Portable Thomas Jefferson:

The Portable Thomas Jefferson Thomas Jefferson, 1777-10-27 Includes A Summary View of the Rights of British America and Notes on the State of Virginia complete seventy nine letters Response to the Citizens of Albemarle 1790 Opinion on the Constitutionality of a National Bank 1791 and many other writings **The Portable Thomas Jefferson** Merrill D. Peterson, 1988 **The Portable Thomas Jefferson** Thomas Jefferson, 1777-10-27 Includes A Summary View of the Rights of British America and Notes on the State of Virginia complete seventy nine letters Response to the Citizens of Albemarle 1790 Opinion on the Constitutionality of a National Bank 1791 and many other writings **Jefferson** T. Jefferson, 2005-12-29

The Portable John Adams John Adams, 2004-06-29 In addition to being an uncompromising defender of liberty esteemed diplomat and successor to George Washington John Adams was a passionate and prolific writer Adams biographer John Patrick Diggins gathers an impressive variety of his works in this compact original volume including parts of his diary and autobiography and selections from his rich correspondence with this wife Abigail Thomas Jefferson and others The Portable John Adams also features his most important political works A Dissertation on Canon and Feudal Law Thoughts on Government A Defense of Constitutions Novanglus and Discourses in Davila There is no finer introduction to the protean genius of this seminal American philosopher For more than seventy years Penguin has been the leading publisher of classic literature in the English speaking world With more than 1 700 titles Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors as well as up to date translations by award winning translators Jefferson's Secrets Andrew Burstein, 2006-03-21 Thomas Jefferson died on July 4 1826 leaving behind a series of mysteries that captured the imaginations of historical investigators an interest rekindled by the recent revelation that he fathered a child by Sally Hemmings a woman he legally owned yet there is still surprisingly little known about him as a man In Jefferson's Secrets Andrew Burstein focuses on Jefferson's last days to create an emotionally powerful portrait of the uncensored private citizen who was also a giant of a man Drawing on sources previous biographers have glossed over or missed entirely Burstein uncovers first and foremost how Jefferson confronted his own mortality and in doing so he reveals how he viewed his sexual choices Delving into Jefferson's soul Burstein lays bare the president's thoughts about his own legacy his predictions for American democracy and his feelings regarding women and religion The result is a moving and surprising work of history that sets a new standard post DNA for the next generation's reassessment of the most evocative and provocative of this country's founders *An Empire of Ideals* Justin D. Garrison, 2013-03-05 Justin D Garrison provides an original and groundbreaking analysis of Ronald Reagan's imagination as it was expressed mainly in his presidential speeches He argues that the predominant strain of Reagan's imagination is chimeric that is imbued with a high degree of optimism romantic dreaminess naiveté and illusion Reagan spoke often about religion democracy freedom

conservatism progress America's role in the world the American people the American Founding and peace These are for him important symbols which together express his general vision of politics and human existence These symbols have to be analyzed in depth in order to understand who Reagan really was and what he represented to his admirers The book concludes that Reagan's vision contains many dubious elements that present dangers for practical politics and claims that the popularity of Reagan's imagination among Americans suggests a problematic self understanding Surpassing existing works on Reagan's ideas and speeches this book systematically explains the general quality and major components of Reagan's vision and it draws upon political theory aesthetics and American political thought to analyze his imagination *The*

Portable Chaucer Geoffrey Chaucer, 1977-05-26 In the fourteenth century Geoffrey Chaucer who served three kings as a customs official and special envoy virtually invented English poetry He did so by wedding the language of common speech to metrical verse creating a medium that could accommodate tales of courtly romance bawdy fabliaux astute psychological portraiture dramatic monologues moral allegories and its author's astonishing learning in fields from philosophy to medicine and astrology Chaucer's accomplishment is unequalled by any poet before Shakespeare and in *The Canterbury Tales* and *Troilus and Cressida* ranks with that of the great English novelists Both *The Canterbury Tales* and *Troilus and Cressida* are presented complete in this anthology in fresh modern translations by Theodore Morrison that convey both the gravity and gaiety of the Middle English originals *The Portable Chaucer* also contains selections from *The Book of Duchess* *The House of Fame* *The Bird's Parliament* and *The Legend of Good Women* together with short poems Morrison's introduction is vital for its insights into Chaucer as man and artist and as a product of the Middle Ages whose shrewdness humor and compassion have a wonderfully contemporary ring **The Portable Oscar Wilde** Oscar Wilde, 1981-07-30 Includes the following works

