What is the level of trust that other regional players have for China in regional cooperation This book seeks answers to these questions by exploring China s motivations and strategic calculations as well as its policy practices in East Asian economic and security cooperation This book was published as a special issue of the Journal of Contemporary China **Globalisation and the Rule of Law** Spencer Zifcak,2004-08-02 This book reassesses the idea of the rule of law within the present complex and increasingly internationalised environment and is the first to relate globalisation exclusively to law
