*Portrait* Jacques Lowe,1961 The Kennedy family in pictures and prose      *Portrait. (The Emergence of John F. Kennedy.)*  
[With Illustrations, Including Portraits.]. Jacques Lowe,1961      *John F. Kennedy* Michael O'Brien,2006-05-16 John F Kennedy creates an absorbing insightful and distinguished biography of one of America s most legendary Presidents While current fashion in Kennedy scholarship is to deride the man s achievements this book describes Kennedy s strengths explains his shortcomings and offers many new revelations There are many specialized books on Kennedy s career but no first class modern biography one that takes advantage of the huge volume of recent books and articles and new material released by the JFK library Ten years in the making this is a balanced and judicious profile that goes beyond the clash of interpretations and offers a fresh nuanced perspective      *Reclaiming History* Vincent Bugliosi,2007-05-17 For fifty years the truth about the assassination of President John F Kennedy has been obscured This book releases us from a crippling distortion of American history At 1 00 p m on November 22 1963 President John F Kennedy was pronounced dead the victim of a sniper attack during his motorcade through Dallas That may be the only fact generally agreed upon in the vast literature spawned by the assassination National polls reveal that an overwhelming majority of Americans 75% believe that there was a high level conspiracy behind Lee Harvey Oswald Many even believe that Oswald was entirely innocent In this continuously absorbing powerful ground breaking book Vincent Bugliosi shows how we have come to believe such lies about an event that changed the course of history The brilliant prosecutor of Charles Manson and the man who forged an iron clad case of circumstantial guilt around O J Simpson in his best selling *Outrage* Bugliosi is perhaps the only man in America capable of writing the definitive book on the Kennedy assassination This is an achievement that has for years seemed beyond reach No one imagined that such a book would ever be written a single volume that once and for all resolves beyond any reasonable doubt every lingering question as to what happened in Dallas and who was responsible There have been hundreds of books about the assassination but there has never been a book that covers the entire case including addressing every piece of evidence and each and every conspiracy theory and the facts or alleged facts on which they are based In this monumental work the author has raised scholarship on the assassination to a new and final level one that far surpasses all other books on the subject It adds resonance depth and closure to the admirable work of the Warren Commission *Reclaiming History* is a narrative compendium of fact forensic evidence reexamination of key witnesses and common sense Every detail and nuance is accounted for every conspiracy theory revealed as a fraud on the American public Bugliosi s irresistible logic command of the evidence and ability to draw startling inferences shed fresh light on this American nightmare At last it all makes sense

Newcomb,1977     **The Medallion Portraits of John F. Kennedy (a Study of Kennediana).** Edward C. Rochette,1966     **The Kennedy Family** S. J. Fuller,2007 America has no official royalty by design Yet there have been the Roosevelts the Adams the Bushes the wannabe Clintons and most intriguing of all the Kennedys The Kennedys have so far only reached the presidency once but the assassination of JFK and his brother Robert and the trials and tribulations of the family members and society in general continue to fascinate the world This new book presents more than 1200 citations of books and related materials arranged by family member The accompanying CD ROM offers ready access and easy searching     *JFK* Fredrik Logevall,2021-09-07 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR A Pulitzer Prize winning historian takes us as close as we have ever been to the real John F Kennedy in this revelatory biography of the iconic yet still elusive thirty fifth president An utterly incandescent study of one of the most consequential figures of the twentieth century Jill Lepore author of *These Truths A History of the United States* WINNER OF THE ELIZABETH LONGFORD PRIZE NAMED BIOGRAPHY OF THE YEAR BY The Times London ONE OF THE BEST BOOKS OF THE YEAR The Sunday Times London New Statesman The Daily Telegraph Kirkus Reviews By the time of his assassination in 1963 John F Kennedy stood at the helm of the greatest power the world had ever seen a booming American nation that he had steered through some of the most perilous diplomatic standoffs of the Cold War Born in 1917 to a striving Irish American family that had become among Boston s wealthiest Kennedy knew political ambition from an early age and his meteoric rise to become the youngest elected president cemented his status as one of the most mythologized figures in American history And while hagiographic portrayals of his dazzling charisma reports of his extramarital affairs and disagreements over his political legacy have come and gone in the decades since his untimely death these accounts all fail to capture the full person Beckoned by this gap in our historical knowledge Fredrik Logevall has spent much of the last decade searching for the real JFK The result of this prodigious effort is a sweeping two volume biography that properly contextualizes Kennedy amidst the roiling American Century This volume spans the first thirty nine years of JFK s life from birth through his decision to run for president to reveal his early relationships his formative experiences during World War II his ideas his writings his political aspirations In examining these pre White House years Logevall shows us a more serious independently minded Kennedy than we ve previously known whose distinct international sensibility would prepare him to enter national politics at a critical moment in modern U S history Along the way Logevall tells the parallel story of America s midcentury rise As Kennedy comes of age we see the charged debate between isolationists and interventionists in the years before Pearl Harbor the tumult of the Second World War through which the United States emerged as a global colossus the outbreak and spread of the Cold War the domestic politics of anti Communism and the attendant scourge of McCarthyism the growth of television s influence on politics and more JFK *Coming of Age in the American Century 1917-1956* is a sweeping

history of the United States in the middle decades of the twentieth century as well as the clearest portrait we have of this enigmatic American icon

Tapped by Presidents Kennedy and Johnson for treasury secretary to reassure Wall Street that the nation's finances were in safe hands Dillon would become one of President Kennedy's closest advisors and perhaps the only cabinet member who was a personal friend. His impact on the Kennedy and Johnson administrations was immense not least in delivering the most comprehensive income tax cuts the nation had ever seen. Overseas he worked to sustain political cooperation as the Bretton Woods system threatened to unravel. By the time he left office in 1965 the Washington Post recognized Dillon as by far the best Secretary of the Treasury of the postwar period and European Economic Community president Walter Hallstein hailed a new Dillon era. Dillon advocated for evolution and reform over radicalism and he placed the national interest above party interest. The Dillon Era throws new light on the postwar period identifying Dillon as a pivotal figure in American policymaking during these crucial years of the Cold War.