Novels *The Portrait of Dorian Gray* Plays *Salome* and *The Importance of Being Earnest* Writings *De Profundis* Critic as Artist and Phrases and Philosophies for the Use of the Very Young and selections from *Lady Windermere's Fan* *An Ideal Husband* and *A Woman of No Importance* **Science, Sexuality, and Race in the United States and Australia, 1780-1940**

Gregory D. Smithers, 2017 *Science Sexuality and Race in the United States and Australia 1780-1940* Revised Edition is a sociohistorical tour de force that examines the entwined formation of racial theory and sexual constructs within settler colonialism in the United States and Australia from the Age of Revolution to the Great Depression Gregory D. Smithers historicizes the dissemination and application of scientific and social scientific ideas within the process of nation building in two countries with large Indigenous populations and shows how intellectual constructs of race and sexuality were mobilized to subdue Aboriginal peoples Building on the comparative settler colonial and imperial histories that appeared after the book's original publication this completely revised edition includes two new chapters In this singular contribution to the study of transnational and comparative settler colonialism Smithers expands on recent scholarship to illuminate both the subject of the scientific study of race and sexuality and the national and interrelated histories of the United States and Australia

Beyond Origins Angélica Maria Bernal, 2017-06-30 The foundings of constitutional democracies are commonly traced to singular moments. In turn, these moments of national origin are characterized as radical political innovations notable for their civic unity, perfect legitimacy, and binding authority. This common view is attractive as it suggests original founding events, actors, and ideals that can be evoked to legitimize state authority and unify citizens. Angélica Maria Bernal challenges this view of foundings, however, explaining that it is ultimately dangerous, misguided, and unsustainable. *Beyond Origins* argues that the ascription of a universal authority to original founding events is problematic because it limits our understanding of subsequent foundational changes, political transformation, and innovation. This singular view also confounds our ability to account for all of the actors and venues through which foundation building and constitutional transformation occurs. Because such understandings of national foundings obscure the many power struggles at work in them, these origin stories are troubling and unhelpful. In the wake of these limited views of founding, Bernal develops an alternate approach, founding beyond origins. Rather than asserting that founding events are authoritatively settled and relegated to history, this framework redefines foundings as contentious, uncertain, and incomplete. Indeed, the book looks at a wide variety of contexts: early imperial Rome, revolutionary Haiti and France, the mid-20th century racially segregated United States, and contemporary Latin America, to reconsider political foundings as a contestatory and ongoing dimension of political life. Bridging classic and contemporary political and constitutional theory with historical readings, Bernal reorients approaches to foundings, arguing that it is only through context-specific and pragmatist understandings of political origins that we can realize the potential for radical democratic change.

Reflections of a Bankruptee on Debt, Amnesty, Revolution, and History Frank T. De Angelis, Frank DeAngelis, 2001-04-29 A comprehensive, enlightening book on debt, bankruptcy law, and the philosophical and historical background. Professor De Angelis, primarily a philosopher and humanitarian, gives the most helpful information, chock full of statistics along with a brilliant and insightful theoretical analysis.

To Secure These Rights Scott Douglas Gerber, 1995-06-01 A legal scholar puts forward a rigorous and provocative theory of constitutional interpretation that cuts across today's partisan divide. *To Secure These Rights* enters the fascinating and often contentious debate over constitutional interpretation. Scott Douglas Gerber argues that the Constitution of the United States should be interpreted in light of the natural rights political philosophy of the Declaration of Independence and that the Supreme Court is the institution of American government that should be primarily responsible for identifying and applying that philosophy in American life. Importantly, the theory advanced in this book, what Gerber calls liberal originalism, is neither consistently liberal nor consistently conservative in the modern conception of those terms. Rather, the theory is liberal in the classic sense of viewing the basic purpose of government to be safeguarding the natural rights of individuals. As Thomas Jefferson wrote in the Declaration of Independence, to secure these rights, governments are instituted among men. In essence, Gerber maintains that the Declaration articulates the philosophical ends of our nation and that the Constitution embodies the means to effectuate

those ends Gerber's analysis reveals that the Constitution cannot be properly understood without recourse to history political philosophy and law *Searching for Paradise* Douglas E. Booth, 2002 The signs of economic change loom large in the mountain West as shuttered mines and lumber mills are overshadowed by luxurious homes sprouting on valley bottoms and ridge lines This perceptive book explains these changes assesses their effects on the natural environment and gauges the reactions of local communities Drawing on concepts from economics environmental ethics and conservation biology Booth suggests that the ultimate solution lies in re directing population growth away from rural areas to reinvigorated and environmentally attractive ecological cities and to increase the density of development within rural areas themselves Policymakers activists and local citizens concerned with rural sprawl will find this book an invaluable resource Visit our website for sample chapters **Jefferson, Lincoln, and the Unfinished Work of the Nation** Ronald L.

