Portrait Of A Decade The 1970s:

The Seventies Christopher Booker, 1980 British films of the 1970s Paul Newland, 2015-11-01 British films of the 1970s offers highly detailed and insightful critical analysis of a range of individual films of the period This analysis draws upon an innovative range of critical methodologies which place the film texts within a rich variety of historical contexts The book sets out to examine British films of the 1970s in order to get a clearer understanding of two things the fragmentary state of the filmmaking culture of the period and the fragmentary nature of the nation that these films represent It argues that there is no singular narrative to be drawn about British filmmaking in the 1970s other than the fact that these films offer evidence of a Britain and ideas of Britishness characterised by vicissitudes While this was a period of struggle and instability it was also a period of openings of experiment and of new ideas Newland looks at many films including Carry On Girls O Lucky Man That'll be the Day The Shout and The Long Good Friday British Film Culture in the 1970s Sue Harper, 2013-01-28 This volume draws a map of British film culture in the 1970s and provides a wide ranging history of the period *Portrait of a Decade, 1910-1919* Trevor Fisher, 1991 A year by year account of the headlines and chief topics of conversation in world news sports and the arts and in science and technology **British Literature in Transition, 1960-1980: Flower Power** Catherine Mary McLoughlin, 2019 This volume traces transitions in British literature from 1960 to 1980 illuminating a diverse range of authors texts genres and movements It considers innovations in form emergent identities changes in attitudes preoccupations and in the mind itself local and regional developments and shifts within the oeuvres of individual authors *Andy Warhol, Portraits of the 70s* Andy Warhol, Robert Rosenblum, Whitney Museum of American Art, 1979 Contains color artwork by Andy Warhol **The Winter of Discontent** Tara Martin López, 2014-07-24 A reassessment of the myth of the British Winter of Discontent 1978-79 from the perspective of those involved in particular grassroots activists and the growing number of female activists **Motion Picture Biographies** John Cones, 2015-04-01 Hollywood movies are famous for promoting negative stereotypes of all kinds especially against minorities women Southerners and Christians To what extent are biographical films selected for production according to certain biases conscious or unconscious among the Hollywood elite An expert on the U S film industry gives readers brief synopses of Hollywood biopics produced and or released from 1912 through 1994 This survey provides the basis for discussion and analysis Tracking these one sided depictions over a longer period of time the patterns of bias and the source of the problem become more clear The problem appears to be that most of the people who have green light authority in the U S film industry for either the production and or distribution of a motion picture share a common ethnic religious cultural background Thus the stories of their own cohort and those of all other ethnic religious and or cultural groups whose members seldom achieve positions of power in Hollywood are being filtered through the cultural sensibilities of a single group John Cones suggests that the solution could lie in increasing diversity at the highest levels in the U S film industry **Motion Pictures From**

Suburban Crossroads Thomas J. Vicino, 2013 The political debate over comprehensive immigration reform in the United States reached a pinnacle in 2006 When Congress failed to implement federal immigration reform this spurred numerous local and state

governments to confront immigration policy in their own jurisdictions In fear of becoming sanctuaries for immigrants numerous local communities confronted and implemented their own policies to limit immigration Thomas J Vicino unravels the political debate behind local ordinances such as the controversial Illegal Immigration Relief Act and similar laws He examines the evolution of the struggle for local control in three cities and suburbs beginning in Carpentersville Illinois then in Farmer s Branch Texas and ending in Hazleton Pennsylvania Drawing on numerous interviews census data analysis and field visits Thomas J Vicino carefully explains how and why the definition of local neighborhood problems determined the policy outcomes These provocative findings offer new perspectives on the local and state immigration debate as well as new reflections on future directions in policy and planning for local communities

The Long Disenchantment Ilaria Poggiolini,2024-12-27 This book seeks to replace a comforting European narrative of British missed opportunities with a chronicle of the complexity of UK EC EU relations After nearly a decade of Brexit 2016 it revisits the historical evolution of the relationship between Britain and Europe since the 1970s Building on an in depth study of primary and secondary sources the author sheds new light on the intricacies of that relationship The book is structured in six chapters the first of which reflects on the causes of the UK s lack of engagement in the early and crucial developments of the European Community The second chapter revisits ten years of stop go diplomacy of accession and the meaning of the first enlargement for Britain and its partners The third chapter argues that in the early years entry represented for Britain an opportunity to deliver change working with France and Germany inside the EC and as an EC member building new

relationships with countries outside including in the Commonwealth The fourth chapter focuses on the dawning realisation that EC membership meant for Britain joining its partners on a journey towards an unknown destination in search of whatever closer Union would mean The Fifth chapter concentrates on the 1980s when on the one hand the British government was to the fore in the creation of a single market while on the other it openly challenged an agreed upon narrative among the continental member states This narrative was one which sought to reshape European values and relationships together with its culture geography and history round a commitment to greater integration The final chapter is an epilogue that examines the political decisions of the last four British prime ministers Major Brown Blair and Cameron in confronting and reacting to the reality of European Union from the Maastricht Treaty 1992 onward This examination suggests that rather than political continuity discontinuity led the UK through Prime Minister David Cameron s efforts at renegotiation in the EU to Brexit and his instant resignation This book invites readers to rethink refine and challenge the dominant narrative of Britain as a predictable permanent outsider condemned to irrelevance in the EC EU It will appeal to scholars of international relations and political history as well as political decision makers both in Britain and the EU

Abstract Painting in Canada Roald Nasgaard, Art Gallery of Nova Scotia, 2008 In the tradition of the distinguished Douglas McIntyre art program this lavishly illustrated and superbly printed book is a rich readable history of abstract painting in Canada The story begins in the 1920s with the sometimes eccentric but remarkable work rooted in symbolism and theosophy of pioneers such as Kathleen Munn Bertram Brooker and Lawren Harris Two decades later the Automatistes Canada s first truly independent avant garde art movement burst onto the scene in Montreal After the Second World War the urge to abstraction spread across Canada manifesting itself in significant regional movements Vancouver painters retained a British flavour while in Toronto the Painters Eleven looked south to New York Montreal s Plasticiens launched their own razor edged interpretation of the European tradition of geometric abstraction In the sixties and seventies the Prairies were influenced by Clement Greenberg s post painterly abstraction while Halifax became a hub of conceptual art and concrete painting The book continues through the eighties and nineties during which critics largely denounced painting and concludes in the twenty first century with abstract painting alive and well again in the studios of Canada s young artists A monumental tome containing 200 color reproductions it mines a rich vein of art history ripe for international discovery *Minnesota in the '70s* Dave Kenney, Thomas Saylor, 2013-10-15 Minnesota forged an identity during the 1970s that would persist rightly or wrongly for decades to come It was a place of note and consequence a state of presidential candidates grassroots activism civic engagement environmental awareness and Mary Tyler Moore All these subjects and more are covered in this book
