Seductive Resistance: The Poetry of Théophile Gautier Constance Gosselin Schick, 2023-10-16 Gautier's poetry merits an attentive reading which respects his own essential criterion of poeticity namely textuality This is a poetry which puts on display its literariness that is its existence as cultural artifact In so doing however it also puts on display the absence of and its resistance to whatever personal or real signified it would evoke or name Its beauty and self-indulgent pleasure reveal their hollowness and inadequacy Its chiseled polished surface renders its borders or limits and its play unsatisfyingly and teasingly perceptible Its very superficiality allows invites and seduces the reader to go *entre les lignes* and perceive the mystery not of what has been symbolically buried unburied concealed revealed but of the truly absent the *ab mes superficiels* Chapter 1 focusing on texts from the *Poésies* of 1830 studies the intertextual repetition of Gautier's poetry the citations imitations and transpositions which make evident the poetry's displacement of the significant and the personal into aesthetic simulacra Chapter 2 deals with the poems of Gautier's second collection *Albertus* and analyzes the use of allegory and of humor as further markers of textual substitution The inherent lifelessness and illusoriness of the textual artifact is revealed in the poems of *La Comédie de la Mort* the collection examined in chapter 3 Chapter 4 analyzes the so-called descriptive referential poetry of *España* and finds that the *monde extérieur* of Gautier's poetry functions to express an absence of self and is itself always shown to be other than the Other The diminution of the poetic effected in *Emaux et Camées* is the subject of chapter 5 and chapter 6 deals with the contextuality the fetishism and the eroticism revealed in a miscellany of poems in particular the libertine poems which do not figure in Gautier's five major collections By short-circuiting significations and transforming them into seductive appearances Gautier reveals himself to be the acknowledged maître of both Baudelaire and Mallarmé

At War with Metaphor Erin Steuter, Deborah Wills, 2009-07-15 When photographs documenting the torture and humiliation of prisoners at Abu Ghraib came to the attention of a horrified public national and international voices were raised in shock asking how this happened At War with Metaphor offers an answer arguing that the abuses of Abu Ghraib were part of a systemic continuum of dehumanization This continuum has its roots in our public discussions of the war on terror and the metaphors through which they are repeatedly framed Arguing earnestly and incisively that these metaphors if left unexamined bind us into a cycle of violence that will only be intensified by a responsive violence of metaphor Steuter and Wills examine compelling examples of the images of animal insect and disease that inform shape and limit our understanding of the war on terror Tying these images to historical and contemporary uses of propaganda through a readable accessible analysis of media filters At War with Metaphor vividly explores how news media including political cartoons and talk radio are enmeshed in these damaging dehumanizing metaphors Analyzing media through the lenses of race and Orientalism it invites us to hold our media and ourselves accountable for the choices we make in talking war and making enemies **The**

Dictionary of Alternatives Doctor Martin Parker, Valerie Fournier, Patrick Reedy, 2013-07-18 There is no alternative to free market liberalism and managerialism is the orthodoxy of the twenty first century All too often ordinary people across the world are being told that the problem of organization is already solved or that it is being solved somewhere else or that it need not concern them because they have no choices This dictionary provides those who disagree with the evidence Using hundreds of entries and cross references it proves that there are many alternatives to the way that we currently organize ourselves These alternatives could be expressed as fictional utopias they could be excavated from the past or they could be described in terms of the contemporary politics of anti corporate protest environmentalism feminism and localism Part reference work part source book and part polemic this dictionary provides a rich understanding of the ways in which fiction history and today's politics provide different ways of thinking about how we can and should organize for the coming century

Alternative Comedy Oliver Double, 2020-04-16 In the late 1970s the alternative comedy scene exploded into life in Britain and completely changed the style subject matter and politics of British stand up Contemporary critics talked about it as anti matter comedy that makes you laugh while actually rearranging large chunks of your brain This book draws on a wealth of archive material including unpublished recordings of early performances and new interviews with key figures such

Role Playing Gary Bryant,2017-03-09 In the struggle for human liberation no question is more important than the question of identity The conventional identity so important in protecting our vulnerability during childhood is the chief obstacle to our real Identity much as the dragon of myth and legend guards a hoard of gold The secret to undermining the hegemony of this false identity is to understand it as an activity not an entity an activity comprised of a collection of roles we play in life And in the attempt to obtain this understanding no approach is more relevant or useful than the study of acting a study that explores how an actor learns to inhabit his character roles authentically In the compelling nature of this authenticity we can discover an echo of what it would mean to inhabit our own roles consciously as awakened and so authentic human beings
