**Local Worship, Global Church** Mark R. Francis, 2014 How would the history of Roman Catholic worship look if it were viewed first from the perspective of the people in the pews rather than through the deliberations of popes and church councils or the writings of theologians How did the common people down through the ages understand what they were doing when they came together in worship and was this understanding always the same as the official interpretation of the church authorities In *Local Worship Global Church* Mark Francis explores the history of the liturgy from the bottom up rather than from the top down and comes to conclusions that complement our understanding of the history of the liturgy and its relationship to faithful Christians from the first century CE to our own time

**Fantasy and Belief** Danielle Kirby, 2014-09-19 Religion and spirituality are being transformed in our late modern and secularising times New forms of belief proliferate often notable for not being limited to traditional systems of reference or

expression Increasingly these new religions present worldviews which draw directly upon popular culture or occulture in fiction film art and the internet Fantasy and Belief explores the context and implications of these types of beliefs through the example of the Otherkin community The Otherkin are a loosely affiliated group who believe themselves to be in some way more than just human their non humanity often rooted in the characters and narratives of popular fantasy and science fiction Challenging much current sociological thinking about spirituality and consumption Fantasy and Belief reveals how popular occulture operates to recycle develop and disseminate metaphysical ideas and how the popular and the sacred are combining in new ways in today s world

*From Angels to Aliens* Lynn Schofield Clark, 2005-10-27 Harry Potter Buffy the Vampire Slayer and the Left Behind series are but the latest manifestations of American teenagers longstanding fascination with the supernatural and the paranormal In this groundbreaking book Lynn Schofield Clark explores the implications of this fascination for contemporary religious and spiritual practices Relying on stories gleaned from more than 250 in depth interviews with teens and their families Clark seeks to discover what today s teens really believe and why She finds that as adherence to formal religious bodies declines interest in alternative spiritualities as well as belief in superstition grow accordingly Ironically she argues fundamentalist Christian alarmism about the forces of evil has also fed belief in a wider array of supernatural entities Resisting the claim that the media brainwash teens Clark argues that today s popular stories of demons hell and the afterlife actually have their roots in the U S s religious heritage She considers why some young people are nervous about supernatural stories in the media while others comfortably and often unselfconsciously blur the boundaries between those stories of the realm beyond that belong to traditional religion and those offered by the entertainment media At a time of increased religious pluralism and declining participation in formal religious institutions Clark says we must completely reexamine what young people mean and what they may believe when they identify themselves as spiritual or religious Offering provocative insights into how the entertainment media shape contemporary religious ideas and practices *From Angels to Aliens* paints a surprising and perhaps alarming portrait of the spiritual state of America s youth

**Public Worship, Private Faith** John Bealle, 1997 The Sacred Harp a tunebook that first appeared in 1844 has stood as a model of early American musical culture for most of this century Tunebooks such as this printed in shape notes for public singing and singing schools followed the New England tradition of singing hymns and Psalms from printed music Nineteenth century Americans were inundated by such books but only the popularity of The Sacred Harp has endured throughout the twentieth century With this tunebook as his focus John Bealle surveys definitive moments in American musical history from the lively singing schools of the New England Puritans to the dramatic theological crises that split New England Congregationalism from the rise of the genteel urban mainstream in frontier Cincinnati to the bold New South movement that sought to transform the southern economy from the nostalgic culture writing era of the Great Depression to the post World War II folksong revival Although Bealle finds that much has changed in the last century the custodians of the

tradition of Sacred Harp singing have kept it alive and accessible in an increasingly diverse cultural marketplace Public Worship Private Faith is a thorough and readable analysis of the historical social musical theological and textual factors that have contributed to the endurance of Sacred Harp singing Futuring Our Past Espin, Orlando ,Macy, Gary,2014-04-10 The Catholic understanding of Tradition is not just about the preservation of ancient practices or customs it is the process by which the faith is handed on traditioned from one generation to another The essays in this volume by scholars from a wide range of disciplines center on two questions How is the Christian tradition traditioned among Latino as And what impact does this traditioning have on the Tradition Futuring our Past is the first volume in a new Orbis series published in cooperation with the Center for the Study of Latino a Catholicism at the University of San Diego Aside from the editors contributors include Bernard Cooke Miguel H D az Michelle Gonz lez Jos R Irizzary Francisco Lozada Jr Daisy L Machado Nancy Pineda Madrid Gary Riebe Estrella Jean Pierre Ruiz and Theresa Torres *John Woolman and the Government of Christ* Jon R. To Live Ancient Lives Theodore Dwight Bozeman, 2014-01-01 To Live Ancient Lives signals a sharp redirection of Puritan studies It provides the first comprehensive study of Puritan primitivism defined as the drive to recover and return to church and society the ordinances of biblical times This work traces a campaign to purify English Christianity of postapostolic accretions from the Henrician Reformation to the Great Migration of 1630 and through the first five decades in New England Taking their bearings from a special past Puritans were not concerned with the future in a modern sense The Great Migration was not intended as an errand to reform the world or inaugurate the millennium but as a flight to a free world in which long lost biblical rules and ways could be reinstituted Drawing on hundreds of sermons and tracts Bozeman demonstrates how the search for the long lost helps to identify Puritanism as a discrete order within Protestant dissent and he locates that movement within the larger spectrum of restorationist Christian movements and of Western mythology Originally published in 1988 A UNC Press Enduring Edition UNC Press Enduring Editions use the latest in digital technology to make available again books from our distinguished backlist that were previously out of print These editions are published unaltered from the original and are presented in affordable paperback formats bringing readers both historical and cultural value

cultural perspectives on mediation and religious practices give some illuminating and surprising analyses Knut Lundby University of Oslo Norway      *A Wheel Within a Wheel* Briane K. Turley, 1999 This study examines the rise of the holiness movement in Georgia following the Civil War Employing a blend of social and intellectual historical methods the study pays particular attention to the shifting cultural conditions occurring in Georgia and the rest of the Southeast around the turn of the century and shows how these changes influenced the movement The study offers two major theses regarding the Wesleyan Holiness movement in the United States First the Holiness movement which emerged in the North after 1830 emphasizing the speedy attainment of human perfectibility failed to attract receptive audiences in the South due primarily to the cultural conditions of the region Southern Christians were deeply affected by the culture of honor and the frequent violence it spawned Moreover Southerners were reluctant to subscribe to the Northern formula of Phoebe Palmer's quick and easy means to achieve perfect love when they recognized the ambiguities of the slave system a system most Southerners understood as a necessary evil Second during the Reconstruction period at a time when most Southerners were searching for new beginnings the Wesleyan doctrine of immediately acquired perfect love began attracting widespread support in the Southeast The study examines the Holiness movement's emergence in Georgia and demonstrates that contrary to the views of several historians a significant number of Wesleyan Holiness advocates in the New South were not drawn from the ranks of the dispossessed but were in fact members of the region's burgeoning middle class
