**Popes and Politics** Justus George Lawler, 2004-10-12 In the last three decades scores of books have been published on the role of the Vatican in the modern world **Popes and Politics** shows that many recent authors whether devoted or antagonistic to the papacy have been guilty of factual distortions and biased interpretations that lead to a flawed picture of the church and its relation to contemporary society

Hitler, the War, and the Pope, Revised and Expanded Ronald Rychlak, 2010-05-27 Was Pope Pius XII a Nazi Sympathizer For almost fifty years a controversy has raged about Pope Pius XII Was the Pope who had shepherded the Church through World War II a Nazi sympathizer Was he as some have dared call him Hitler's pope Did he do nothing to help the Jewish people in the grips of the Holocaust In a thoroughly researched and meticulously documented analysis of the historical record Ronald Rychlak has gotten past the anger and emotion and uncovered the truth about Pius XII Not only does he refute the accusations against the Pope but for the first time documents how the slanders against him had their roots in a Soviet Communist campaign to discredit him and by extension the Church Let those who doubt but read Rychlak follow his exquisitely organized courtroom like arguments What Professor Rychlak brings to the forum are facts not rhetoric dates not conjecture evidence not slander The world owes Ronald Rychlak a debt for bringing the truth to light Rabbi Eric A Silver In his well crafted pages the portrait that emerges is one of an extraordinary pastor facing extremely vexing circumstances of a holy man vying against an evil man of a human being trying to save the lives of other human beings of a light shining in the darkness John Cardinal O'Connor 1920-2000 Archbishop of New York from the Foreword to the first edition I have read many books on Pius XII and this is by far the most dispassionate in laying out the context relevant facts accusations and evidence pro and con The book is highly engaging because it is filled with so many little known facts The research has been prodigious Yet the presentation is as down to earth as it would have to be in a courtroom This is a wonderfully realistic book Michael Novak George Frederick Jewett Scholar in Religion Philosophy and Public Policy American Enterprise Institute

*The Papacy, the Jews, and the Holocaust* Frank J. Coppa, 2006 The Papacy has long played a crucial role in western civilization To many its history and theology have seemed steeped in hostility toward the Jews In the post World War II era the initial focus was on Pope Pius XII's stance during the Holocaust it soon expanded however to the broader question of the papacy and the Jews The present work transcends the thicket of controversy and provides a historical account of the relationship between the papacy and the Jews in the modern age and the interaction between clerical anti-Semitism and secular anti-Semitism In light of the polemical debate this subject has aroused during the past half century this is no small task In this work acclaimed author and historian Frank J Coppa once

again proves a capable guide to exploring the issue Were the Popes Against the Jews? Justus George Lawler, 2012-01-31 How many people know that a modern pope publicly referred to Jews as dogs that two other modern popes called the Jewish religion Satan's synagogue that at the beginning of the twentieth century another pope refused to save the life of a Jew accused of ritual murder even though the pope knew the man was innocent Lastly how many people know that only a decade before the rise of Hitler another pope supported priests who called for the extermination of all the Jews in the world The answer has to be great numbers of people since those accusations appeared in David I Kertzer's *The Popes Against the Jews* 2001 a book which had been lauded in major journals and newspapers in the U S and the U K and which by 2006 had been translated into nine foreign languages while Kertzer himself according to his Website had become America's foremost expert on the modern history of the Vatican's relations with the Jews It is thus undeniable that very many people in very many countries have heard of the appalling misdeeds and misstatements mentioned above even though in fact not one of them was ever perpetrated by any pope But *Were the Popes Against the Jews* is not only about the disclosure of these shocking slanders however fascinating and important such an exposé is In the broader perspective it is about the power of ideology to subvert historical judgments whether the latter concern the origins of anti-Semitism and the papacy the distortion of documents to indict Pius XII or the fabrication of Pius XI as codependent collaborator with Mussolini the announced subject of Kertzer's next book Justus George Lawler's confrontation with ideologues will gratify all who are seeking not triumph over opponents but peace and justice for all

