Secular Education in Philo of Alexandria Alan Mendelson, 1982 *Philo of Alexandria's Ethical Discourse* Nélica Naveros Córdova, CDP, 2018-09-15 *Philo of Alexandria's Ethical Discourse* Living in the Power of Piety proposes a fresh approach to better understand Philo's ethics exploring the virtue of piety In this exceptionally well researched book Nélica Naveros Córdova analyzes five major uses of piety in Philo's treatises piety and the Decalogue piety as a foundational virtue piety as the opposite of impiety the practice of piety and the relationship between piety and love of humanity Naveros carefully examines each of these five uses within both the Hellenistic Jewish and Greek philosophical traditions focusing particularly on piety's primary role in Philo's teaching about the acquisition of virtues and the avoidance of vices Naveros argues that in his ethical discourse Philo incorporates language familiar in ancient Greek philosophical ethical systems to attribute qualities and powers to the virtue of piety This book illustrates the way Philo moves beyond both Hellenistic Jewish and Greek philosophical traditions by comprehensively showing how he develops the place of piety from being a subordinate virtue in Greek catalogue of virtues to becoming a foundational virtue Naveros brings evidence from ancient Greco Roman and major Hellenistic Jewish texts as well as modern secondary literature in order to argue and support a plausible case for the understanding of Philo's unique configuration of his own ethical discourse his view of virtue ethics and his philosophical stance To date this is an original study on Philo's ethics and the first to offer the fullest evaluation of piety within the categories of ancient ethical systems

Law and Life Preston M. Sprinkle, 2008 Preston M Sprinkle examines the apostle Paul's understanding of salvation and compares it to the view of his Jewish contemporaries by means of looking at how both Paul and Judaism interpret a very important verse from the Old Testament Leviticus 18:5 **BOOK JACKET**

The Formal Education of the Author of Luke-Acts Steve Reece, 2022-06-16 Steve Reece proposes that the author of Luke Acts was trained as a youth in the primary and secondary Greek educational curriculum typical of the Eastern Mediterranean during the Roman Imperial period where he gained familiarity with the Classical and Hellenistic authors whose works were the focus of study He makes a case for Luke's knowledge of these authors internally by spotlighting the density of allusions to them in the narrative of Luke Acts and externally by illustrating from contemporary literary

papyrological and artistic evidence that the works of these authors were indeed widely known in the Eastern Mediterranean at the time of the composition of Luke Acts not only in the schools but also among the general public Reece begins with a thorough examination of the Greek educational system during the Hellenistic and Roman Imperial periods emphasizing that the educational curriculum was very homogeneous at least at the primary and secondary levels and that children growing up anywhere in the Eastern Mediterranean could expect to receive quite similar educations His close examination of the Greek text of Luke Acts has turned up echoes allusions and quotations of several of the very authors that were most prominently featured in the school curriculum Homer Aesop Euripides Plato and Aratus This reinforces the view that Luke along with other writers of the New Testament lived in a cultural milieu that was influenced by Classical and Hellenistic Greek literature and that he was not averse to invoking that literature when it served his theological and literary purposes
