David Saunders, Dugald Williamson

Pornography Obscenity The Law :

The Law of Obscenity and Pornography Margaret C. Jasper,1996 **Pornography, Obscenity & the Law** Lester A. Sobel,1979 Examines government attitudes toward and activities concerning pornography and obscenity noting significant court decisions the role of organized crime and such growing problems as child pornography *Pornography, Obscenity and the Law* Lester A. Sobel,1979 **Pornography on the Internet** United States. Congress. Senate. Committee on the Judiciary,2008 **Internet Child Pornography and the Law** Yaman Akdeniz,2016-05-23 This book provides a critical assessment of the problem of internet child pornography and its governance through legal and non legal means including a comparative assessment of laws in England and Wales the United States of America and Canada in recognition that governments have a compelling interest to protect children from sexual abuse and exploitation The internet raises novel and complex challenges to existing regulatory regimes Efforts towards legal harmonization at the European Union Council of Europe and United Nations level are examined in this context and the utility of additional and alternative methods of regulation explored This book argues that effective implementation enforcement and harmonization of laws could substantially help to reduce the availability and dissemination of child pornography on the internet At the same time panic led policies must be avoided if the wider problems of child sexual abuse and commercial sexual exploitation are to be meaningfully addressed **On Pornography** David Saunders,Dugald Williamson,2016-07-27 The policing of pornography remains a subject of widespread controversy On Pornography provides a history of this policing and an understanding of the current debate The authors show that obscenity law should not be understood negatively as censorship but as part of the positive administration of a particular practice of sexuality This book indicates that obscenity law is not as liberals claim a mistaken attempt to police moral ideas but rather forms part of the legitimate governmental regulation of a problematic social conduct *Toward a Feminist Theory of the State* Catharine A. MacKinnon,1991-09-01 This book presents MacKinnon s powerful analysis of politics sexuality and the law from the perspective of women Using the debate over Marxism and feminism as a point of departure MacKinnon develops a theory of gender centered on sexual subordination and applies it to the state **Communication and Law** Amy Reynolds,Brooke Barnett,2006-08-15 This volume brings together scholars from law and communication to discuss the theoretical and methodological approaches used in studying the First Amendment and general communication law issues For scholars and students in mass communication and law *Crime and the Internet* David Wall,2003-09-02 This groundbreaking text examines for the first time the nature and consequences of crime on the internet analyzing the new challenges that cybercrimes pose to the criminal justice system *Sex, Sexuality, Law, and (In)justice* Henry F. Fradella,Jennifer M. Sumner,2016-02-26 Sex Sexuality Law and In Justice covers a wide range of legal issues associated with sexuality gender reproduction and identity These are critical and sensitive issues that law enforcement and other criminal justice professionals need to understand The book synthesizes the literature across a wide

breadth of perspectives exposing students to law psychology criminal justice sociology philosophy history and where relevant biology to critically examine the social control of sex gender and sexuality across history Specific federal and state case law and statutes are integrated throughout the book but the text moves beyond the intersection between law and sexuality to focus just as much on social science as it does on law This book will be useful in teaching courses in a range of disciplines especially criminology and criminal justice history political science sociology women and gender studies and law

Violence against Women in Pornography Walter DeKeseredy, Marilyn Corsianos, 2015-11-19 Violence against Women in Pornography illuminates the ways in which adult pornography hurts many women both on and off screen A growing body of social scientific knowledge shows that it is strongly associated with various types of violence against women in intimate relationships Many women who try to leave abusive and or patriarchal men also report that pornography plays a role in the abuse inflicted on them by their ex partners On top of these harms male pornography consumption is strongly correlated with attitudes supporting violence against women Many researchers practitioners and policy makers believe that adult pornography is a major problem and offer substantial evidence supporting this claim Violence against Women in Pornography unlike books written mainly for scholarly and general audiences specifically targets students enrolled in undergraduate criminology deviance women s studies masculinities studies human sexuality and media studies courses Thoughtful discussion questions are placed at the end of each chapter and appropriate PowerPoint slides and suggestions for classroom exercises will be available to aid student understanding The main objective of this book is to motivate readers to think critically about adult pornography and to take progressive steps individually and collectively to curb the production and consumption of hurtful sexual media including that from the dark side of the Internet

