Securing Borders Detention And Deportation In Canada:

Securing Borders Anna Pratt, 2005 Anna Pratt takes a close look at the laws policies and practices of detention and deportation in Canada since the Second World War She demonstrates that although the desire to fortify the border against risky outsiders has long been prominent in Canadian immigration penalty the degree to which concerns about security crime and fraud have come to govern the process is unprecedented Securing Borders traces the connections between seemingly disparate concerns detention deportation liberalism law discretion welfare criminal justice refugees security and risk to consider them in relation to the changing modes of Canadian governance

Policy Change, Courts, and the Canadian Constitution Emmett Macfarlane, 2018-01-01 Policy Change Courts and the Canadian Constitution aims to further our understanding of judicial policy impact and the role of the courts in shaping policy change Bringing together a group of political scientists and legal scholars this volume delves into a diverse set of policy areas including health care issues the regulation of elections criminal justice policy minority language education citizenship refugee policy human rights legislation and Indigenous policy While much of the public law and judicial politics literatures focus on the impact of the constitution and the judicial role scholarship on courts that makes policy change its central lens of analysis is surprisingly rare Multidisciplinary in its approach to examining policy issues this book focuses on specific cases or policy issues through a wide ranging set of approaches including the use of interview data policy analysis historical and interpretive analysis and jurisprudential analysis

Canadian Liberalism and the Politics of Border Control, 1867-1967 Christopher G. Anderson, 2012-11-17 Since 9 11 Canada's reputation as an inclusive country that takes in immigrants and refugees has been clouded by restrictive immigration policies increased interdiction and the detention of asylum seekers Moreover public debate over the arrival of non citizens especially those seeking entry through unofficial channels is now often framed within a security discourse that is used to justify a more restrictive approach These developments are not surprising in the current context but as Anderson illustrates they are also nothing new Canadian Liberalism and the Politics of Border Control sheds light on the long and complex history of Canada's efforts to control its borders Framing pivotal moments within a long standing but often overlooked debate over the rights of non citizens Anderson demonstrates that today's more restrictive approach reflects traditions deeply embedded within liberal democracies His insights into Canadian immigration and refugee history offer valuable lessons for understanding the nature of contemporary liberal democratic control policies

The Routledge Handbook on Crime and International Migration Sharon Pickering, Julie Ham, 2017-07-14 The Routledge Handbook on Crime and International Migration is concerned with the various relationships between migration crime and victimization that have informed a wide criminological scholarship often driven by some of the original lines of inquiry of the Chicago School Historically migration and crime came to be the device by which Criminology and cognate fields sought to tackle issues of race and ethnicity often in highly problematic ways However in the contemporary period this body of

scholarship is inspiring scholars to produce significant evidence that speaks to some of the biggest public policy questions and debunks many dominant mythologies around the criminality of migrants The Routledge Handbook on Crime and International Migration is also concerned with the theoretical empirical and policy knots found in the relationship between regular and irregular migration offending and victimization the processes and impact of criminalization and the changing role of criminal justice systems in the regulation and enforcement of international mobility and borders The Handbook is focused on the migratory fault lines between the Global North and Global South which have produced new or accelerated sites of state control constructed irregular migration as a crime and security problem and mobilized ideological and coercive powers usually reserved for criminal or military threats Offering a strong international focus and comprehensive coverage of a wide range of border criminal justice and migration related issues this book is an important contribution to criminology and migration studies and will be essential reading for academics students and practitioners interested in this field

Incarceration and Generation, Volume I Silvia Gomes, Maria João Leote de Carvalho, Vera Duarte, 2021-10-08 This two volume edited collection lays the groundwork for an international exploration of incarceration and generation cover a range of geographic judicial and administrative contexts of incarceration from contributors across a range of subjects Volume I explores an array of experiences dynamics cultures interventions and impacts of incarceration in specific generations childhood youth and emerging adulthood adulthood and older age It covers topics such as the expansion of the penal landscape deprivation of liberty regarding children the problem of unaccompanied migrant children the incarceration of young adults and adults exploring its impacts within and beyond incarceration and the consequences of imprisoning older populations Volume II examines intergenerational relations issues within different contexts of incarceration This collection discusses public policies and the role of the state and the citizen deprived of liberty It speaks to academics in criminology sociology psychology and law and to practitioners and policymakers interested in incarceration *Law and Religious Pluralism in Canada* Richard J. Moon, 2009-05-01 Law and Religious Pluralism in Canada seeks to elucidate the complex and often uneasy relationship between law and religion in democracies committed both to equal citizenship and religious pluralism Leading socio legal scholars consider the role of religious values in public decision making government support for religious practices and the restriction and accommodation by government of minority religious practices They examine such current issues as the legal recognition of sharia arbitration the re definition of civil marriage and the accommodation of religious practice in the public sphere *Immigrant and Migrant Workers Organizing in Canada and the United States* Jorge Frozzini, Alexandra Law, 2017-11-08 Across Canada and the United States immigrant workers face important obstacles at work and in the broader society whether their immigration status is temporary permanent or nonexistent Hyper precarious workers of all status groups and their allies in unions and worker centers are organizing to improve their conditions In this book Jorge Frozzini and Alexandra Law two longtime volunteers with a Canadian worker center draw on their own

experience in depth interviews and academic work from the fields of law communication studies and social movement theory to produce a tactically focused theoretically informed introduction to immigrant worker organizing in a neoliberal era Frozzini and Law describe the phenomenon of employment precarity in the context of U S and Canadian labor history explaining how union certification and collective bargaining function under the law Without directing activists toward any single best strategy they cover tactical and ethical questions raised when organizers offer casework as a recruitment and research tool The royalties from this book will go to the Immigrant Workers Centre Montreal

Attitudinal Decision Making in the Supreme Court of Canada C. L. Ostberg,Matthew E. Wetstein,2011-11-01 This book provides a comprehensive exploration of ideological patterns of judicial behaviour in the Supreme Court of Canada Relying on an expansive database of Canadian Supreme Court rulings between 1984 and 2003 the authors present the most systematic discussion of the attitudinal model of decision making ever conducted outside the setting of the US Supreme Court The groundbreaking discussion of the viability of this model as a unifying theory of judicial behaviour in high courts around the world will be essential reading for a wide range of legal scholars and court watchers

Globalisation and Migration Ronaldo Munck,2013-09-13 This book critically examines the new issues and new politics regarding migration in the era of globalisation from a majority world perspective It examines the current shifts in the global political economy and the effects it has for example in relation to rural displacement When and how does this lead to national and or transnational migration We need to examine the ways in which migration is cut across and impacts on the generation of racism and xenophobia in the west The issue of remittances by migrants to the developing nations needs careful study as does the controversial issue of brain drain versus brain gain through migration The growing importance of trafficking for forced labour has now been taken up by various international bodies but is it the new normality or simply an unfortunate side effect of globalisation to be overcome through legislation Migration is becoming increasingly gendered in its composition and flows but also in the receiving countries where men and women do very different jobs We can predict the increasing racialization and gendering of migration but how will the state and society respond to these shifts This book was published as a special issue of Third World Quarterly

Ways of Belonging Francesca Meloni,2023-10-13 Ways of Belonging examines the experiences of undocumented young people who are excluded from K 12 education in Canada Through rich ethnographic descriptions this book vividly shows how ambivalence and invisibility shape both the lives of young people and institutional attitudes toward them
