hands of lovers young and old hands at work at play in pain in prayer and in love The Profound M Tamsin Smith, 2021-07-03 Found photography paired with original poems

May, June and All the Years Before Donald T. Scheller, Leonard W. Kagelmacher, 2012-07-01 Don Scheller is a poet teacher and visual artist who makes his home in Buffalo NY The images and poems included in this volume were created independently of each other over the course of 40 years Scheller's sometimes dark always thought provoking black white photographs visually reinforce the introspective message in each of his poems including his long forms and his almost Haiku short pieces His deep sensitivity and wry humor are apparent throughout The book contains 99 photographs The material is presented with alternating image and poem in seven chapters 1 Along the Way portrays a vivid picture of the artist's youthful memories and lessons learned 2 Faithful Delusion reflects Scheller's deep somewhat cynical grasp of how people fool themselves with unadulterated trust in authority 3 Critically Creating delivers some delightful insights on the creative process and experience 4 Relating Sometimes Loving is at once a reflection of the artist's empathic observations of relationships including perhaps a look into Scheller's own heart 5 In Memories Loss Thereof Scheller displays a sensitivity

and affection for those close to him especially his mother who suffered from Alzheimer s 6 Caffeinated Views Scheller spends his quiet time at coffee shops observing thinking and writing 7 Short Pieces almost Haiku In recent years the artist has shown a preference for the short verse He favors the Japanese Haiku form but willfully deviates from strict adherence to the standard Haiku Don Scheller s work will make you think smile and cry Len Kagelmacher Editor Buffalo Arts Publishing

Picture a Poem Connetta Jean,2016-10-27 A collection of photographs and poems by Connetta Jean If If peace was a drink we could buy at the store I d buy me a bottle a case maybe more I d use it in coffee make tea in the sun and share little sips with this world one by one I d tell them it s tasty just try a small cup and hand out free bottles to drink it all up But peace isn t something in bottles to find though it s still a good thought to have come to mind *My Photo Life of Rhyme* Andrew Benson,2017-12-10 A photograph is far more than a frozen moment in time it captures many feelings and memories many that even the photographer won t ever see We all treasure certain times and events for very personal reasons often in our minds being able to travel back to the very moment that the photograph was taken Memories are our escape from life s troubles a photograph so often enables us to revisit a past moment be it happy or sad quite recent or even many generations ago A good photograph may be anything that the photographer or the viewer finds joy in there may be a set of guidelines for what will make a good portrait or landscape photo but unless it captures exactly what was envisaged then it is merely a photograph as with all things beauty is in the eye of the beholder Poetry is very similar it is an expression of feelings be they happy or sad at that moment the poem was written We each read a poem differently and often emphasize certain words that we ourselves connect with Words or a photograph that can bring joy to one may bring tears to another I believe that poetry and photography go hand in hand words and images paint a picture to express a moment in time that the reader writer photographer has an intimate connection with Photography and poetry are my way of expressing how I feel I have no intention of giving either up

Reischel,2014-07-29 SYNERGY OF IMAGE AND VERSE Poetry and photography blend together beautifully in this author s presentation They say that a photograph is worth a thousand words but poetry paints word pictures using poetic imagery On their own each is exquisite Combined they become something else a powerful composition that blends the best of both that is what happens in this book The author is inspired by the photographic image and from it poetry flows to dance and enhance the whole upon the page Images from the eye of the photographer then translate to the mind of the poet The wonder here is that both are the same The photographer is the poet In addition the poet provides detailed incite to the poem s structural format This book contains several different poetic formats not just one The explanations give poetry lovers and budding poets a deeper appreciation of the genre So the appeal is to lovers of photography poetry and students alike
