The Portable Matthew Arnold. Edited, and With an Introd. by Lionel Trilling Matthew Arnold, Lionel Trilling, 1965    The Portable Matthew Arnold ... Edited & with Introductory Notes by Lionel Trilling Matthew Arnold,    **The portable Matthew Arnold, ed** Matthew Arnold, Lionel Trilling,    The Portable Matthew Arnold Matthew Arnold, 1963    The Portable Matthew Arnold Matthew Arnold, 1965    **Matthew Arnold** Matthew Arnold, 1963    **The Portable Matthew Arnold** Lionel Trilling, 1980    **The Portable Chaucer** Geoffrey Chaucer, 1977-05-26 In the fourteenth century Geoffrey

Chaucer who served three kings as a customs official and special envoy virtually invented English poetry He did so by wedding the language of common speech to metrical verse creating a medium that could accommodate tales of courtly romance bawdy fabliaux astute psychological portraiture dramatic monologues moral allegories and its author s astonishing learning in fields from philosophy to medicine and astrology Chaucer s accomplishment is unequalled by any poet before Shakespeare and in *The Canterbury Tales* and *Troilus and Cressida* ranks with that of the great English novelists Both *The Canterbury Tales* and *Troilus and Cressida* are presented complete in this anthology in fresh modern translations by Theodore Morrison that convey both the gravity and gaiety of the Middle English originals *The Portable Chaucer* also contains selections from *The Book of Duchess* *The House of Fame* *The Bird s Parliament* and *The Legend of Good Women* together with short poems Morrison s introduction is vital for its insights into Chaucer as man and artist and as a product of the Middle Ages whose shrewdness humor and compassion have a wonderfully contemporary ring    *The Arnoldian* , 1979

*Portable Modernisms* Emily Ridge, 2017-06-23 Luggage is an overlooked detail in the stock sketch of the expatriated modernist writer from the valise fashioned desks of both James Joyce and Vladimir Nabokov to the lost manuscript laden cases of Ernest Hemingway and Walter Benjamin While the trope of modernist exile has long been spotlighted little attention has been given to the material meaning of this condition What things and objects do modernism s exiles and emigres carry with them and how does the act of carriage enter into the modernist picture more broadly What are the implications and historical resonances of a portable outlook particularly from the angles of gender wartime conflict and character conception Above all how far does such an outlook impact upon artistic vision Portability represents the simultaneous transportation and repudiation of domesticity and the home those key frames of reference in the nineteenth century novel This book examines the multifarious ways in which the emergence of a modern culture of portability prompts a radical if often problematic departure from Victorian architectural conceptions of fiction towards more movable understandings of form and character

*The Portable Theater* Alan Louis Ackerman, 2002 In *The Portable Theater* Alan Ackerman investigates the crucial importance of theater in the works of Walt Whitman Herman Melville William Dean Howells Louisa May Alcott and Henry James Whether as drama critics playwrights amateur actors or simply as avid theater goers each of these authors thought deeply about the theater and represented it in literature    **Portable Property** John Plotz, 2008 What fueled the Victorian

passion for hair jewelry and memorial rings When would an everyday object metamorphose from commodity to precious relic In *Portable Property* John Plotz examines the new role played by portable objects in persuading Victorian Britons that they could travel abroad with religious sentiments family ties and national identity intact In an empire defined as much by the circulation of capital as by force of arms the challenge of preserving Englishness while living overseas became a central Victorian preoccupation creating a pressing need for objects that could readily travel abroad as personifications of Britishness At the same time a radically new relationship between cash value and sentimental associations arose in certain resonant mementoes in teacups rings sprigs of heather and handkerchiefs but most of all in books *Portable Property* examines how culture bearing objects came to stand for distant people and places creating or preserving a sense of self and community despite geographic dislocation Victorian novels because they themselves came to be understood as the quintessential portable property tell the story of this change most clearly Plotz analyzes a wide range of works paying particular attention to George Eliot's *Daniel Deronda* Anthony Trollope's *Eustace Diamonds* and R D Blackmore's *Lorna Doone* He also discusses Thomas Hardy and William Morris's vehement attack on the very notion of cultural portability The result is a richer understanding of the role of objects in British culture at home and abroad during the Age of Empire

