PORTRAIT OF A COLD WARRIOR

SECOND THOUGHTS OF
A TOP CIA AGENT
JOSEPH B. SMITH

Portrait Of A Cold Warrior

Rory Cormac

Portrait Of A Cold Warrior:

Portrait of a Cold Warrior Joseph Burkholder Smith,1976 Second thoughts of a top CIA agent Jacket subtitle

Portrait of a Cold Warrior Joseph Burkholder Smith,1981-10-01 A retired high echelon officer of the CIA presents an account of the agency's cold war operations operators successes and blunders describing clandestine agency activities and goals The CIA's Black Ops John Jacob Nutter, Ph.D,2009-12-04 The vast array of CIA black ops operations has turned the agency into a policy maker dangerously independent of the government that created it This is an unprecedented declassification of foreign exploits and domestic secrets **The Brothers: John Foster Dulles, Allen Dulles, and Their**

Secret World War Stephen Kinzer,2013-10-01 A joint biography of John Foster Dulles and Allen Dulles who led the United States into an unseen war that decisively shaped today's world During the 1950s when the Cold War was at its peak two immensely powerful brothers led the United States into a series of foreign adventures whose effects are still shaking the world John Foster Dulles was secretary of state while his brother Allen Dulles was director of the Central Intelligence Agency In this book Stephen Kinzer places their extraordinary lives against the background of American culture and history He uses the framework of biography to ask Why does the United States behave as it does in the world The Brothers explores hidden forces that shape the national psyche from religious piety to Western movies many of which are about a noble gunman who cleans up a lawless town by killing bad guys This is how the Dulles brothers saw themselves and how many Americans still see their country's role in the world Propelled by a quintessentially American set of fears and delusions the Dulles brothers launched violent campaigns against foreign leaders they saw as threats to the United States These campaigns helped push countries from Guatemala to the Congo into long spirals of violence led the United States into the Vietnam War and laid the foundation for decades of hostility between the United States and countries from Cuba to Iran The story of the Dulles brothers is the story of America It illuminates and helps explain the modern history of the United States and the world A Kirkus Reviews Best Nonfiction Book of 2013 **Homosexuality in Cold War America** Robert J. Corber,1997-05-22

Challenging widely held assumptions about postwar gay male culture and politics this book examines how gay men in the 1950s resisted pressures to remain in the closet **Orwell Subverted** Daniel J. Leab,2008-05-28 Film and cinema

United States Policy Towards Indonesia in the Truman and Eisenhower Years A. Roadnight,2002-06-19 This analysis of US policy towards Indonesian nationalism concludes that Truman's support for independence was based on his Cold War priorities and not principled backing for self determination It reveals how Eisenhower's New Look led to a disastrous CIA backed intervention in 1957-58 and propelled Indonesia towards the Soviet bloc Exposing the extent of Australian influence on US policy this account reveals how the personal prejudices of Eisenhower and John Foster Dulles undermined the notion of rational policymaking *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office,1978 *Partly Cloudy* David L. Perry,2016-10-04 *Partly Cloudy* Ethics in War Espionage Covert Action and Interrogation explores a number

of wrenching ethical issues and challenges faced by military and intelligence personnel. It provides a robust and practical approach to analyzing ethical issues in war and intelligence operations and applies careful reasoning to issues of vital importance today not only for soldiers, intelligence professionals and policy makers but also for the citizens they serve and protect. This new edition has been updated throughout and includes new contents to deal with critical issues such as torturing detainees using espionage to penetrate terrorist cells, mounting covert actions to undermine hostile regimes, practicing euthanasia on the battlefield as mercy killing or using targeted killings as a means to fight insurgencies. Partly Cloudy provides an excellent introduction to the field for students, instructors and practitioners who are interested in the ethical challenges faced by public servants.

Disrupt and Deny Rory Cormac, 2018-05-10. *Disrupt and Deny* is the untold story behind Britain's secret scheming against both enemies and friends from 1945 to the present day. British leaders use spies and Special Forces to interfere in the affairs of others discreetly and deniably. Since 1945 MI6 has spread misinformation designed to divide and discredit targets from the Middle East to Eastern Europe and Northern Ireland. It has instigated whispering campaigns and planted false evidence on officials working behind the Iron Curtain, tried to foment revolution in Albania, blown up ships to prevent the passage of refugees to Israel and secretly funnelled aid to insurgents in Afghanistan and dissidents in Poland. MI6 has launched cultural and economic warfare against Iceland and Czechoslovakia. It has tried to instigate coups in Congo, Egypt, Syria, Saudi Arabia, Iran and elsewhere. Through bribery and blackmail, Britain has rigged elections as colonies moved to independence. Britain has fought secret wars in Yemen, Indonesia and Oman and discreetly used Special Forces to eliminate enemies from colonial Malaya to Libya during the Arab Spring. This is covert action, a vital though controversial tool of statecraft and perhaps the most sensitive of all government activity. If used wisely, it can play an important role in pursuing national interests in a dangerous world. If used poorly, it can cause political scandal or worse. In *Disrupt and Deny*, Rory Cormac tells the remarkable true story of Britain's secret scheming against its enemies as well as its friends of intrigue and manoeuvring within the darkest corridors of Whitehall where officials fought to maintain control of this most sensitive and seductive work and above all of Britain's attempt to use smoke and mirrors to mask decline. He reveals hitherto secret operations, the slush funds that paid for them and the battles in Whitehall that shaped them.

