George Charles Williamson,1904 **The Portraits of Sir Francis Bernard** Albert Matthews,1922 *Soul of the Age* Paul Hemenway Altrocchi, MD,2014-08-21 The greatest cultural mystery in the Western World is Who wrote the plays and sonnets published under the pen name of William Shakespeare For reasons of monarchial succession greed and power Robert Cecil Queen Elizabeth s chief counselor forced Edward de Vere 17th Earl of Oxford to use a pseudonym for his great works De Vere chose the pen name William Shakespeare Because of his similar name Cecil selected Will Shakspere of Stratford on Avon as the fraudulent front man Poor choice Shakspere was uneducated never owned a book never traveled abroad knew no foreign languages and could not read or write Because of the tenacious grip of Conventional Wisdom professors of English still believe Cecil s hoax 400 years later clinging futilely to their Stratford Man despite abundant evidence against their illogical theory Soul of the Age contains 28 high quality articles by a remarkable new generation of authorship experts who clearly establish de Vere as Shakespeare and annihilate the illiterate Will Shakspere s candidacy Hugh Trevor Roper Professor of History Oxford University 1962 Armies of scholars formidably equipped have examined all the documents which could possibly contain at least a mention of his Shakespeare s name One hundredth part of this labour applied to one of his insignificant contemporaries would be sufficient to produce a substantial biography And yet the greatest of all Englishmen after this tremendous inquisition still remains so close a mystery that even his identity can still be doubted During his lifetime nobody claimed to know him Not a single tribute was paid to him at his death As far as the records go he was uneducated had no literary friends possessed at his death no books and could not write It is true six of his signatures have been found all spelt differently but they are so ill formed that some graphologists suppose the hand to have been guided Except for these

signatures no syllable of writing by Shakespeare Shakspere has been identified Such is the best the historians can do Clearly it is not enough It may be the shell it is not the man *Old England* ,1845 *Portrait of Oxford* ,1959 **Portraits and Philosophy** Hans Maes,2019-11-20 Portraits are everywhere One finds them not only in museums and galleries but also in newspapers and magazines in the homes of people and in the boardrooms of companies on stamps and coins on millions of cell phones and computers Despite its huge popularity however portraiture hasn't received much philosophical attention While there are countless art historical studies of portraiture contemporary philosophy has largely remained silent on the subject This book aims to address that lacuna It brings together philosophers and philosophically minded historians with different areas of expertise to discuss this enduring and continuously fascinating genre The chapters in this collection are ranged under five broad themes Part I examines the general nature of portraiture and what makes it distinctive as a genre Part II looks at some of the subgenres of portraiture such as double portraiture and at some special cases such as sport card portraits and portraits of people not present How emotions are expressed and evoked by portraits is the central focus of Part III while Part IV explores the relation between portraiture fiction and depiction more generally Finally in Part V some of the ethical issues surrounding portraiture are addressed The book closes with an epilogue about portraits of philosophers Portraits and Philosophy tangles with deep questions about the nature and effects of portraiture in ways that will substantially advance the scholarly discussion of the genre It will be of interest to scholars and students working in philosophy of art history of art and the visual arts **British and Irish Paintings in Public Collections** Christopher Wright,Catherine May Gordon,2006-01-01 This book sets a new standard as a work of reference It covers British and Irish art in public collections from the beginning of the sixteenth century to the end of the nineteenth and it encompasses nearly 9 000 painters and 90 000 paintings in more than 1 700 separate collections The book includes as well pictures that are now lost some as a consequence of the Second World War and others because of de accessioning mostly from 1950 to about 1975 when Victorian art was out of fashion By listing many tens of thousands of previously unpublished works including around 13 000 which do not yet have any form of attribution this book becomes a unique and indispensable work of reference one that will transform the study of British and Irish painting *Portrait of Oxford* Anthony F.
