The Art of Dreams Barbara Hahn, Meike Werner, 2016-08-22 We all dream we all share these strange experiences that infuse our nights But we only know of those nightly adventures when we decide to represent them In the long history of coming to terms with dreams there seem to be two different ways of delineating our forays into the world of the unconscious One is the attempt of interpreting of unveiling the hidden meaning of dreams The other one is not so much concerned with the relation of dream and meaning of dream and reality it rather concentrates on trying to find means of representation for this extremely productive force that determines our sleep The essays collected in this book explore both attempts They follow debates in philosophy and psychoanalysis and they study literature theatre dance film and photography [The Art of Dreams, Visions, Other Worlds](#) Robert Craig Bunch, 2025-05-01 Robert Craig Bunch has interviewed sixty current Texas artists focusing on painters printmakers sculptors and others whose work broadly speaking is inspired by dreams visions myths and imagined worlds Working in the tradition of predecessors such as Bror Utter Ben Culwell Maudee Carron Kelly Fearing Jim Harter Valton Tyler Harry Geffert and even more distant antecedents such as Hieronymus Bosch Hildegard of Bingen and the prehistoric rock artists of the Lower Pecos these artists are united by the common theme of taking inspiration from an inner landscape that includes elements of the fantastic the mystical and the surreal In his introduction to the interviews Bunch observes Art has many purposes Among the most ancient and persistent have been the depiction of worlds beyond what is perceived in common mythical pasts and imagined futures realms supernatural magical and fantastic and interior worlds of dreams visions hallucinations and unfettered imagination Through sensitive examination of these artists and their approach to these works he affords readers a fresh perspective on the creative process especially its roots in the subconscious and the human fascination with dreams and altered modes of awareness Ranging from discussions of filmmaker Richard Linklater to conversations with artist and educator Floyd Newsum while also incorporating less familiar artists such as Houston's Fariba Abedin and El Paso's Ho Baron this collection of interviews with working Texas artists includes a representative image chosen by each interviewee as a representation of their work *The Art of Dreams Visions Other Worlds Interviews with Texas Artists* promises to expand readers concepts of the boundaries currently being explored by Texas artists *Portrait of Dreams* Victoria Malvey, 1998 An agent of the king Lord Nicholas Leigh returns to nineteenth century England to claim the bride he had left on his wedding night even as a treacherous plot threatens to take him away from her and their lavish estate forever Publisher **Landscape Dreams, A New Mexico Portrait** , 2012-10-15 This collection of elegantly composed black and white images by one of New Mexico's most accomplished photographers celebrates the state's captivating physical variety and enduring allure With subject matter ranging from some of the state's most iconic landforms including the White Sands desert and Carlsbad Caverns to the people who work the land Varjabedian's images pay homage to New Mexico's ancient history and to the homely details of everyday life In photographing his subjects whether epic or

Jennifer L Shaw explains that Puvis's paintings were imagined to embody a vision of France. Although his regional images, allegories of the French heritage and evocations of the nation as an embracing motherland were all part of a grand tradition of public art, Puvis's painting style was more closely aligned with the avant garde. Rather than providing a specific narrative or allegory of France, Puvis's murals provoked viewers to experience their own fantasies of Frenchness rather than using the close brushwork favored by most of his contemporaries. Puvis used large flat areas of color to render his subjects. Shaw persuasively argues that Puvis was the only painter of the period to unite the traditions of public art and modernist form. Her original analysis of Puvis's art underlines his importance to the history of modernism; her examination of the public response to his art illuminates debates about art subjectivity and national identity in fin de siècle France.

BOOK JACKET The Portrait of the Lover Maurizio Bettini, 2023-12-22 There are a surprising number of stories from antiquity about people who fall in love with statues or paintings and about lovers who use such visual representations as substitutes for an absent beloved. In a charmingly conversational, witty meditation on this literary theme, Maurizio Bettini moves into a wide-ranging consideration of the relationship between self and image, the nature of love in the ancient world, the role of representation in culture, and more. Drawing on historical events and cultural practices as well as literary works, *The Portrait of the Lover* is a lucid excursion into the anthropology of the image. The majority of the stories and poems Bettini examines come from Greek and Roman classical antiquity, but he reaches as far as Petrarch, Da Ponte, and Poe. The stories themselves, ranging from the impassioned to the bizarre and from the sublime to the hilarious, serve as touchstones for Bettini's evocative explorations of the role of representation in literature and in culture. Although he begins with a consideration of lovers' portraits, Bettini soon broadens his concerns to include the role of shadows, dreams, commemorative statues, statues brought to life, and vengeful statues. In short, an entire range of images that take on a life of their own. The chapters shift skillfully from one theme to another, touching on the nature of desire, loss, memory, and death. Bettini brings to the discussion of these tales not only a broad learning about cultures but also a delighted sense of wonder and admiration for the evocative power and endless variety of the stories themselves. There are a surprising number of stories from antiquity about people who fall in love with statues or paintings and about lovers who use such visual representations as substitutes for an absent beloved. In a charmingly conversational, witty meditation on
