Martinello, Ophelia Nielsen Weinheimer, 1987     The Ruler Portraits of Anglo-Saxon England Catherine E. Karkov, 2004 The author argues that this series of portraits never before studied as a corpus creates a visual genealogy equivalent to the textual genealogies and regnal lists that are so much a feature of late Anglo Saxon culture As such they are an important part of the way in which the kings and queens of early medieval England created both their history and their kingdom BOOK JACKET     **American Impressionist and Realist Paintings and Drawings from the Collection of Mr. & Mrs. Raymond J. **The Art of Anglo-Saxon England** Catherine E. Karkov, 2011 Providing a fresh appraisal of the art of Anglo Saxon England this text looks at its influence upon the creation of an identity as a nation      *Auto-poetica* Darby Lewes, 2006-01-01 The nineteenth century Kunstlerroman self consciously addresses the devices of fiction and in doing so tends toward irony and self reflection and prefigures postmodernism A work of art written about an artist creating a work of art is in a sense a novel in which the author is a character The essays in this collection examine the work of major nineteenth century authors that attempted to merge fiction and reality into a unified whole These novels paved the way for postmodernists who would use the artist novel to self consciously focus on the genre's particular conventions to parody those conventions in order to accentuate the work's fictionality and to expose the oppositions between fiction and reality This collection thus reveals not only material concerns but the underlying anxieties drives and joys which are so profoundly linked to the creative process
