Out of the five different popcorn brands I tested locally, I think Auntie Maids produce more popcorn and have less "old movie" flavored popcorn kernels.

RESEARCH

Popcorn is a type of corn that has been specially bred to pop when heated. It is a healthy snack that is low in fat and calories. There are many different brands of popcorn available, each with its own unique flavor and texture. Some brands are known for being particularly fluffy, while others are known for being particularly crunchy. It is important to choose a brand that you like and that meets your needs.
