Late-Antique Studies in Memory of Alan Cameron William V. Harris, Anne Hunnell Chen, 2021-03-29 The classicist and historian Alan Cameron 1938 2017 was among other achievements one of the scholars who most contributed to the refoundation of late antique studies In this tribute W V Harris and Anne Hunnell Chen have brought together fourteen contributions that cover a broad range of historical literary and art historical topics running from the first century AD to the ninth Some contributions concern Cameron's own favourite themes the Greek Anthology the Historia Augusta circus factions the transmission of texts while others seek to assess his work and its impact Other papers branch out from his concerns to discuss slavery simony and hospitals Fourth and fifth century writers are often to the fore and the volume includes a new text by the poet Dioscoros of Aphrodite      **Sport in the Cultures of the Ancient World** Zinon Papakonstantinou, 2013-09-13 Sport has been practised in the Greco Roman world at least since the second millennium BC It was socially integrated and was practised in the context of ceremonial performances physical education and established local and international competitions including most famously the Olympic Games In recent years the continuous re assessment of old and new evidence in conjunction with the development of new methodological perspectives have created the need for a fresh examination of central aspects of ancient sport in a single volume This book fills that gap in ancient sport scholarship When did the ancient Olympics begin How is sport depicted in the work of the fifth century historian Herodotus What was the association between sport and war in fifth and fourth century BC Athens What were the social and political implications of the practice of Greek style sport in third century BC Ptolemaic Egypt How were Roman gladiatorial shows perceived and transformed in the Greek speaking east And what were the conditions of sport participation by boys and girls

in ancient Rome These are some of the questions that this book written by an international cast of distinguished scholars on ancient sport attempts to answer Covering a wide chronological and geographical scope ancient Mediterranean from the early first millennium BC to fourth century AD individual articles re examine old and new evidence and offer stimulating original interpretations of key aspects of ancient sport in its political military cultural social ceremonial and ideological setting This book was previously published as a special issue of the International Journal of the History of Sport

**Greek Literature in Late Antiquity** Scott Fitzgerald Johnson, 2016-04-22 Late Antiquity has attracted a significant amount of attention in recent years As a historical period it has thus far been defined by the transformation of Roman institutions the emergence of distinct religious cultures Jewish Christian Islamic and the transmission of ancient knowledge to medieval and early modern Europe Despite all this the study of late antique literary culture is still in its infancy especially for the Greek and other eastern texts examined in this volume The contributions here presented make new inroads into a rich literature notable above all for its flexibility and unparalleled creativity in combining multiple languages and literary traditions The authors and texts discussed include Philostratus Eusebius of Caesarea Nonnos of Panopolis the important St Polyeuktos epigram and numerous others The volume makes use of a variety of interdisciplinary approaches in an attempt to provoke discussion on change Dynamism literary education Didacticism and reception studies Classicism The result is a study which highlights the erudition and literary sophistication characteristic of the period and brings questions of contextualization linguistic association and artistic imagination to bear on little known or undervalued texts without neglecting important evidence from material culture and social practices With contributions by both established scholars and young innovators in the field of late antique studies there is no work of comparable authority or scope currently available This volume will stimulate further interest in a range of untapped texts from Late Antiquity

**Manthropology** Peter McAllister, 2010-10-26 Manthropology is the first of its kind Spanning continents and centuries it is an in depth look into the history and science of manliness From speed and strength to beauty and sex appeal to bravado and wit it examines how man today compares to his masculine ancestors Peter McAllister set out to rebut the claim that man today is suffering from feminization and emasculation He planned to use his skills as a paleoanthropologist and journalist to write a book demonstrating unequivocally that man today is a triumph the result of a hard fought evolutionary struggle toward greatness As you will see he failed In nearly every category of manliness modern man turned out to be not just matched but bested by his ancestors Stung McAllister embarked on a new mission If his book couldn't be a testament to modern male achievement he decided it would be a record of his failures Manthropology then is a globe spanning tour of the science of masculinity It kicks off in Ice Age France where a biomechanical analysis demonstrates that La Ferrassie 2 a Neanderthal woman discovered in the early

1900s would cream 2004 World Arm Wrestling Federation champion Alexey Voyevoda in an arm wrestle Then it moves on to medieval Serbia showing how Slavic guslar poets who were famously able to repeat a two thousand line verse after just one hearing would have destroyed Curtis Jackson aka 50 Cent in a battle rap Finally it takes the reader to the steaming jungles of modern equatorial Africa where Aka Pygmy men are such super dads they even grow breasts to suckle their children Now that s commitment For modern man the results of these investigations aren t always pretty But in its look at the history of men Manthropology is unfailingly smart informative surprising and entertaining