Hatzenbuehler, 2016-06-06 This book describes the views of two of our nation's greatest presidents and explains how these views provide valuable insight into modern day debates The first extended examination of the ideas of both Lincoln and Jefferson it provides readers with a succinct guide to their opinions that still resonate today *A Republic of Men* Mark E. Kann, 1998-04 What role did manhood play in early American politics Political scientist Mark Kann suggests that America's founders committed themselves in theory to the premise that all men are created equal but they did not believe that all men could be trusted with equality A REPUBLIC OF MEN compellingly analyzes the ways in which our founders used a rhetoric of manhood to maintain public order **Policy for Land** Lynton Keith Caldwell, Kristin Sharon Shrader-Frechette, 1993 In this book two leading scholars a political scientist and an ethical philosopher outline a new national policy for land use and provide the legal political and ethical justifications for their proposed policies **The Peculiar Democracy** Wallace Hettle, 2001 Too often Wallace Hettle points out studies of politics in the nineteenth century South reinforce a view of the Democratic Party that is frozen in time on the eve of Fort Sumter a deceptively high point of white racial solidarity Avoiding such a Civil War synthesis The Peculiar Democracy illuminates the link between the Jacksonian political culture that dominated antebellum debate and the notorious infighting of the Confederacy Hettle shows that war was the greatest test of populist Democratic Party rhetoric that emphasized the shared interests of white men slaveholder and nonslaveholder alike The Peculiar Democracy analyzes antebellum politics in terms of the connections between slavery manhood and the legacies of Jefferson and Jackson It then looks at the secession crisis through the anxieties felt by Democratic politicians who claimed concern for the interests of both slaveholders and nonslaveholders At the heart of the book is a collective biography of five individuals whose stories highlight the limitations of democratic political culture in a society dominated by the peculiar institution Through narratives informed by recent scholarship on gender honor class and the law Hettle profiles South Carolina's Francis W Pickens Georgia's Joseph Brown Alabama's Jeremiah Clemens Virginia's John Rutherford and Mississippi's Jefferson Davis The Civil War stories presented in The Peculiar Democracy illuminate the political and

sometimes personal tragedy of men torn between a political culture based on egalitarian rhetoric and the wartime imperatives to defend slavery *Jefferson's Declaration of Independence* Allen Jayne, 2021-09-15 Allen Jayne analyzes the ideology of the Declaration of Independence and its implications by going back to the sources of Jefferson's ideas Bolingbroke Kames Reid and Locke He concludes that the Declaration must be read as an attack on two claims of absolute authority that of government over its subjects and of religion over the minds of men Today's world is more secular than Jefferson's and the importance of philosophical theology in eighteenth century critical thought must be recognized in order to understand fully and completely the Declaration's implications Jayne addresses this need by putting religion back into the discussion **Guide to the Presidency and the Executive Branch** Michael Nelson, 2012-08-13 This comprehensive two volume guide is the definitive source for researchers seeking an understanding of those who have occupied the White House and on the institution of the U S presidency Readers turn Guide to the Presidency and the Executive Branch for its wealth of facts and analytical chapters that explain the structure powers and operations of the office and the president's relationship with Congress and the Supreme Court The fifth edition of this acclaimed reference completes coverage of the George W Bush presidency the 2008 election and the first 3 years of the presidency of Barack Obama This includes coverage of their handling of the economic crisis wars abroad and Obama's healthcare initiatives The work is divided into eight distinct subject areas covering every aspect of the U S presidency and all chapters in each subject area have been revised and updated Origins and Development of the Presidency including constitutional beginnings history of the presidency and vice presidency and presidential ratings Selection and Removal of the President including the electoral process a chronology of presidential elections removal of the president and vice president and succession Powers of the Presidency including the unilateral powers of the presidency and those as chief of state chief administrator legislative leader commander in chief and chief economist The President the Public and the Parties including presidential appearances the president and political parties the president and the news media the presidency and pop culture public support and opinion and the president and interest groups The Presidency and the Executive Branch including the White House Office the Office of the Vice President supporting organizations the cabinet and executive departments presidential commissions and executive branch housing pay and perquisites Chief Executive and Federal Government including the president and Congress the president and the Supreme Court and the president and the bureaucracy Presidents their Families and Life in the White House and Beyond including the daily life of the president the first lady the first family friends of presidents and life after the presidency Biographies of the Presidents Vice Presidents First Ladies This new volume also features more than 200 textboxes tables and figures Major revisions cover the supporting White House organizations and the president's role as chief economist Additional reference materials include explanatory headnotes as well as hundreds of photographs with detailed captions
