Queer Methodology for Photography Asa Johannesson, 2024-02-01 This book presents new ways of approaching photographic discourse from a queer perspective offering discussions on what a queering methodology for photography may entail by drawing links between artistic strategies in photographic practice and key theoretical concepts from photography theory queer theory critical theory and philosophy With different examples of conceptual perspectives including representation formalism and mediumlessness it seeks to diversify queer methodology for photography While primarily addressing photography this book is entwined with broader philosophical questions concerning identity difference and the creations of systems of thought that limit the possibilities of existence to binary categorisation It proposes a new concept of the photographic image that addresses its materiality in the form of the poetic and the political in relationship to a generative principle that is named as a queer quality the photograph's ability to voice queer concerns also beyond its role as representation This book will be of interest to scholars working in photography art history queer studies new materialism and posthumanism

Photography: History and Theory Jae Emerling, 2013-03-01 Photography History and Theory introduces students to both the history of photography and critical theory From its inception in the nineteenth century photography has instigated a series of theoretical debates In this new text Jae Emerling therefore argues that the most insightful way to approach the histories of photography is to address simultaneously the key events of photographic history alongside the theoretical discourse that accompanied them While the nineteenth century is discussed the central focus of the text is on modern and contemporary photographic theory Particular attention is paid to key thinkers such as Baudelaire Barthes and Sontag In addition the centrality of photography to contemporary art practice is addressed through the theoretical work of Allan Sekula John Tagg Rosalind Krauss and Vil m Flusser The text also includes readings of many canonical photographers and exhibitions including Atget Brassai August Sander Walker Evans The Family of Man Diane Arbus Lee Friedlander Cindy Sherman Bernd and Hilla Becher Sebastiao Salgado Jeff Wall and others In addition Emerling provides close readings of key passages from some major theoretical texts These glosses come between the chapters and serve as a conceptual line that connects them Glosses include Roland Barthes The Rhetoric of the Image 1964 Susan Sontag Regarding the Pain of Others 2002 Michel Foucault on the archive 1969 Walter Benjamin Little History of Photography 1931 Vil m Flusser Towards a Philosophy of Photography 1983 A substantial glossary of critical terms and names as well as an extensive bibliography make this the ideal book for courses on the history and theory of photography

Eye of the Storm Amy Eastlake, 2006-09 Private detective Aija Jallay can't believe that her friend's death was a bicycle accident But when she looks into it the police send a cop out to warn her away Convincing handsome police detective Jerry Miller that there's something going on doesn't help instead they're both framed for another murder Can Aija get to the bottom of a problem that

brings in politics and power It s a sexy romantic thriller about a damaged woman in a dangerous world **Part-Time Perverts** Lauren Rosewarne,2011-04-19 This book offers an erudite yet highly accessible exploration of the presence of sexual perversion in popular culture and its manifestation in everyday life An interdisciplinary exploration of sexual perversion in everyday life Part Time Perverts Sex Pop Culture and Kink Management starts from the premise that for better or worse everyone is exposed to a continual barrage of representations of sexual perversion both subliminal and overt Our involvement Dr Lauren Rosewarne contends is universal but our management strategies cover a spectrum of behavioral possibilities from total repression to total immersion It is those strategies that she examines here Drawing on her own experience as well as on pop culture and a multidisciplinary mix of theory Rosewarne shifts the discussion of perversion away from the traditional psychological and psychiatric focus and instead explores it through a feminist lens as a social issue that affects everyone Her book examines representations of perversion from suppression to dabbling to full body immersion and proposes a classification for perversion management and charts the diverse strategies we use to manage and perhaps enjoy exposure **Pin-Up Grrrls** Maria Elena Buszek,2006-05-31 A visual history about how feminist artists have appropriated and incorporated the signification of the pin up genre within their own work **Prismatic Media, Transnational Circuits** K. Lynes,2013-01-07 What are the political and aesthetic dimensions of video art documentary and global cinema in contemporary image culture Lynes makes visible how sites of political struggle exploitation and armed conflict can be interpreted through a feminist politics of location attentive to the frictions and flows within transnational circuits of exchange **Hueco Tanks Climbing and Bouldering Guide** John Sherman,2023-12-21 A guide to the most important bouldering area in North America by the master himself **The Culture of Photography in Public Space** Anne Marsh,Melissa Miles,Daniel Palmer,2015-05-01 From privacy concerns regarding Google Street View to surveillance photography s association with terrorism and sexual predators photography as an art has become complex terrain upon which anxieties about public space have been played out Yet the photographic threat is not limited to the image alone A range of social technological and political issues converge in these rising anxieties and affect the practice circulation and consumption of contemporary public photography today The Culture of Photography in Public Space collects essays and photographs that offer a new response to these restrictions the events and the anxieties that give rise to them The Art of Reconciliation D. Petersson,2013-05-14 Dag Petersson offers a comprehensive critique of the philosophy that has dominated 200 years of modern thought politics economy and culture The basic question is this why does dialectical metaphysics fail to keep what it promises What is it about dialectics that makes it fall into irreducibly distinct variations of itself when all it promises is to synthesize to reconcile and make whole what is fragmented and alien to itself An undisciplined creativity intrinsic to completing reason comes to light through analyses of how dialectical systems begin Every dialectical philosophy must account for its own birth and it is at this point when it also articulates its promise of universal synthesis that the book

discovers a desire for light writing or photography Only the most immediate element light can mediate the necessary self determination of thought at its origin Light must begin to write A philosophical critique of dialectics is therefore also a point of departure for a new aesthetic ontology of photography

Perv Jesse Bering, 2013-10-08 As a sex writer Jesse Bering is fearless and peerless Dan Savage You are a sexual deviant A pervert through and through We may not want to admit it but as the award winning columnist and psychologist Jesse Bering reveals in *Perv* there is a spectrum of perversion along which we all sit Whether it's voyeurism exhibitionism or your run of the mill foot fetish we all possess a suite of sexual tastes as unique as our fingerprints and as secret as the rest of the skeletons we've hidden in our closets Combining cutting edge studies and critiques of landmark research and conclusions drawn by Sigmund Freud Alfred Kinsey and the DSM 5 Bering pulls the curtain back on paraphilias arguing that sexual deviance is commonplace He explores the countless fetishists of the world including people who wear a respectable suit during the day and handcuff a willing sexual partner at night But he also takes us into the lives of erotic outliers such as a woman who falls madly in love with the Eiffel Tower a pair of deeply affectionate identical twins those with a particular penchant for statues and others who are enamored of crevices not found on the human body Moving from science to politics psychology history and his own reflections on growing up gay in America Bering confronts hypocrisy prejudice and harm as they relate to sexuality on a global scale Humanizing so called deviants while at the same time asking serious questions about the differences between thought and action he presents us with a challenge to understand that our best hope of solving some of the most troubling problems of our age hinges entirely on the amoral study of sex As kinky as it is compassionate illuminating and engrossing *Perv* is an irresistible and deeply personal book I can't promise you an orgasm at the end of our adventure Bering writes but I can promise you a better understanding of why you get the ones you do
