Por Qua Y Camo Mataron A Calvo Sotelo:

Por qué y cómo mataron a Calvo Sotelo Luis Romero,1982 The Spanish Civil War Burnett Bolloten,2015-12-01

This monumental book offers a comprehensive history and analysis of Republican political life during the Spanish Civil War Completed by Burnett Bolloten just before his death in 1987 and first published in English in 1991 The Spanish Civil War is the culmination of fifty years of dedicated and painstaking research and is the most exhaustive study on the subject in any language It has been regarded as the authoritative political history of the war and an indispensable encyclopedic guide to Republican affairs during the Spanish conflict This new edition includes a new introduction by Spanish Civil War scholar George Esenwein an updated bibliography featuring books on the Spanish Civil War published since 1987 and seventy three photos of the war s participants The Franco Regime, 1936-1975 Stanley G. Payne,2011-09-27 The history of modern Spain is dominated by the figure of Francisco Franco who presided over one of the longest authoritarian regimes of the twentieth century Between 1936 and the end of the regime in 1975 Franco s Spain passed through several distinct phases of political institutional and economic development moving from the original semi fascist regime of 1936 45 to become the Catholic corporatist organic democracy under the monarchy from 1945 to 1957 Distinguished historian Stanley G Payne offers deep insight into the career of this complex and formidable figure and the enormous changes that shaped Spanish history during his regime **The Spanish Civil War** Burnett Bolloten,1991 A detailed account of the war describes Republican political life during the period and recounts the rise of the Spanish Communist Party El gran miedo de 1936 Gabriele Ranzato,2016-01-20 Tras ganar la Guerra Civil Franco impuso en España una dictadura de corte fascista y durante muchos años continuó matando y manteniendo en las cárceles a un gran número de sus opositores Así el franquismo se convirtió en el régimen antidemocrático más oscuro y longevo de Europa occidental y por eso mismo la República que aplastó ha pasado a la historia como un símbolo de democracia Sin embargo es incuestionable que al comienzo de la guerra la España republicana se vio inmediatamente arrollada por una oleada revolucionaria Es un convencimiento compartido por muchos que esa grave alteración del sistema democrático fue provocada por el golpe militar que hizo indispensable armar al pueblo para hacerle frente Pero fue realmente así Los generales golpistas quisieron hundir la República solo por la hostilidad de las capas más reaccionarias hacia las reformas que esta estaba realizando dentro del orden y el respeto a las normas de una democracia liberal O el sistema democrático ya se estaba desgastando desde la victoria del Frente Popular y los militares contaron con el activo apoyo o al menos con la desconcertada pasividad de amplios sectores de la sociedad española que temieron que el país se encontrara en el camino de una revolución irreversible **Fascism in Spain, 1923-1977** Stanley G. Payne,2000-01-10 Fascism in Spain 1923 1977 by celebrated historian Stanley G Payne is the most comprehensive history of Spanish fascism to appear in any language This authoritative study offers treatment of all the major doctrines personalities and defining features of the Spanish fascist movement from its beginnings until the death of General Francisco Franco in 1977 Payne describes

and analyzes the development of the Falangist party both prior to and during the Spanish Civil War presenting a detailed analysis of its transformation into the state party of the Franco regime Falange Espa ola Tradicionalista as well as its ultimate conversion into the pseudofascist Movimiento Nacional Payne devotes particular attention to the crucial years 1939 1942 when the Falangists endeavored to expand their influence and convert the Franco regime into a fully Fascist system Fascism in Spain helps us to understand the personality of Franco the way in which he handled conflict within the regime and the reasons for the long survival of his rule Payne concludes with the first full inquiry into the process of defascistization which began with the fall of Mussolini in 1943 and extended through the Franco regime s later efforts to transform the party into a more viable political entity

La Guerra Civil Española Derek Gagen, 1990 **La grande paura del 1936** Gabriele Ranzato, 2014-04-22T00:00:00+02:00

Vincendo la guerra civile Franco impose alla Spagna una dittatura di tipo fascista Per molti anni dopo la fine della guerra egli ha continuato con grande spietatezza a uccidere e tenere in prigionia un enorme numero di oppositori Poiché per tutto questo il regime franchista restò il simbolo della più oscura e longeva antidemocrazia nella storia dell'Europa occidentale la Repubblica che egli ha abbattuto rimasta il simbolo della democrazia noto per il fatto che la Spagna repubblicana all'avvio della guerra fu immediatamente travolta da un'ondata rivoluzionaria e solitamente si considera questo stravolgimento della sua natura una conseguenza del golpe militare per far fronte al quale era occorso armare il popolo Ma veramente così I generali golpisti vollero affossare la Repubblica per la loro ostilità verso le riforme che essa stava attuando nell'ordine e nel rispetto delle norme di una democrazia liberale Oppure essi poterono contare sull'attivo sostegno o quanto meno sulla sconcertata passività di una ampia parte della cittadinanza perché diversi eventi e segnali diffusero la paura che il paese stesse già imboccando la via di un'irreversibile rivoluzione

Republic of Egos Michael Seidman, 2002-11-23 Most histories of the Spanish Civil War 1936-1939 have examined major leaders or well established political and social groups to explore class gender and ideological struggles The war in Spain was marked by momentous conflicts between democracy and dictatorship Communism and fascism anarchism and authoritarianism and Catholicism and anticlericalism that still provoke our fascination In Republic of Egos Michael Seidman focuses instead on the personal and individual experiences of the common men and women who were actors in a struggle that defined a generation and helped to shape our world By examining the roles of anonymous individuals families and small groups who fought for their own interests and survival and not necessarily for an abstract or revolutionary cause Seidman reveals a powerful but rarely considered pressure on the outcome of history He shows how price controls and inflation in the Republican zone encouraged peasant hoarding black marketing and unrest among urban workers Soldiers of the Republican Army responded to material shortages by looting deserting and fraternizing with the enemy Seidman's focus on average seemingly nonpolitical individuals provides a new vision of both the experience and outcome of the war

Terrorism and Democratic Stability Laud Humphreys, 2017-07-05 Can terrorism and state violence cause democratic breakdowns Although the origins of violence have been studied only rarely are its consequences And even when the consequences of violence are studied its effects are usually limited to consideration of preexisting conflict that originally spawned the violence In *Terrorism and Democratic Stability* Holmes claims that to understand the consequences of violence on democratic stability terrorism and state responses to terrorism must be studied together Her innovative approach identifies citizen support as a key factor in the state s ability to sustain democracy and achieve stability Her focus is Uruguay Peru and Spain