*Pleasure and Efficacy* Grace E. Lavery, 2023-05-30 Finalist for the National Book Critics Circle Award in Criticism A leading trans scholar and activist explores cultural representations of gender transition in the modern period In *Pleasure and Efficacy* Grace Lavery investigates gender transition as it has been experienced and represented in the modern period Considering examples that range from the novels of George Eliot to the psychoanalytic practice of Sigmund Freud to marriage manuals by Marie Stopes Lavery explores the skepticism found in such works about whether it is truly possible to change one's sex This ambivalence she argues has contributed to both antitrans oppression and the civil rights claims with which trans people have confronted it Lavery examines what she terms trans pragmatism the ways that trans people resist medicalization and pathologization to achieve pleasure and freedom Trans pragmatism she writes affirms that transition works that it is possible and that it happens With Eliot and Freud as the guiding geniuses of the book Lavery covers a vast range of modern culture poetry prose criticism philosophy fiction cinema pop music pornography and memes Since transition takes people out of one genre and deposits them in another she suggests it should be no surprise that a cultural history of gender transition will also provide by accident a history of genre transition Considering the concept of technique and its associations with feminine craftiness as opposed to masculine freedom Lavery argues that techniques of giving and receiving pleasure are essential to the possibility of trans feminist thriving even as they are suppressed by patriarchal and antitrans feminist philosophies Contesting claims for the impossibility of transition she offers a counterhistory of tricks and techniques passed on by women to women that comprises a body of knowledge written in the margins of history *Lionel Trilling and Irving Howe* Edward Alexander, 2017-09-08 This pioneering effort links history and personality by pairing intellectual friends

and foes most notably Lionel Trilling and Irving Howe but also Thomas Carlyle and John Stuart Mill T E Lawrence and Bertrand Russell and lesser known figures The periods range from the early 1830s when Carlyle and Mill discovered each other to 1975 when Lionel Thrilling died and the relationship with Howe ended The essay that gives this volume its title is also the most ambitious Alexander examines Trilling and Howe in relation to one another as well as their comparative reactions to the Holocaust He explores their participation in the fierce disputes of the fifties over the relationship between literature and society and their perspectives on the turmoil of the American sixties The chapter on the friendships and ex friendships of Carlyle and Mill Lawrence and Russell views their stories against the background of the modern conflict between reason and feeling positivism and imagination But Alexander avoids viewing each pair of friends as counterparts Though relationships may have begun in adversity they sometimes developed into friendships As a young woman George Eliot dismissed Jews as candidates for extermination but her friendship with the Talmudic scholar Emanuel Deutsch changed her into one of the major Judeophiles of the Victorian period And the quartet of Thomas Carlyle J S Mill D H Lawrence and Bertrand Russell shows how quickly formed literary friendships especially those based on the hunger for disciples sometimes dissolve into ex friendships This volume reveals new perspectives on leading literary figures and their relationships and shows how personal friendship influences art

*Roads Not Taken* Earl J. Wilcox, Jonathan N. Barron, 2000 In *Roads Not Taken* Earl J Wilcox and Jonathan N Barron bring a new freshness and depth to the study of one of America s greatest poets While some critics discounted Frost as a poet without technical skill rhetorical complexity or intellectual depth over the past decade scholars have begun to view Robert Frost s work from many new perspectives Critical hermeneutics cultural studies feminism postmodernism and textual editing all have had their impact on readings of the poet s life and work This collection of essays is the first to account for the variety of these new perceptions

*Democratic Artworks* Charles Hersch, 1998-08-13 Focusing on the political movements of the 1950s and 1960s this book argues that the arts can strengthen democracy by politically educating citizens

*The Undiscovered Dewey* Melvin L. Rogers, 2009 *The Undiscovered Dewey* explores the profound influence of evolution and its corresponding ideas of contingency and uncertainty on John Dewey s philosophy of action particularly its argument that inquiry proceeds from the uncertainty of human activity Dewey separated the meaningfulness of inquiry from a larger metaphysical story concerning the certainty of human progress He then connected this thread to the way in which our reflective capacities aid us in improving our lives Dewey therefore launched a new understanding of the modern self that encouraged intervention in social and natural environments but which nonetheless demanded courage and humility because of the intimate relationship between action and uncertainty Melvin L Rogers explicitly connects Dewey s theory of inquiry to his religious moral and political philosophy He argues that contrary to common belief Dewey sought a place for religious commitment within a democratic society sensitive to modern pluralism Against those who regard Dewey as indifferent to moral conflict Rogers points to Dewey s appreciation for the

incommensurability of our ethical commitments His deep respect for modern pluralism argues Rogers led Dewey to articulate a negotiation between experts and the public so that power did not lapse into domination Exhibiting an abiding faith in the reflective and contestable character of inquiry Dewey strongly engaged with the complexity of our religious moral and political lives