U.S. Army War College Guide to National Security Policy and Strategy J. Boone Bartholomees, 2001

U.S. Army War College Guide to National Security Issues: National security policy and strategy J. Boone Bartholomees, 2008. The U.S. Army War College Guide to National Security Issues is the latest edition of the U.S. Army War College Guide to National Security Policy and Strategy which the college has published sporadically under different titles since 2001. This edition of the Guide is in two volumes that correspond roughly to the two core courses that the Department of National Security and Strategy (DNSS) teaches: Theory of War and Strategy and National Security Policy and Strategy. Page vii

The Ruses for War John B. Quigley, 2007. Quigley analyzes each instance of military intervention abroad by the United States.

since World War II from the perspective of what the government told the public or did not tell the public

Subversion as Foreign Policy Audrey Kahin, George McTurnan Kahin, 1997 Based on access to secret documents and interviews with many of the participants Subversion as Foreign Policy is an extraordinary account of civil war in Indonesia provoked by President Eisenhower and Secretary of State John Foster Dulles and resulting in the killing of thousands of Indonesians and the destruction of much of the country's air force and navy This startling new book reveals a covert intervention by the United States in Indonesia in the late 1950s involving among other things the supply of thousands of weapons the creation and deployment of a secret CIA air force and logistical support from the Seventh Fleet The intervention occurred on such a massive scale that it is difficult to believe it has been kept almost totally secret from the American public for nearly 40 years And this CIA operation proved to be even more disastrous than the Bay of Pigs San Francisco Chronicle An exemplary study of an ignominious chapter of the Cold War in Southeast Asia Journal of Asian Studies Subversion as Foreign Policy is a remarkable book The Kahins have provided a rare insight into the workings of U S policy towards Indonesia both clandestine and official London Times Literary Supplement

World War II and the Cold War Martin J. Medhurst, 2018-09-01 This volume examines crucial moments in the rhetoric of the Cold War beginning with an exploration of American neutrality and the debate over entering World War II Other topics include the long distance debate carried on over international radio between Hitler and Franklin D Roosevelt understanding and interpreting World War II propaganda domestic radio following the war and the use of Abraham Lincoln narratives as vehicles for American propaganda the influence of foreign policy agents Dean Acheson Paul Nitze and George Kennan and the rhetoric of former presidents John F Kennedy and Ronald Reagan Ultimately this volume offers a broad based look at the rhetoric framing the Cold War and in doing so offers insight into the political climate of today

Thinking Small Daniel Immerwahr, 2015-01-05 Daniel Immerwahr tells how the United States sought to rescue the world from poverty through small scale community based approaches He also sounds a warning such strategies now again in vogue have been tried before alongside grander modernization schemes with often disastrous consequences as self help gave way to crushing local oppression

U.S. Army War College Guide to Strategy Joseph R. Cerami, James F. Holcomb, 2001 For more than 3 decades the U S Army War College USAWC Department of National Security and Strategy has faced the challenge of educating future strategic leaders on the subject of national security or grand strategy Fitting at the top of an officer's or government official's career long professional development program this challenge has been to design a course on strategy that incorporates its many facets in a short period of time all within the 1 year senior service college curriculum To do this a conceptual approach has provided the framework to think about strategy formulation The purpose of this volume is to present the USAWC strategy formulation model to students and practitioners This book serves as a guide to one method for the formulation analysis and study of strategy an approach which we have found to be useful in providing generations of strategists with the conceptual tools to think systematically strategically

critically creatively and big Balancing what is described in the chapters as ends ways and means remains at the core of the Army War College s approach to national security and military strategy and strategy formulation

Portraits of Women in International Law Immi Tallgren,2023 This fascinating volume offers a set of biographies of women and gender non conforming people who made a difference in international law but who in most cases were never well known or have been forgotten These portraits describe each individual s engagement with international law the context in which they worked and the barriers they faced

Beyond Imagined Uniqueness William Glass,2010-08-11 Beyond Imagined Uniqueness Nationalisms in Comparative Perspectives is a collection of essays from a variety of disciplines and theoretical perspectives that explore the contentious issue of nationalism in historical and contemporary settings They adopt an interdisciplinary approach to the topic of nationalism and its permutations and modes of expression The unspoken context of these essays is the trends subsumed under the processes of globalization Though the world may be becoming more integrated economically these essays suggest social cultural and political forces historically rooted keep the nation and national identity alive and well The comparative perspectives offered by the essays appear in two ways one set is the explicit comparisons of nations made by several authors within their essays and between the essays themselves when the authors focus on developments within a single nation A second and indeed more thought provoking set of comparisons come from the way the essays address nationalism in disparate scholarly approaches that include visual culture history sociology and literature Moreover while traditional themes in the study of nationalism are not ignored these essays expand the discussion with case studies of nationalism in Turkey Asia and Eastern Europe Even when nationalism is considered in those areas that have been the central focus of nationalism studies Western Europe and the USA the authors bring unique voices to the conversation as in the use of portraiture as a vehicle of nationalism in Cold War America or children s literature shaping a Swedish American identity or in the idea of a covenant as a source of Dutch nationalism or the role of minority languages in West European societies Section One of this volume contains essays that examine the terrain of the national imaginary through language monuments and visual culture Several of the essays in this traverse the cultural sites of representation and commemoration of the nation looking carefully at the politics of memory in places material objects and texts Section Two provides more individual case studies of nations though many of these essays engage significant regional and international tensions especially in a post Cold War world that has often influenced the internal dynamics of nation building Section Three moves the focus away from the nation to immigrant communities especially those in the United States Canada and the Caribbean Diasporas throughout the world have challenged many theories about the nation as crossing borders becomes the norm rather the exception
