Refashioning Pop Music in Asia Allen Chun, Ned Rossiter, Brian Shoesmith, 2004-07-31 Examining the cultural political economic technological and institutional aspects of popular music throughout Asia this book is the first comprehensive analysis of Asian popular music and its cultural industries Concentrating on the development of popular culture in its local socio political context the volume highlights how local appropriations of the pop music genre play an active rather than reactive role in manipulating global cultural and capital flows Broad in geographical sweep and rich in contemporary examples this work will appeal to those interested in Asian popular culture from a variety of perspectives including political economy anthropology communication studies media studies and ethnomusicology

'Blerwytirhwng?'

The Place of Welsh Pop Music Sarah Hill, 2017-07-05 In the 1960s Welsh language popular music emerged as a vehicle for mobilizing a geographically dispersed community into political action As the decades progressed Welsh popular music developed beyond its acoustic folk roots adopting the various styles of contemporary popular music and ultimately gaining the cultural self confidence to compete in the Anglo American mainstream market The resulting tensions between Welsh and English amateur and professional rural and urban the local and the international necessitate the understanding of Welsh pop as part of a much larger cultural process Not merely a Celtic issue the cultural struggles faced by Welsh speakers in a predominantly Anglophone environment are similar to those faced by innumerable other minority communities enduring political social or linguistic domination The aim of *Blerwytirhwng The Place of Welsh Pop Music* is to explore the popular music which accompanied those struggles to connect Wales to the larger Anglo American popular culture and to consider the shift in power from the dominant to the minority the centre to the periphery By surveying the development of Welsh language popular music from 1945 2000 *Blerwytirhwng The Place of Welsh Pop* examines those moments of crisis in Welsh cultural life which signalled a burgeoning sense of national identity which challenged paradigms of linguistic belonging and out of which emerged new expressions of Welshness

Pop Music and Easy Listening Stan Hawkins, 2017-07-05 What defines pop music Why do we consider some styles as easier listening than others Arranged in three parts Aesthetics and Authenticity Groove Sampling and Industry Subjectivity Ethnicity and Politics this collection of essays by a group of international scholars deals with these questions in diverse ways This volume prepares the reader for the debates around pop s intricate historical aesthetic and cultural roots The intellectual perspectives on offer present the interdisciplinary aspects of studying music and spanning more than twenty five years these essays form a snapshot of some of the authorial voices that have shaped the specific subject matter of pop criticism within the broader field of popular music studies A common thread running through these essays is the topic of interpretation and its relation to conceptions of musicality subjectivity and aesthetics The principle aim of this collection is to demonstrate that pop music needs to be evaluated on its own terms within the cultural contexts that make it meaningful

Adult Responses to Popular Music and Intergenerational Relations in Britain, c. 1955/1975 Gillian A. M. Mitchell, 2019-02-28 Adult Reactions to Popular Music and Inter generational Relations in Britain 1955 1975 challenges stereotypes concerning a post war generation gap exacerbated by rebellion inducing popular music styles by demonstrating the considerable variety which frequently characterized adult responses to the music whilst also highlighting that the impact of the music on inter generational relations was more complex than is often assumed NP Utilizing extensive primary evidence from first person accounts to newspapers television programmes surveys and archive collections the book adopts a thematic approach identifying three key arenas of British society in which adult responses to popular music and the impact of such reactions upon relations between generations seem particularly revealing and significant The book examines in detail the place of popular music within family life and Christian churches and their

engagement with popular music particularly within youth clubs It also explores encounters between the worlds of traditional Variety entertainment and popular music while providing broader perspectives on this most dynamic and turbulent of periods

Globalization and Popular Music in South Korea Michael Fuhr, 2015-06-12 This book offers an in depth study of the globalization of contemporary South Korean idol pop music or K Pop visiting K Pop and its multiple intersections with political economic and cultural formations and transformations It provides detailed insights into the transformative process in and around the field of Korean pop music since the 1990s which paved the way for the recent international rise of K Pop and the Korean Wave Fuhr examines the conditions and effects of transnational flows asymmetrical power relations and the role of the imaginary other in K Pop production and consumption relating them to the specific aesthetic dimensions and material conditions of K Pop stars songs and videos Further the book reveals how K Pop is deployed for strategies of national identity construction in connection with Korean cultural politics with transnational music production circuits and with the transnational mobility of immigrant pop idols The volume argues that K Pop is a highly productive cultural arena in which South Korea's globalizing and nationalizing forces and imaginations coincide intermingle and counteract with each other and in which the tension between both of these poles is played out musically visually and discursively This book examines a vibrant example of contemporary popular music from the non Anglophone world and provides deeper insight into the structure of popular music and the dynamics of cultural globalization through a combined set of ethnographic musicological and cultural analysis Widening the regional scope of Western dominated popular music studies and enhancing new areas of ethnomusicology anthropology and cultural studies this book will also be of interest to those studying East Asian popular culture music globalization and popular music

Historical Dictionary of Popular Music Norman Abjorensen, 2017-05-25 This book seeks to trace the rise of popular music identify its key figures and track the origins and development of its multiple genres and styles all the while seeking to establish historical context It is fundamentally a ready reference guide to the broad field of popular music over the past two centuries It has become a truism that popular music so pervasive in the modern world constitutes a soundtrack to our lives a constant though changing presence as we cross thresholds and grow from children to teenagers to adults But it has become more than a soundtrack it has become a narrative Not just an accompaniment to our daily lives but incorporating our lives our sense of identity our lived experiences into it We have become part of the music just as the music has become part of us The Historical Dictionary of Popular Music contains a chronology an introduction an appendix and an extensive bibliography The dictionary section has over 1000 cross referenced entries on major figures across genres definitions of genres technical innovations and surveys of countries and regions This book is an excellent resource for students researchers and anyone wanting to know more about popular music

Stereo: Comparative Perspectives on the Sociological Study of Popular Music in France and Britain Philippe Le Guern, 2016-04-01 The term Popular Music has traditionally denoted different things in France and Britain In France the very

concept of popular music has been fiercely debated and contested whereas in Britain and more largely throughout what the French describe as the Anglo saxon world popular music has been more readily accepted as a description of what people do as leisure or consume as part of the music industry and as something that academics are legitimately entitled to study French researchers have for some decades been keenly interested in reading British and American studies of popular culture and popular music and have often imported key concepts and methodologies into their own work on French music but apart from the widespread use of elements of French theory in British and American research the Anglo saxon world has remained largely ignorant of particular traditions of the study of popular music in France and specific theoretical debates or organizational principles of the making and consuming of French musics French British and American research into popular music has thus coexisted with considerable cross fertilization for many years but the barriers of language and different academic traditions have made it hard for French and anglophone researchers to fully appreciate the ways in which popular music has developed in their respective countries and the perspectives on its study adopted by their colleagues This volume provides a comparative and contrastive perspective on popular music and its study in France and the UK

Taking Popular Music Seriously Simon Frith, 2007-01-01 As a sociologist Simon Frith claims music is the result of the play of social forces whether as an idea an experience or an activity The essays in this important collection address these forces recognising that music is an effect of a continuous process