*The Idea of Infancy in Nineteenth-Century British Poetry* D.B. Ruderman, 2016-04-28 This book radically refigures the conceptual and formal significance of childhood in nineteenth century English poetry By theorizing infancy as a poetics as well as a space of continual beginning Ruderman shows how it allowed poets access to inchoate uncanny and mutable forms of subjectivity and art While recent historicist studies have documented the freshness of experience childhood confers on 19th century poetry and culture this book draws on new formalist and psychoanalytic perspectives to rethink familiar concepts such as immortality the sublime and the death drive as well as forms and genres such as the pastoral the ode and the ballad Ruderman establishes that infancy emerges as a unique structure of feeling simultaneously with new theories of lyric poetry at the end of the eighteenth century He then explores the intertwining of poetic experimentation and infancy in Wordsworth Anna Barbauld Blake Coleridge Erasmus Darwin Sara Coleridge Shelley Matthew Arnold Tennyson and Augusta Webster Each chapter addresses and analyzes a specific moment in a writers work moments of tenderness or mourning birth or death physical or mental illness when infancy is analogized eulogized or theorized Moving between canonical and archival materials and combining textual and inter textual reading metrical and prosodic analysis and post Freudian psychoanalytic theory the book shows how poetic engagements with infancy anticipate psychoanalytic and phenomenological i e modern ways of being in the world Ultimately Ruderman suggests that it is not so much that we return to infancy as that infancy returns obsessively compulsively in us This book shows how by tracking changing attitudes towards the idea of infancy one might also map the emotional political and aesthetic terrain of nineteenth century culture It will be of interest to scholars in the areas of British romanticism and Victorianism as well as 19th century American literature and culture histories of childhood and representations of the child from art historical cultural studies and literary perspectives D B Ruderman s *The Idea of Infancy in Nineteenth Century British Poetry* Romanticism Subjectivity Form is an interesting contribution to this field and it manages to bring a new perspective to our understanding of Romantic era and Victorian representations of infancy and childhood a supremely exciting book that will be a key work for generations of readers of nineteenth century poetry Isobel Armstrong Birkbeck University of London *Victorian Studies* 59 4

**The Classic**

Christopher Prendergast, 2007-06-21 Focusing on a moment and a source in nineteenth century France Christopher Prendergast takes up a big question that is still with us What is a classic The question is by virtue of its insistent recurrence itself a classic question It returns to haunt us It provided the title of a text for French critic Charles Augustin Sainte Beuve in 1850 *Qu est ce qu un classique* as it did in the twentieth century for T S Eliot and John Coetzee Centring on Sainte Beuve in his nineteenth century context Prendergast s inquiry takes us historically to many places antiquity the middle ages the

seventeenth and eighteenth as well as the nineteenth and early twentieth centuries He also provides an intellectual history that travels across multiple disciplinary territories in addition to literary criticism and literary history classical studies comparative philology historiography and political thought Against this background The Classic maps the evolution of Sainte Beuve's thought from an initially cosmopolitan conception of the classic close in spirit to Goethe's notion of Weltliteratur to an increasingly nationalist conception with a strong emphasis on the heritage of Latinity and France as its principal legatee This emphasis was taken up by the extreme right in France after Sainte Beuve's death in a determined mobilizing of a version of the classic on behalf of a proto fascist agenda The final chapter deals with this appropriation and ends with a question of our own about Sainte Beuve's original question in the light of this bleak history perhaps the time has come to dispense with the term classic altogether

**Portable Prairie** M. J. Andersen, 2010-07-20 In a moving and bittersweet story M J Andersen chronicles her childhood and adolescence in South Dakota her departure to forge her own life and her persistent longing for the landscape she left behind Her hometown given the fictional name of Plainville is so quiet that one local family regularly parks by the tracks to watch the train pass through Yet small town life and especially the prairie prove to be fertile ground for Andersen's imagination Exploring subjects as seemingly unrelated as Roy Rogers and Tolstoy's beloved Anna Karenina she repeatedly locates a transcendent connection with South Dakota's broad horizon Andersen introduces us to her hardworking newspaper family which produces one of Plainville's two competing weeklies to Job's Daughters a Christian association intended to prepare young women for adversity Plainville's chapter assumes the added responsibility of throwing the town's best teen dances and even to a local variety of hardy alfalfa to which her best friend has a surprising kinship Leaving behind her physical home Andersen travels East for college remaining to begin a journalism career With her husband she eventually settles into her first house a beautiful Victorian that though loved somehow does not feel like home in the way she had anticipated Through subsequent travels memories and a meditation on Tolstoy's complex relationship to his ancestral home she arrives at a new idea of what home is one that should resonate with every American who has ever had to pull up stakes
