Pornography Men Possessing Women:

Pornography Andrea Dworkin, 2025-02-25 Andrea Dworkin's 1981 critique of pornography is an important and urgent document about how the culture consumes and manipulates images of women. Essential and discomfiting reading in a social media era where women's bodies are being commodified and displayed more than ever. Andrea Dworkin's seminal 1981 work on the issue of pornography argues that the industry serves only to harm and oppress women. Her discussion of pornography as an outgrowth of the power that men exert over women, the power of owning, the power of money, and the power of sex among others still blazes with its clarity and immediacy and illustrates how these inequities while displayed in raw form in pornography are endemic in all media. With a lively and deeply compelling voice, Andrea Dworkin succinctly outlines her anti-pornography stance. Though the media environment may have changed, this passionately and powerfully argued classic remains a relevant and crucial contribution to the area of feminist studies.

Modern Feminisms Maggie Humm, 1992 Contributors include Simone de Beauvoir, Catharine A. MacKinnon, Audre Lorde, Adrienne Rich, Betty Friedan, Gayle Rubin, Laura Mulvey, Elaine Showalter, and Julia Kristeva.

Straight Sex Lynne Segal, 1994-01-01 An unflinching examination of feminist thinking on sexuality over the past twenty-five years and an exploration of sex in our culture. It tackles major questions head-on and considers whether women must choose between sexuality and selfhood.

Pornography Gail Dines, Bob Jensen, Ann Russo, 2013-10-31 First published in 1998, no other issue has divided the feminist movement in the past two decades quite like pornography. By providing the first book to engage in an empirical investigation of the pornography industry itself, the authors, each grounded in the radical feminist anti-pornography movement, move beyond the rhetorical bomb-tossing of an often polarized debate. The authors engage in a systematic examination of the politics, production, content, and consumption of contemporary mass-market heterosexual pornography, thereby contributing to a fuller understanding of pornography's role in the cultural construction of gender, racial, and sexual identities and relations. They begin with an overview of the social and political history of the feminist anti-pornography movement and the debate over pornography within feminism. Then they address the various rhetorical, definitional, legal, and causal arguments used to distort the fact that institutionalized pornography helps maintain the sexual and social oppression of women within a patriarchal system. Exploring the beginnings of the commercial pornography industry, the book focuses in part on the history of Playboy magazine. It also analyzes the content of contemporary mass-market videos. Dines, Jensen, and Russo argue that the sexual ideology of patriarchy eroticizes domination and submission, with pornography playing a significant role in how these values are mediated and normalized in American society. They discuss the effects of pornography on the lives of those who use it and those against whom it is used. In so doing, the authors hope to contribute to creating a world in which sex is not a site of oppression but of liberation.

In Harm's Way Catharine A. MacKinnon, Andrea Dworkin, 1997 This book contains the oral testimony of victims of pornography spoken on the record for the first time in history. Speaking at hearings on a

groundbreaking antipornography civil rights law women offer eloquent witness to the devastation pornography has caused in their lives Supported by social science experts and authorities on rape battery and prostitution discounted and opposed by free speech advocates and absolutists their riveting testimony articulates the centrality of pornography to sexual abuse and inequity today At issue in these hearings is a law conceived and drafted by Andrea Dworkin and Catharine A MacKinnon that defines harm done through pornography as a legal injury of sex discrimination warranting civil redress From the first set of hearings in Minneapolis in 1983 through those before the Massachusetts state legislature in 1992 the witnesses heard here expose the commonplace reality of denigration and sexual subordination due to pornography and refute the widespread notion that pornography is harmless expression that must be protected by the state Introduced with powerful essays by MacKinnon and Dworkin these hearings unabridged and with each word scrupulously verified constitute a unique record of a conflict over the meaning of democracy itself a major civil rights struggle for our time and a fundamental crisis in United States constitutional law Can we sacrifice the lives of women and children to a pornographer s right to free speech Can we allow the First Amendment to shield sexual exploitation and predatory sexual violence These pages contain all the arguments for protecting pornography and dramatically document its human cost **Women's Bodies** Jane Arthurs, Jean

Race and Masculinity in Gay Men's Pornography Desmond Francis Goss,2021-10-31 This book unpacks the character of pornographic representations of queer Black masculinity and how these representations vary between corporate and noncorporate producers The author argues that representations of Black men in gay porn rely on stereotypes of Black

masculinity to arouse consumers especially those which characterize Black men as missing links or focus excessively on their dark phalluses Moreover these depictions consistently separate gay Black and white men s sexuality into bifurcated discursive spaces thereby essentializing sexual aspects of racial identity Lastly though such depictions are less prevalent in user submitted videos overall both user submitted and corporate content reify stereotypes about Black masculinity This book is written for researchers lecturers and graduate courses in the social sciences and humanities including Sociology Social Psychology Sexuality African American Studies Women and Gender Studies LGBTQ Studies Culture and Art Studies Porn Studies Social Media Studies and Public Health **Why We Lost the Sex Wars** Lorna N. Bracewell,2021-03-23

Reexamining feminist sexual politics since the 1970s the rivalries and the remarkable alliances Since the historic MeToo movement materialized in 2017 innumerable survivors of sexual assault and misconduct have broken their silence and called out their abusers publicly from well known celebrities to politicians and high profile business leaders Not surprisingly conservatives quickly opposed this new movement but the fact that sex positive progressives joined in the opposition was unexpected and seldom discussed Why We Lost the Sex Wars explores how a narrow set of political prospects for resisting the use of sex as a tool of domination came to be embraced across this broad swath of the political spectrum in the contemporary United States To better understand today s multilayered sexual politics Lorna N Bracewell offers a revisionist history of the sex wars of the 1970s 80s and 90s Rather than focusing on what divided antipornography and sex radical feminists Bracewell highlights significant points of contact and overlap between these rivals particularly the trenchant challenges they offered to the narrow and ambivalent sexual politics of postwar liberalism Bracewell leverages this recovered history to illuminate in fresh and provocative ways a range of current phenomena including recent controversies over trigger warnings the unimaginative politics of sex positive feminism and the rise of carceral feminism By foregrounding the role played by liberal concepts such as expressive freedom and the public private divide as well as the long neglected contributions of Black and Third World feminists Bracewell upends much of what we think we know about the sex wars and makes a strong case for the continued relevance of these debates today Why We Lost the Sex Wars provides a history of feminist thinking on topics such as pornography commercial sex work LGBTQ identities and BDSM as well as discussions of such notable figures as Patrick Califia Alan Dershowitz Andrea Dworkin Elena Kagan Audre Lorde Catharine MacKinnon Cherr e Moraga Robin Morgan Gayle Rubin Nadine Strossen Cass Sunstein and Alice Walker **Mental Illness and the**