**The Pius War** Joseph Bottum, David G. Dalin, 2010-03-16 In the brutal fight that has raged in recent years over the reputation of Pope Pius XII leader of the Catholic Church during World War II the Holocaust and the early years of the Cold War the task of defending the Pope has fallen primarily to reviewers These reviewers formulated a brilliant response to the attack on Pius but their work was scattered in various newspapers magazines and scholarly journals making it nearly impossible for the average reader to gauge the results In *The Pius War* Weekly Standard's Joseph Bottum has joined with Rabbi David G Dalin to gather a representative and powerful sample of these reviews deliberately chosen from a wide range of publications Together with a team of professors historians and other experts the reviewers conclusively investigate the claims attacking Pius XII *The Pius War* and a detailed annotated bibliography that follows will prove to be a definitive tool for scholars and students destined to become a major resource for anyone interested in questions of Catholicism the Holocaust and World War II

**2004** Sara Grosvald, 2012-02-14 This work includes international secondary literature on anti-Semitism published throughout the world from the earliest times to the present It lists books dissertations and articles from periodicals and collections from a diverse range of disciplines Written accounts are included among the recorded titles as are manifestations of anti-Semitism in the visual arts e.g. painting caricatures or film action taken against Jews and Judaism by discriminating judiciaries pogroms massacres and the systematic extermination during the Nazi period The bibliography also covers works dealing with philo-Semitism or Jewish

reactions to anti-Semitism and Jewish self-hate. An informative abstract in English is provided for each entry and Hebrew titles are provided with English translations.

**Pius XII, the Holocaust and the Revisionists** Patrick J. Gallo, 2010-06-28  
 When Cardinal Eugenio Pacelli became Pope Pius XII in 1939 the Nazis had invaded Austria and Czechoslovakia and were poised to strike Poland. Jews and other minorities were already being sent to concentration camps and the world was on the verge of another horrific war. The prevailing historical interpretation of the era was that Pius XII had a stated anti-Nazi and anti-Fascist policy; he tried to bring an end to the persecution and gave aid and comfort to those who were persecuted. Revisionist views however portray Pius XII as a silent passive individual who ignored the treatment of Jews, Christians and other minorities, a man who could have stopped the Holocaust and didn't. Through a series of articles and essays the editor and eight contributors critique the works of revisionists who allege that Pius XII was sympathetic to the Nazis or unresistant to their atrocities. The essays discuss the roots of these views in the relentless Nazi and communist propaganda of the era and the debate's revival after a 1960s stage play portrayed the pope as a leader afraid to speak out. By bringing intellectual rigor and responsibility to the issue, this work makes a solid contribution to the history of the papacy and to the biography of Pius XII.

**Popes, Councils, and Theology** Owen F. Cummings, 2021-06-15  
 Do you wish to understand something of the contemporary Catholic Church? If you do, then this book is for you. It offers a careful overview of the history of the church from the mid-nineteenth century with Pope Pius IX until the present day with Pope Francis. It deals with two major councils of the church: Vatican I (1869-70) and Vatican II (1962-65). Furthermore, it provides a detailed and accurate summary of the major theological movements in the church during this period.

**The Holocaust** David M. Crowe, 2021-12-30  
 Now in its second edition, this book takes a fresh probing look at one of the greatest human tragedies in modern history. Beginning with a detailed overview of the history of the Jews and their two millennia-old struggle with the anti-Judaic and anti-Semitic prejudice and discrimination that set the stage for the Holocaust, David M. Crowe discusses the evolution of Nazi racial policies beginning with the development of Adolf Hitler's anti-Semitic ideas, their importance to the Nazi movement in the 1920s and 1930s, and their expanding role in the evolution of German policies leading to the Final Solution in 1941: the mass murder of Jews throughout Nazi-occupied Europe. The German program involved the creation of death camps like Auschwitz and Treblinka and mass murder sites throughout Eastern Europe and the Soviet Union. While the Jews were the principal victims, other groups who were deemed racial or biological threats to Hitler's goal of creating an Aryan pure Europe were also targeted, including the Roma and the handicapped. This book discusses Nazi policies in each country in German-occupied Europe as well as the role of Europe's neutrals in the larger German scheme of things. It also takes an in-depth look at liberation, Displaced Persons, the founding of Israel, and efforts throughout the western world to bring Nazi war criminals and their collaborators to justice. This second edition includes a new chapter on the importance of memory and the Holocaust, the evolution of interpretative Holocaust scholarship, and media recent controversies about national responsibility and the work

of Holocaust museums archives and libraries in Israel Germany Poland and the United States to promote Holocaust education and memory It concludes with the rise of Neo Nazism white nationalism and other movements in Germany and the United States and their relationship to questions about Holocaust memory and its lessons Comprehensive and offering a detailed historical perspective this is the perfect resource for those looking to gain a deep understanding of this tragedy

