Norman Mailer, 2023-01-10 A landmark in the modern literature of war by a still controversial literary icon Includes a selection of letters nine never before published that reveal the real life roots of one of the greatest American debut novels of the last century Nearly universally praised upon publication as an achievement inviting comparison with Tolstoy and Hemingway Norman Mailer's *The Naked and the Dead* is not just a monumental war novel but also a devastating antiwar novel exposing the primal nature of power through the interplay of a platoon of soldiers on an impossible and ultimately pointless mission on an obscure island in the Pacific during World War II Written just after the war ended in the early days of the emerging Cold War the novel daringly engages with the authoritarian impulses in the American character To celebrate and commemorate the centennial of Mailer's birth and the 75th anniversary of the publication of his unforgettable debut novel this expanded collector's edition includes a selection of 23 letters all but four from Mailer to his first wife Beatrice chosen by Mailer biographer J Michael Lennon that reveals the keen insight and powerful ambition of a brilliant young writer grappling with the challenge of converting the weight of experience into art *Master Minds: Creativity in Picasso's & Husain's Paintings, Part 5, Similarities, Differences & Contribution* Dr. Harpal Sodhi, 2020-08-07 In the entire book *Master Minds Creativity in Picasso's Husain's Paintings* light has been thrown on Picasso's and Husain's life and paintings There is an analytical study of their works of art The significant aspects dealt with in their paintings are creativity viewed through linear quality forms colors pictorial composition subject matter styles mediums techniques similarities and differences in their works of art I consider myself to be fortunate to avail the opportunity to journey through a significant part of the life and works of these two great artists There are total 226 illustrations in Part 1 to Part 5 of the books that include a unique analytical study of the paintings and the sketches of the artists Part 5 deals with the comparison of the works of art
