**Portrait of Newport II** Leonard J. Panaggio,1994     Janet & Jackie Jan Pottker,2013-08-27 An intimate look at the complex and absorbing relationship between two extraordinary women Jay Mulvaney author of Kennedy Weddings A Family Album Despite hundreds of books and thousands of articles on Jackie Kennedy surprisingly little is known about her mother s role in her life and achievements Often dismissed as a social climber who faded into the woodwork after she divorced Jackie s father the dashing disreputable Black Jack Bouvier and married the rich Hugh D Auchincloss Janet not only played a pivotal part in Jackie s own wedding to John F Kennedy but often served as a stand in for Jackie during the White House years and helped her cope with John and Caroline after JFK s assassination The only book to explore this fascinating mother daughter relationship Janet Jackie is filled with stories that shed new light on the personal life of an American icon A rich and nuanced portrait Publishers Weekly Pottker divulges startling vignettes Washington Post     Portrait and Biographical Record of Guernsey County, Ohio ,1895     Cyclopedia of painters and paintings, ed. by J.D. Champlin, critical ed. C.C. Perkins Cyclopedia,1888     Cyclopedia of Painters and Paintings John Denison Champlin,Charles Callahan Perkins,1886     Photography ,1892     Gilbert Stuart Carrie Rebora Barratt,Gilbert Stuart,Ellen Gross Miles,2004 Publisher Description     John Smibert Richard H. Saunders,Saunders,John Smibert,1995-01-01 Saunder s explores Smibert s early Scottish and London training as well as his travels in Italy his portrait practice in London his arrival in America and his stylistic development the creation of The Bermuda Group and the business of portrait painting in Boston     **Bulletin of the New York Public Library** New York Public Library,1898     **The Pictorial Field-book of the Revolution** Benson John Lossing,1855     **Portraits of Resistance** Jennifer Van Horn,2022-01-01 A highly original history of American portraiture that places the experiences of enslaved people at its center This timely and eloquent book tells a new history of American art how enslaved people mobilized portraiture for acts of defiance Revisiting the origins of portrait painting in the United States Jennifer Van Horn reveals how mythologies of whiteness and of nation building erased the aesthetic production of enslaved Americans of African descent and obscured the portrait s importance as a site of resistance Moving from the wharves of colonial Rhode Island to antebellum Louisiana plantations to South Carolina townhouses during the Civil War the book illuminates how enslaved people s relationships with portraits also shaped the trajectory of African American art post emancipation Van Horn asserts that Black creativity subjecthood viewership and iconoclasm constituted instances of everyday rebellion against systemic oppression Portraits of Resistance is not only a significant intervention in the fields of American art and history but also an important contribution to the reexamination of racial constructs on which American culture was built     **The Story of American Painting** Charles Henry Caffin,1907     *Slavery and the Making of Early American Libraries* Sean D. Moore,2019-02-07 Early American libraries stood at the nexus of two transatlantic branches of commerce the book trade and the slave trade Slavery and the Making of Early American Libraries bridges the study of these

trades by demonstrating how Americans profits from slavery were reinvested in imported British books and providing evidence that the colonial book market was shaped in part by the demand of slave owners for metropolitan cultural capital Drawing on recent scholarship that shows how participation in London cultural life was very expensive in the eighteenth century as well as evidence that enslavers were therefore some of the few early Americans who could afford to import British cultural products the volume merges the fields of the history of the book Atlantic studies and the study of race arguing that the empire wide circulation of British books was underwritten by the labour of the African diaspora The volume is the first in early American and eighteenth century British studies to fuse our growing understanding of the material culture of the transatlantic text with our awareness of slavery as an economic and philanthropic basis for the production and consumption of knowledge In studying the American dissemination of works of British literature and political thought it claims that Americans were seeking out the forms of citizenship constitutional traditions and rights that were the signature of that British identity Even though they were purchasing the sovereignty of Anglo Americans at the expense of African Americans through these books however some colonials were also making the case for the abolition of slavery *The Biographical Cyclopedia of Representative Men of Rhode Island* ,1881 [The WPA Guide to Rhode Island](#) Federal Writers' Project,2013-10-31 During the 1930s in the United States the Works Progress Administration developed the Federal Writers Project to support writers and artists while making a national effort to document the country s shared history and culture The American Guide series consists of individual guides to each of the states Little known authors many of whom would later become celebrated literary figures were commissioned to write these important books John Steinbeck Saul Bellow Zora Neale Hurston and Ralph Ellison are among the more than 6 000 writers editors historians and researchers who documented this celebration of local histories Photographs drawings driving tours detailed descriptions of towns and rich cultural details exhibit each state s unique flavor The WPA Guide to the smallest state in the United States Rhode Island is by no means the shortest guide in this series The Ocean State has a rich and extensive history which provides plenty of material to be covered Despite a small geographic region there is plenty of historical sites photographs of churches and houses and plenty of driving tours *Portrait of a Woman in Silk* Zara Anishanslin,2016-09-20 Through the story of a portrait of a woman in a silk dress historian Zara Anishanslin embarks on a fascinating journey exploring and refining debates about the cultural history of the eighteenth century British Atlantic world While most scholarship on commodities focuses either on labor and production or on consumption and use Anishanslin unifies both examining the worlds of four identifiable people who produced wore and represented this object a London weaver one of early modern Britain s few women silk designers a Philadelphia merchant s wife and a New England painter Blending macro and micro history with nuanced gender analysis Anishanslin shows how making buying and using goods in the British Atlantic created an object based community that tied its inhabitants together while also allowing for different views of the Empire Investigating a range of subjects including self fashioning identity

natural history politics and trade Anishanslin makes major contributions both to the study of material culture and to our ongoing conversation about how to write history