*Catholic Progressives in England after Vatican II* Jay P. Corrin,2013-11-30 In *Catholic Progressives in England after Vatican II* Jay P Corrin traces the evolution of Catholic social and theological thought from the end of World War II through the 1960s that culminated in Vatican Council II He focuses on the emergence of reformist thinking as represented by the Council and the corresponding responses triggered by the Church's failure to expand the promises or expectations of reform to the satisfaction of Catholics on the political left especially in Great Britain The resistance of the Roman Curia the clerical hierarchy and many conservative lay men and women to reform was challenged in 1960s England by a cohort of young Catholic intellectuals for whom the Council had not gone far enough to achieve what they believed was the central message of the social gospels namely the creation of a community of humanistic socialism This effort was spearheaded by members of the English Catholic New Left who launched a path breaking journal of ideas called *Slant* What made *Slant* revolutionary was its success in developing a coherent philosophy of revolution based on a synthesis of the New Theology fueling Vatican II and the New Left's Marxist critique of capitalism Although the English Catholic New Left failed to meet their revolutionary objectives their bold and imaginative efforts inspired many younger Catholics who had despaired of connecting their faith to contemporary social political and economic issues Corrin's analysis of the periodical and of such notable contributors as Terry Eagleton and Herbert McCabe explains the importance of *Slant* and its associated group within the context of twentieth century English Catholic liberal thought and action

**God's Bankers** Gerald Posner,2015-02-03 Revealing a history of mysterious deaths shady characters and moral and political tensions exposes the inner workings of the Catholic Church to trace how the Vatican evolved from an institution of faith into an extremely wealthy corporate power Publisher's description

**Jews, Catholics, and the Burden of History** Eli Lederhendler,2006-03-02 Volume XXI of the distinguished annual *Studies in Contemporary Jewry* marks sixty years since the end of the Second World War and forty years since the Second Vatican Council's efforts to revamp Church relations with the Jewish people and the Jewish faith *Jews Catholics and the Burden of History* offers a collection of new scholarship on the nature of the Jewish Catholic encounter between 1945 and 2005 with an emphasis on how this relationship has emerged from the shadow of the Holocaust

**The Papacy Since 1500** James Corkery,Thomas Worcester,2010-08-12 Structured by detailed studies of significant Popes these essays explore the evolution of the papacy in the last 500 years

*Stalking the Holy* Michael W. Higgins,2006 In *Stalking the Holy* writer and scholar Michael W Higgins explores the Roman Catholic pursuit of saint making the pre eminent Christian model he argues with its elaborate features and arcane cast of players such as the relator and the promotor of the faith He points out that if

saints are not actually made so much as recognized by the Church nevertheless this official recognition is a form of manufacture involving motivation expertise and risk      **The Publishers Weekly** ,2002      *The Jews of Italy, 1938-1945* Charles T. O'Reilly,2007-07-03 The author demonstrates that the Italian Army deserves attention for its often humanitarian treatment of Italian Jews and other Jews He also analyzes revisionist histories of Pope Pius XII and his alleged silence arguing that revisionists were writing for a popular audience interested in sensation and scandal and that this profitable trail attracted journalists and historians alike Focusing primarily on the roles played by the Vatican and the Royal Italian Army this book also provides an overview of the travail of Italy s Jewish community from the beginning of Mussolini s anti Semitic policies in the late 1930s through the end of the German occupation in May 1945      *The Lives of the Popes* ,1855      *A History of the Popes in the Twentieth Century* Owen F. Cummings,2008 History of the Popes in the Twentieth Century Their Struggle for Spiritual Clarity Against Political Confusion      *The lives of the popes* Lives,1799
