Secular Theories On Religion:

Secular Theories on Religion Tim Jensen, Mikael Rothstein, 2000 Scholars of religious studies from Europe and North America explore what a secular or scientific study of religion should be like what methods it should apply what aims and what kind of scientific thinking should be pursued They also consider scholars as public intellectuals operating within and influenced by general societal developments The 18 essays provide a survey of current thinking in the field Distributed in the US by ISBS c Book News Inc

Post-Secular Society Gustaaf Geeraerts, 2017-07-28 Post Secular Society argues for several characteristics of the secular the experience of living in a secular age and the experience of living without religion as a normal condition Religion in the West is often seen as marked by both innovation and disarray In spite of differing approaches and perspectives of secularization rational choice and de secularization many scholars agree that the West is experiencing a general resurgence of religion across most Western societies Post Secular Society discusses the changes in religion related to globalization and New Age forms of popular religion The contributors review religion that is rooted in the globalized political economy and the relationship of post secularism to popular consumer culture Also reviewed is innovative discourse as a religious belief system theories of the post secular religious and spiritual well being and healing practices in Finland and environmentalism This paperback edition includes a new preface by Peter Nynas

'Religion' and 'Secular' Categories in Sociology Mitsutoshi Horii, 2022-01-01 Informed by critical religion perspective in Religious Studies and postcolonial self reflection in Sociology this book interrogates the ideas of religion and the secular in social theory and Sociology It argues that as long as social theory and sociological discourse embed the religion secular distinction and locate themselves on the secular side of the binary Sociology will continue to serve the very ideologies it tries to subvert namely Western modernity coloniality

Sacred and Secular Pippa Norris, Ronald Inglehart, 2011-10-17 This book develops a theory of existential security It demonstrates that the publics of virtually all advanced industrial societies have been moving toward more secular orientations during the past half century but also that the world as a whole now has more people with traditional religious views than ever before This second edition expands the theory and provides new and updated evidence from a broad perspective and in a wide range of countries This confirms that religiosity persists most strongly among vulnerable populations especially in poorer nations and in failed states Conversely a systematic erosion of religious practices values and beliefs has occurred among the more prosperous strata in rich nations

Secularization Steve Bruce, 2011-01-27 Secularization remains one of the most hotly debated topics in the study of religion in modern societies Steve Bruce elaborates the sociological secularization paradigm and defends it against a wide variety of recent attempts at rebuttal and refutation

Deep History, Secular Theory Luther Martin, 2014-05-21 Over the course of his career Luther H Martin has primarily produced articles rather than monographs This approach to publication has given him the opportunity to experiment with different methodological approaches to an academic study of religion with updates to and different

interpretations of his field of historical specialization namely Hellenistic religions the subject of his only monograph 1987 The contents of this collected volume represent Martin s shift from comparative studies to socio political studies to scientific studies of religion and especially to the cognitive science of religion He currently considers the latter to be the most viable approach for a scientific study of religion within the academic context of a modern research university The twenty five contributions collected in this volume are selected from over one hundred essays articles and book chapters published over a long and industrious career and are representative of Martin s work over the past two decades *Interpreting Charles Taylor's Social Theory on Religion and Secularization* Germán McKenzie, 2016-11-22 This book examines Taylorean social theory its sources main characteristics and impact Charles Taylor s meta narrative of secularization in the West prominently contained in his major work *A Secular Age* 2007 has brought new insight on the social and cultural factors that intervened in such process the role of human agency and particularly on the contemporary conditions of belief in North America and Europe This study discusses what Taylor s approach has brought to the scholarly debate on Western secularization which has been carried on mostly in sociological terms McKenzie interprets Taylor s views in a way that offers an original social theory Such interpretation is possible with the help of sociologist Margaret Archer s morphogenetic theory and by making the most of Taylor s particular understanding of the method of the social sciences and of his philosophical views on human beings knowledge and modernity After exploring the philosophical and sociological sources informing Taylorean social theory and proposing its basic concepts and hermeneutic guidelines the author compares it with two widespread theories of secularization the now waning orthodox account and that proposed by Rational Choice Theory scholars particularly prevalent in the United States In doing so the book shows in which ways Taylorean social theory supersedes them what new issues it brings into the scholarly discussion and what difficulties might limit its future development *Religion, Theory, Critique* Richard King, 2017-07-18 Religion Theory Critique is an essential tool for learning about theory and method in the study of religion Leading experts engage with contemporary and classical theories as well as non Western cultural contexts Unlike other collections this anthology emphasizes the dynamic relationship between religion as an object of study and different methodological approaches and openly addresses the question of the manifold ways in which religion secular and culture are imagined within different disciplinary horizons This volume is the first textbook which seeks to engage discussion of classical approaches with contemporary cultural and critical theories Contributors write on the influence of the natural sciences in the study of religion the role of European Christianity in modeling theories of religion religious experience and the interface with cognitive science the structure and function of religious language the social scientific study of religion ritual in religion the phenomenology of religion critical theory and religion embodiment and religion the impact of colonialism and modernity theorizing religion in terms of race and ethnicity links among religion nationalism and globalization the interplay of gender sex and religion and religion and the environment Each chapter introduces the topic identifies key theorists and issues and

respects the pluralistic nature of the scholarship in the field Altogether this collection scrutinizes the explicit and implicit assumptions theorists make about religion as an object of analysis

Manifesto of the Critical Theory of Society and Religion (3 Vols.) Rudolf Siebert, 2010-08-16 The Manifesto develops further the Critical Theory of Religion intrinsic to the Critical Theory of Society of the Frankfurt School into a new paradigm of the Psychology Sociology Philosophy and Theology of Religion Its central theme is the theodicy problem in the context of late capitalist society and its globalization

Social Identities Between the Sacred and the Secular Abby Day, 2013 Focusing on the important relationship between the sacred and the secular this book demonstrates that it is not paradoxical to think in terms of both secular and sacred or neither in different times and places International experts from a range of disciplinary perspectives draw on local national and international contexts to provide a fresh analytical approach to understanding these two contested poles Social Identities between the Sacred and the Secular provides an essential resource for continued research into these concepts challenging us to re think where the boundaries of sacred and secular lie and what may lie between
