**Introduction to the Middle East** Rathnam Indurthy,2023-08-29 The Middle East is the center of three great ancient civilizations Egyptian Babylonian and Persian It is also the seat of four monotheistic religions Judaism Zoroastrianism Christianity and Islam Because of the strategic location between the West and the East the Middle East since the early nineteenth century became the fulcrum of competition among and between great powers including Czarist Russia and it became intensified with the outbreak of the Cold War the end of the World War II between the two superpowers the US and the Soviet Union and with the creation of Israel in 1948 and the discovery of oil And it remains as such even after the collapse of the Soviet Union in 1991 The region became an epicenter of the Arab Israeli conflict Islamic fundamentalism Islamic terrorism irredentism and sectarian wars The region remains politically unstable and unpredictable given the fact it is run by autocratic regimes and dynastic monarchies except for Israel a functioning democracy So the purpose of this work is to introduce students and the general readers to this region s history the founding of Islam its spread and split the Ottoman Empire and its fall the Western colonization and its end and the emergence of independent Arab states The also

work examines the domestic regional and international of nine countries the frontline and the Persian Gulf states in the context of the Arab Israeli conflict in terms of its impact and nonimpact over them with the exception of Turkey An understanding of the region hopefully should help us deal with the vicissitudes and the complexities given our dependence on the region's oil and the sea shipping through the Suez Canal and the Persian Gulf

**A New Structure for Security, Peace, and Cooperation in the Persian Gulf** Seyed Hossein Mousavian, 2020-11-17 Tensions between Iran and its Arab neighbors at the Persian Gulf have often been described as one of the challenges to the world peace and security over the past decade As a result one of the puzzles of the current international relations has been the question of whether or not there are prospects to resolve conflicts between Iran and Saudi Arabia and GCC and envision normalized friendly diplomatic relations between the two states This book argues that normalized and friendly ties between Iran and Saudi Arabia is possible and indeed the author shows that there is a historical precedence for it even in the post 1979 revolutionary Iran And if normalized and friendly diplomatic relations are possible between Iran and Saudi Arabia then it is not hard to envision that maladies of sectarianism as well as Sunni Shi'a conflict would subside in the region The book draws on the author's involvement conversations interviews and personal observations as Ambassador and official over several decades The book tries to explore the possibilities of diplomatic resolutions to the existing conflicts between Iran and Saudi Arabia and offer a roadmap to achieving sustainable diplomatic relations

**The Security of the Persian Gulf (RLE Iran D)** Hossein Amirsadeghi, 2012-04-27 The Persian Gulf important because of its vast energy resources emerged into the limelight of geopolitics at the time of the British Labour government's policy of withdrawal from East of Suez in 1968 Before 1968 it had been recognised that the Gulf lay in the legitimate sphere of influence of Britain while the United States exerted its influence in the two pivotal littoral states of Iran and Saudi Arabia The Soviets had been gaining influence in Iraq ever since the overthrow of the monarchy in 1958 and the Chinese were also fishing for influence by their support of the Popular Front for the Liberation of the Arabian Gulf This book examines the political axes of the various super powers with Iran and the Persian Gulf and discusses the implications of these problems for the issue of security in the region

*American Alliance Policy in the Middle East, 1945-1992* John P. Miglietta, 2002-01-01 American Alliance Policy in the Middle East provides a stimulating new look at a U S Cold War foreign policy gripped by anticommunist paranoia Through case studies of America's relationships with Iran Israel and Saudi Arabia John P Miglietta reveals how an overriding fear of global communism led to the overcommitment of U S security resources to the region The perceived need to preserve Middle East stability rendered U S policy ineffectual and unresponsive to changing local conditions drastically altering the patron client paradigm to the detriment of American strategic interests This superb analysis of American foreign policymaking illustrates how Cold War anticommunist ideology prevented the evolution of traditional military alliances into broader based relationships and perpetuated authoritarian regimes that mired the Middle East in a cycle of poverty and despotism
