edge of the emergence of modern warfare *Historical Dictionary of World War II* Anne Sharp Wells, 2013-12-24 This dictionary covers the complex and costly conflict that began when Germany ruled by Adolf Hitler and the Nazi Party invaded neighboring Poland on 1 September 1939 and concluded when Germany surrendered on 7 9 May 1945 leaving much of the European continent in ruins and its population devastated The war against Germany Italy and the other European Axis members was fought primarily in Europe the Mediterranean the Middle East East and North Africa and the Atlantic Ocean The Axis powers were defeated by the Allies led by the Grand Alliance of Great Britain the United States and the Union of Soviet Socialist Republics The *Historical Dictionary of World War II* The War against Germany and Italy relates the history of this war through a chronology an introductory essay maps and photos and an extensive bibliography The dictionary section has more than 300 cross referenced entries on the countries and geographical areas involved in the war as well as the nations remaining neutral wartime alliances and conferences significant civilian and military leaders and major ground naval and air operations This book is an excellent access point for students researchers and anyone wanting to know more about World War II *Most Secret Source: The Role of Enigma in WWII* Darvin Babiuk, 2020-12-16 How did ULTRA shape the course of the war At times it played a major role in the turning of battle at other times did not at still others was fatally misused and at still others was beneficial but not necessary to bring about victory in any case Unfortunately good intelligence is often badly used by its masters ULTRA was no different Did ULTRA win the war No men and tanks and bombs and airplanes did Did ULTRA shorten the war Given the extent to which it provided foreknowledge once the balance of military forces was relatively close the answer must be yes Did ULTRA prevent an earlier end to the war either by creating such confidence that avoidable mistakes were made in the rush for glory or by preventing acceptance of an outcome short of unconditional surrender or by causing the Allies to discount internal German opposition and a possible suicide attempt on Hitler No for its benefits outweighed its negative Does the glory of the victory become tainted in light of ULTRA Yes for not only does it reveal the extent to which our commanders knew in advance of German battle strengths and location thus giving them a decided advantage it also points out several egregious errors on their part despite possession of ULTRA Can intelligence be counted on to provide us victory in future conflicts No ULTRA use and implementation was clearly deficient for two to three years and came about only with the help of Polish and French contributions which we cannot count on in the future As Welchman points out that may well mean suicide in a world where computers and ICBM s reduce the drag time to seconds from years What role did ULTRA play To quote one of the examiners Ultra was a war winner even if not the war winner Roosevelt's Secret War Joseph E. Persico, 2002-10-22 Despite all that has already been written on Franklin Delano Roosevelt Joseph Persico has uncovered a hitherto overlooked dimension of FDR s wartime leadership his involvement in intelligence and espionage operations Roosevelt s Secret War is crowded with remarkable revelations FDR wanted to bomb Tokyo before Pearl Harbor A defector from Hitler s inner circle reported directly to the Oval Office Roosevelt knew before

any other world leader of Hitler's plan to invade Russia Roosevelt and Churchill concealed a disaster costing hundreds of British soldiers' lives in order to protect Ultra the British codebreaking secret An unwitting Japanese diplomat provided the President with a direct pipeline into Hitler's councils Roosevelt's Secret War also describes how much FDR had been told before the Holocaust about the coming fate of Europe's Jews And Persico also provides a definitive answer to the perennial question Did FDR know in advance about the attack on Pearl Harbor By temperament and character no American president was better suited for secret warfare than FDR He manipulated compartmentalized dissembled and misled demonstrating a spymaster's talent for intrigue He once remarked I never let my right hand know what my left hand does Not only did Roosevelt create America's first central intelligence agency the OSS under Wild Bill Donovan but he ran spy rings directly from the Oval Office enlisting well placed socialite friends FDR was also spied against Roosevelt's Secret War presents evidence that the Soviet Union had a source inside the Roosevelt White House that British agents fed FDR total fabrications to draw the United States into war and that Roosevelt by yielding to Churchill's demand that British scientists be allowed to work on the Manhattan Project enabled the secrets of the bomb to be stolen And these are only a few of the scores of revelations in this constantly surprising story of Roosevelt's hidden role in World War II The Gift of Death, Second Edition & Literature in Secret Jacques Derrida, 2017-08-25 An important contribution to the critical study of ethics for those made curious by the controversy that attends Derrida Booklist on the first edition The Gift of Death Jacques Derrida's most sustained consideration of religion explores questions first introduced in his book Given Time about the limits of the rational and responsible that one reaches in granting or accepting death whether by sacrifice murder execution or suicide Derrida analyzes Czech philosopher Jan Patočka's Heretical Essays in the Philosophy of History and develops and compares his ideas to the works of Heidegger Levinas and Kierkegaard One of Derrida's major works The Gift of Death resonates with much of his earlier writing and this highly anticipated second edition is greatly enhanced by David Wills's updated translation This new edition also features the first ever English translation of Derrida's Literature in Secret In it Derrida continues his discussion of the sacrifice of Isaac which leads to bracing meditations on secrecy forgiveness literature and democracy He also offers a reading of Kafka's Letter to His Father and uses the story of the flood in Genesis as an embarkation point for a consideration of divine sovereignty **Shadow Warriors of World War II** Gordon Thomas, Greg Lewis, 2017-01-01 They were told that the only crime they must never commit was to be caught Women of enormous cunning and strength of will the Shadow Warriors' stories have remained largely untold until now In a dramatic tale of espionage and conspiracy in World War II Shadow Warriors of World War II The Daring Women of the OSS and SOE unveils the history of the courageous women who volunteered to work behind enemy lines Sent into Nazi occupied Europe by the United States Office of Strategic Services OSS and Britain's Special Operations Executive SOE these women helped establish a web of resistance groups across the continent Their extraordinary heroism initiative and resourcefulness contributed to the Allied breakout of the

Normandy beachheads and to the eventual victory over Hitler Young and daring the female agents accepted that they could be captured tortured or killed but others were always readied to take their place So effective did the female agents become in their efforts the Germans placed a price of a million francs on the heads of operatives who were successfully disrupting their troops
