Population In Asia:

The Future of Population in Asia East-West Center,2002 **Population in Asia** Warren C. Sanderson,Jee-Peng Tan,1995-01-01 Published for the World Bank by Oxford University Press Presents a critical appraisal of adjustment programs and draws on case studies of successes and failures with quantitative appraisals of conditionality compliance and country performance *Asia's Population Problems* S. Chandrasekhar,2022-11-16 Asia s Population Problems 1967 features papers written by specialists demographers economists and sociologists examining the various population issues facing different Asian countries in the decades following the Second World War Population facts and policies apart from affecting an individual s happiness and security and a nation s economic and social advancement have come to play an important role in international relations A proper understanding of demographic trends is key and this volume aims to supply significant population facts and figures and also provides the general national economic and political framework of each country against which certain international demographic attitudes approaches and policies may be understood Consequences of Population Change in Asia United Nations. Economic and Social Commission for Asia and the Pacific,1989 *Population Change and Economic Development in East Asia* Andrew Mason,2001 The fifteen essays in this volume address from several viewpoints the question of what role population change played in East Asia s rapid economic development Southern Asia; Asia Minor and its borderlands; Arabia Ascott Robert Hope Moncrieff,1907 *Routledge Handbook of Families in Asia* Stella R. Quah,2015-03-24 Research on the family has expanded considerably across Asia but studies tend to be fragmented focusing on narrow issues within limited areas cities towns small communities and may not be accessible to international readers These limitations make it difficult for researchers students policy makers and practitioners to obtain the information they need The Routledge Handbook of Families in Asia fills that gap by providing a current and comprehensive analysis of Asian families by a wide range of experts in a single publication The thirty two chapters of this comparative and multi disciplinary volume are organized into nine major themes conceptual approaches methodological issues family life in the context of culture family relationships across the family life cycle issues of work and income stress and conflict family diversity family policy and laws and environmental setting of homes Each chapter examines family life across Asian countries studying cultural similarities and differences and exploring how families are changing and what trends are likely to develop in the future To provide a fruitful learning experience for the reader each chapter offers examples relevant data and a comprehensive list of references Offering a complete interdisciplinary overview of families in Asia the Handbook will be of interest to students academics policy makers and practitioners across the disciplines of Asian Studies Sociology Demography Social Work Law Social Policy Anthropology Geography Public Health and Architecture **Russia in Asia, 1558-1899** Alexis Sidney Krausse,1899 **The Encyclopædia Britannica** Hugh Chisholm,James Louis Garvin,1926 Encyclopedia of Global Population and Demographics James Ciment,Immanuel Ness,2014-01-21 This up to date and comprehensive

encyclopedia focuses on the population in each of the 194 countries of the world. Emphasis is on the world's population at the end of the twentieth century and on predictions for the next fifty years. This will be the authoritative source of information for students, scholars, librarians, government officials, and journalists. **Statistical Yearbook for Asia and the Pacific** United Nations Publications, 2015-03-31. The Statistical Yearbook presents data for the 58 regional Economic and Social Commission for Asia and the Pacific (ESCAP) member countries as well as world, regional, sub-regional, and economic aggregates for comparison. It offers current trends and emerging topics in the Asia Pacific grouped around the themes of people, the environment, the economy, and connectivity. It provides the international and regional community with key indicators, objective analyses of the current trends and emerging issues along with data and charts. In order to maximize the comparability, the Yearbook data is sourced exclusively from international agencies that adhere to the official global statistical standards.

The Rise of the Global South Elijah Jong Fil Kim, 2012-04-06. Global Christianity has been experiencing an unprecedented historical transition from the West to the non-Western world. The leadership of global Christianity has taken on a new face.

since the twentieth century Christendom in Europe and America has experienced a great decline while there has been a rise in Majority World Christianity Churches in the Global South have given their voices to global Christianity through their leadership world mission movements and theology The phenomenal church growth has risen from the Pentecostal and Charismatic movement Pentecostalism has become the dominant force in global Christianity today The Rise of the Global South examines the significance this shift has had on global Christianity by going through the history of Christianity in the West and the causes of the shift *Philips' ready reference atlas of the world* Ernest George Ravenstein,1897 **The Letters to the Seven Churches of Asia** Sir William Mitchell Ramsay,1904 **The Awakening of Asia** Henry Mayers Hyndman,1919 A study of the influence of the white man on the Far East **How Asia Can Shape the World** J. Ørstrøm Møller,2011 Asia will redraw the map of economic progress over the next twenty five years Growth is necessary to solve economic and social problems but harder to achieve as the age of plenty gives way to the age of scarcities The challenge opens the doors for an Asian economic model based on shifting of productivity for the individual to groups ecological productivity instead of economic productivity and a reversal to traditional Asian values less materialistic than Western values A new paradigm for economic thinking emerges to replace the one launched in the West 200 years ago
