Short Story Index, 1999 **A Portable God** Risa Levitt Kohn, Rebecca Moore, 2007 Many Christians and Jews believe that their faiths developed independently from each other and that their religions are distinct even antagonistic towards each other A Portable God dramatically departs from the idea that the birth of Judaism and Christianity are two separate unrelated events Judaism and Christianity's origins are not seen as following a linear chronological process that places the Israelites in the beginning followed by the Jews and finally the Christians On the contrary A Portable God shows that both Judaism and Christianity emerge from the same religious tradition that of ancient Israel at the same time By telling the common story of Jewish and Christian origins A Portable God shows Jews and Christians as siblings rather than as parent and child showing that the similarities between Judaism and Christianity far outweigh their differences ultimately fostering appreciation for the shared heritage of Judaism and Christianity *The Beacon Best of 1999* Ntozake Shange, 1999-10-25 The Beacon Best of 1999 is what I would like to remember as the year 2000 approaches sketches of what we hold sacred and keep for those to come These stories poems and essays pay homage to what's become of us to what we bring to the next millennium the sweet

The Secret Bible Joseph R. Rosenbloom, 2006-11 The basic thesis of The Secret Bible

A Secular Approach to the Bible is that the traditions which comprise the Hebrew Bible the Old Testament were in their original form secular It was only later when the existence of the Jewish people was threatened that the texts that made up the Bible were religionized that is God was made the center of the stories and histories and was seen as the single all powerful deity who had a special relationship to the Jewish people Before the Bible was religionized Israelite society was much like the others in the ancient Middle East with a secular government and sacrificial cult centered on altars in various temples Many of the laws found in the legal codes of the first five books of the Bible are secular The stories of the first Hebrew found in the Pentateuch are essentially secular accounts of families and their problems Religious elements were later added The secular nature of the Bible will make it more accessible to those readers who do not accept God as the author of history and in control of nature The Portable Curmudgeon Various, 1992-10-01 More than 1 000 outrageously irreverent quotations anecdotes and interviews on a vast array of subjects from an illustrious list of world class grouches If you can t say anything good about someone sit right here by me Alice Roosevelt Longworth