The Philosophy of Law

Christopher Berry Grey, 2013-07-04 From articles centering on the detailed and doctrinal exposition of the law to those which reside almost wholly within the realm of philosophical ethics this volume affords comprehensive treatment to both sides of the philosophico legal equation Systematic and sustained coverage of the many dimensions of legal thought gives ample expression to the true breadth and depth of the philosophy of law with coverage of The modes of knowing and the kinds of normativity used in the law Studies in international constitutional criminal administrative persons and property contracts and tort law including their historical origins and worldwide ramifications Current legal cultures such as common law and civilian European and Aboriginal Influential jurisprudents and their biographies All influential schools and methods

The Philosophy of Law Christopher Berry Gray, 1999 This encyclopedia offers systematic and sustained coverage of the many dimensions of legal thought and gives expression to the breadth and depth of the philosophy of law

Writing and

Censorship in Britain Paul Hyland, Neil Sammells, 2023-02-03 First published in 1992 Writing and Censorship in Britain explores the issue of censorship from a range of cultural and literary perspectives from the Tudor period to the 1990s

Written by some of the leading experts in the field this collection charts the struggles for artistic expression reveals how

censorship is appropriated as a legitimate tactic in the defence of oppressed and marginalised groups and analyses the struggles writers have employed in the face of its complex dynamics Here variously defined defended and deplored censorship emerges as both an unstable and a potent concept Through it we define ourselves as readers as writers and as citizens This book will be of interest to students of literature history and law *Global Communication* Yahya R. Kamalipour,2019-07-05 *Global Communication A Multicultural Perspective Third Edition* is intended to explore inform and incite discussions about globalization and global communication With chapters by some of the foremost global communication scholars this book covers essential concepts of international communication and contemporary and emerging topics *Electronic Media Law* Roger L. Sadler,2005-03-10 Even though the First Amendment of the U S Constitution grants freedom of speech and freedom of the press laws and regulations governing media frequently evolve as the media themselves do As a result it is often a challenge to keep pace with new laws and regulations *Electronic Media Law* is a comprehensive up to date textbook on the constantly changing and often complex world of electronic media law Author Roger L Sadler examines the laws regulations and court rulings affecting broadcasting cable satellite and cyberspace The book also looks at cases from the print media and general First Amendment law because they often contain important concepts that are relevant to the electronic media *Electronic Media Law* is written for mass media students not for future lawyers so the text is straightforward and explains legalese The author covers First Amendment law political broadcasting rules broadcast content regulations FCC rules for station operations cable regulation media ownership rules media liability lawsuits intrusive newsgathering methods media restrictions during wartime libel privacy copyright advertising law freedom of information cameras in the court and privilege Key Features Provides an easy to use format of chapter categories and sections that facilitate research on individual topics Frequently Asked Questions highlight important points from cases Explains complex legal concepts in basic terms that give students the foundation for further studies in electronic media law *Electronic Media Law* provides an understanding of the First Amendment and the American legal system with an emphasis on the electronic media It is an excellent textbook for undergraduate and graduate students studying broadcast law and media law *Gender Violence* Laura L. O'Toole,Jessica R. Schiffman,Margie L. Kiter Edwards,2007-08 The approach of the year 2000 has made the study of apocalyptic movements trendy But groups anticipating the end of the world will continue to predict Armageddon even after the calendar clicks to triple 0s A *Doomsday Reader* brings together pronouncements edicts and scriptures written by prominent apocalyptic movements from a wide range of traditions and ideologies to offer an exceptional look into their belief systems Focused on attaining paradise millenarianism often anticipates great cosmic change While most think of religious belief as motivating such fervor Daniels comparative approach encompasses secular movements such as environmentalism and the Montana Freeman and argues that such groups are often more political than religious in nature The book includes documents from groups such as the Branch Davidians the Order of the Solar Temple Heaven s Gate

