Seeds Of Revolt 1821 1849:

Dostoevsky. 1. The seeds of revolt : 1821 - 1849 Joseph Frank, 1977 *Dostoevsky* Joseph Frank, 2020-03-31 The term biography seems insufficiently capacious to describe the singular achievement of Joseph Frank's five volume study of the life of the great Russian novelist Fyodor Dostoevsky. One critic writing upon the publication of the final volume casually tagged the series as the ultimate work on Dostoevsky in any language and quite possibly forever. Frank himself had not originally intended to undertake such a massive work. The endeavor began in the early 1960s as an exploration of Dostoevsky's fiction but it later became apparent to Frank that a deeper appreciation of the fiction would require a more ambitious engagement with the writer's life directly caught up as Dostoevsky was with the cultural and political movements of mid and late nineteenth century Russia. Already in his forties Frank undertook to learn Russian and embarked on what would become a five volume work comprising more than 2 500 pages. The result is an intellectual history of nineteenth century Russia with Dostoevsky's mind as a refracting prism. The volumes have won numerous prizes among them the National Book Critics Circle Award for Biography the Christian Gauss Award of Phi Beta Kappa the Los Angeles Times Book Prize and the James Russell Lowell Prize of the Modern Language Association **Dostoevsky, Vol.1** Joseph Frank (b), 1976 *Dostoevsky* Joseph Frank, 1979 **Dostoevsky** Joseph Frank, 1979 **Somewhat on the Community System** Andrew Loman, 2014-02-04 Hawthorne wrote much of his major fiction in the decade that the theories of Charles Marie Fourier crossed the Atlantic and contributed to a wave of communitarian experimentation in the American North. Famously Hawthorne briefly lived and worked at Brook Farm a Transcendentalist commune that formally converted to Fourierism when he had left and was embroiled in litigation to recover money he had invested in the community. In his fiction Hawthorne responded directly to Fourierism and its critique of capitalism. He used his experiences at Brook Farm as the inspiration for *The Blithedale Romance* and in *The House of the Seven Gables* cast one of the principal characters as a recovering Fourierist. In *The Scarlet Letter* he engaged with Fourierist debates on marriage and the regulation of desire. **Somewhat on the Community System** examines these interventions and argues that Hawthorne's fiction both seeks to contain Fourierism and responds to its allure. Moreover in formulating alternative morally acceptable utopias ones that are predicated on middle class marriage Hawthorne's fiction appropriates key aspects of Fourierist theory **Lectures on Dostoevsky** Joseph Frank, 2022-04-19 L'éditeur indique This book collects twelve classroom lectures on seven major works by Dostoevsky *Crime and Punishment* *The Brothers Karamazov* *The Idiot* *Notes from Underground* and three others by Joseph Frank the author of the definitive five volume biography of Dostoevsky published by Princeton University Press. Frank's widow Marguerite Frank has worked with a Russian translator and former student of Frank's Marina Brodskaya to compile the lectures some of which Frank had written out in their entirety others for which he left extensive notes. The book will contain a preface introduction seven chapters each containing one or two lectures on a major work and lists of further reading and stage and screen

adaptations of Dostoevsky's works Each lecture is about 4 000 words and is written in a conversational style that is accessible for undergraduates but also demonstrates Frank's unparalleled knowledge of the Russian author and his world providing wide ranging literary and historical context The editors include notes to explain references and allusions The book also will include some images of Joseph Frank Dostoevsky a couple of artworks discussed in the lectures and a sample of Frank's handwritten lecture notes Dostoevsky's Polyphonic Talent Joe E. Barnhart, 2005 This book illuminates the connectedness of Dostoevsky's literary art with his philosophical and psychological brilliance Two Fyodor Dostoevsky conferences originating at the University of North Texas set the stage for this volume Scholars contributed original papers focusing on how Dostoevsky's literary art and philosophical insights enrich one another Fyodor Dostoevsky wrote and thought polyphonically His polyphonic method is both his special literary technique and his distinctive way of probing theological social and philosophical depths As Bakhtin and Terras suggest all Dostoevsky's major literary inventions from the underground man to the vitriolic Grushenka are products of his ability to listen profoundly to his own characters Like the genius author redactor of 1 and 2 Samuel he reports the heights and depths of human emotion and behavior whether exploring the anatomy of dysfunctional families making the heart soar with Zosima's vision of forgiveness or giving Ivan Karamazov full rein to challenge theism Dostoevsky's characters transform themselves into irregular verbs whose fierce independence emerges only because of their desperate and inescapable interdependence His major characters are text subtext and context for each other They play inside each other's head and answer in one way or another **Anton Rubinstein** Philip S. Taylor, 2007-06-14 The first modern biography in English of Russian composer pianist Anton Rubinstein this book places Rubinstein within the context of Russian and western European musical culture during the late 19th century exploring his rise to international fame from humble origins in Bessarabia as well as his subsequent rapid decline and marginalization in later musical culture Taylor provides a balanced account of Rubinstein's life and his career as a piano virtuoso conductor composer and as the founder of Russia's first conservatory Widely considered the virtuosic heir to Liszt and recognized internationally as an equivalent cultural icon he performed with most leading musicians of the day including Liszt himself Joachim Clara Schumann Vieuxtemps Wieniawski Saint Saens and Ysa e **The Russian Intelligentsia** Sibelan Forrester, Olga Partan, 2025-04-29 The Russian intelligentsia is the historic phenomenon of an educated opposition and it has provoked a substantial body of Russian and Western publications This book focuses on the intelligentsia's Myth Mission Metamorphosis as discovered in literature journalism and theater The chapters define essential elements of the myth of the intelligentsia as a distinctive social group and a spiritual formation claiming high moral standards and expectations for the self and for society Second contributions explore how the intelligentsia sees its mission on various historical stages as inextricably linked with Russia's and the Soviet Union's cultural destiny especially its literary and other artistic creations Finally the volume addresses the metamorphosis of the intelligentsia over centuries as socio political factors shaped its

persistence and its perpetual transformation
