Pornography In A Free Society:

Pornography in a Free Society Gordon Hawkins, Franklin E. Zimring, 1988 Pornography in a Free Society deals with what has been called the civil war over smut It addresses an issue about which citizens of Western nations are sharply divided Gordon Hawkins and Franklin Zimring attempt to look at the problem of pornography in a wider perspective than that of partisan political debate To that end they compare two American reports on pornography commissioned by Presidents Johnson and Reagan the first published in 1970 and the latter in 1986 with the report of the British Committee on Obscenity and Film Censorship which appeared during the years between the American reports They discuss the radical feminist challenge to pornography and the question of pornography and children Going on to consider likely future developments the authors argue that the furore over pornography and the appointment of commissions are part of a ceremony of adjustment to widespread availability of sexually explicit material and they predict less social concern about pornography as time passes