and white supremacists Each document is preceded by a substantive introduction placing the movement and its beliefs in context This important overview of contemporary politics of the End will remain a valuable resource long after the year 2000 has come and gone Rethinking Criminal Law Theory Francois Tanguay-Renaud, James Stribopoulos, 2012-01-10 In the last two decades the philosophy of criminal law has undergone a vibrant revival in Canada The adoption of the Charter of Rights and Freedoms has given the Supreme Court of Canada unprecedented latitude to engage with principles of legal moral and political philosophy when elaborating its criminal law jurisprudence Canadian scholars have followed suit by paying increased attention to the philosophical foundations of domestic criminal law Because of Canada's leadership in international criminal law both at the level of the International Criminal Court and of specific war crimes tribunals they have also begun to turn their attention to international criminal law per se This collection seeks to bring all these Canadian voices together for the first time and evidence the fact that criminal law theory is no longer to be associated exclusively with the older British German and American traditions The topics covered include questions of philosophical methodology the legitimate scope of domestic and international criminalization rationales for criminal law defences in both domestic and international law the philosophical underpinnings of specific crimes and forms of joint responsibility as well as the theorization of criminal procedure and evidence law

ENDORSEMENTS In continental Europe academic commentary on the criminal law has long manifested large philosophical ambitions Less so in common law countries where the dominance of jury trial and the piecemeal development of case law together with the famously robust attitudes of common lawyers have militated against detailed philosophical engagement with doctrine Over the last 20 years or so however new generations of philosophically literate lawyers and legally informed philosophers have overcome the historic resistance Nowhere more so it seems than in Canada where the common law and civilian traditions meet In Rethinking Criminal Law Theory Francois Tanguay Renaud and James Stribopoulos have joined with 14 talented Canadian colleagues to showcase the tremendous breadth and depth of their contemporary national contribution to the subject Ranging across topics as diverse as emergency obscenity and insanity these essays without exception insightful and penetrating set a high standard for the rest of us to aspire to John Gardner University of Oxford Rethinking Criminal Law Theory is an excellent collection of essays demonstrating the vigour creativity and range of Canadian criminal justice scholarship It covers a wide range of problems and issues both in the domestic and the international context Core questions are examined in depth and new questions are brought to the fore I recommend it very highly to criminal lawyers and philosophers of the criminal law Professor Victor Tadros University of Warwick

Rethinking Criminal Law Theory is packed with outstanding contributions from criminal law theorists who are among the best not only in Canada but in the whole English speaking world Broad and deep in its coverage the collection offers fresh approaches to a wide range of cutting edge issues in the field It provides a resource readers will come back to repeatedly Stuart Green Professor of Law and Justice Nathan L Jacobs Scholar Rutgers University **Library Book Catalog** United

States. Department of Justice,1972 **Film Censorship in the Asia-Pacific Region** Saw Tiong Guan,2013-04-02 Film censorship has always been a controversial matter particularly in jurisdictions with restrictive state based censorship systems This book reviews the film censorship system in the Asia Pacific by comparing the systems used in Malaysia Hong Kong and Australia It identifies the key issues and concerns that arise from the design and implementation of the system by examining the censorship laws policies guidelines and processes The book evaluates film practitioners and censors opinion of and experience in dealing with those issues and goes on to develop reform proposals for the film censorship system

Eventually, you will very discover a extra experience and feat by spending more cash. yet when? pull off you put up with that you require to get those all needs considering having significantly cash? Why dont you attempt to get something basic in the beginning? Thats something that will guide you to understand even more more or less the globe, experience, some places, next history, amusement, and a lot more?

It is your utterly own era to conduct yourself reviewing habit. in the midst of guides you could enjoy now is **Pornography Obscenity The Law** below.
