Description and the Act of Perception

Sarah Stanbury

Seeing The Gawain Poet

Jeremy Lowe

Seeing The Gawain Poet:

Seeing the Gawain-Poet Sarah Stanbury, 2016-11-11 Offers the full length study of the descriptive art found in four medieval poems Sir Gawain and the Green Knight Pearl Purity and Patience **Desiring Truth** Jeremy Lowe, 2005-01-07 First published in 2005 Volumes in the Medieval History and Culture series include studies on individual works and authors of Latin and vernacular literatures historical personalities and events theological and philosophical issues and new critical approaches to medieval literature and culture Momentous changes have occurred in Medieval Studies in the past thirty years in teaching as well as in scholarship The Medieval History and Culture series enhances research in the held by providing an outlet for monographs by scholars in the early stages of their careers on all topics related to the broad scope of Medieval Studies while at the same time pointing to and highlighting new directions that will shape and define scholarly discourse in the future This volume explores a methodology for articulating this relationship that fourteenth century texts invite us to participate in the production of meaning judgment the willed act of moral engagement and therefore the process a living evolving relationship an open circuit between text and respondent **The Signifying Power of Pearl** Jane Beal, 2016-12-08 This book enhances our understanding of the exquisitely beautiful fourteenth century Middle English dream vision poem Pearl Situating the study in the contexts of medieval literary criticism and contemporary genre theory Beal argues that the poet intended Pearl to be read at four levels of meaning and in four corresponding genres literally an elegy spiritually an allegory morally a consolation and anagogically a revelation The book addresses cruxes and scholarly debates about the poem's genre and meaning including key questions that have been unresolved in Pearl studies for over a century What is the nature of the relationship between the Dreamer and the Maiden What is the significance of allusions to Ovidian love stories and the use of liturgical time in the poem How does avian symbolism like that of the central symbol of the pearl develop transform and add meaning throughout the dream vision What is the nature of God portrayed in the poem and how does the portrayal of the Maiden's intimate relationship to God her spiritual marriage to the Lamb connect to the poet's purpose in writing Noting that the poem is open to many interpretations Beal also considers folktale genre patterns in Pearl including those drawn from parable fable and fairy tale The conclusion considers Pearl in the light of modern psychological theories of grieving and trauma This book makes a compelling case for re-reading Pearl and recognizing the poem's signifying power Given the ongoing possibility of new interpretations it will appeal to those who specialize in Pearl as well as scholars of Middle English Medieval Literature Genre Theory and Literature and Religion **The Medieval Poetics of the Reliquary** S. Chaganti, 2008-09-29 Through interdisciplinary readings of medieval literature and devotional artifacts The Medieval Poetics of the Reliquary shows how reliquaries shaped ideas about poetry and poetics in late medieval England *The Romance of the Rose and the Making of Fourteenth-Century English Literature* Philip Knox, 2022-02-17 The Romance of the Rose had a transformative effect on the multilingual literary culture of fourteenth century England leaving more material

evidence for late medieval English speaking readers than any other vernacular literary work from mainland Europe This book examines its decisive effect on English literature of the fourteenth century and new literary experiments it provoked from writers such as Geoffrey Chaucer John Gower William Langland and the author of Sir Gawain and the Green Knight Linking the English afterlife of the Rose to a host of ongoing cultural developments in mainland Europe The Romance of the Rose and the Making of Fourteenth Century English Literature reveals the deep interconnectedness of English and European literary culture Examining courtly clerical and classicising orientations towards the text it presents new arguments for the place of the Rose at the centre of fourteenth century English literature and explores its rich manuscript history to reveal new evidence about the cultural significance of this love allegory from thirteenth century France The chapters avoid an author centred approach arranging readings of the Rose and its relation with English literature in constellations that reveal complex unfolding inter relation of the diverse readings of the Rose that took place in fourteenth century England

Waste and the Wasters Eleanor Johnson,2023-11-27 A groundbreaking examination of ecological thought in medieval England While the scale of today s crisis is unprecedented environmental catastrophe is nothing new Waste and the Wasters studies the late Middle Ages when a convergence of land contraction soil depletion climate change pollution and plague subsumed Western Europe In a culture lacking formal scientific methods the task of explaining and coming to grips with what was happening fell to medieval poets The poems they wrote used the terms waste or wasters to anchor trenchant critiques of people s unsustainable relationships with the world around them and with each other In this book Eleanor Johnson shows how poetry helped medieval people understand and navigate the ecosystemic crises both material and spiritual of their time

The gift of narrative in medieval England Nicholas Perkins,2021-02-23 This invigorating study places medieval romance narrative in dialogue with theories and practices of gift and exchange opening new approaches to questions of storytelling agency gender and materiality in some of the most engaging literature from the Middle Ages It argues that the dynamics of the gift are powerfully at work in romances through exchanges of objects and people repeated patterns of love loyalty and revenge promises made or broken and the complex effects that time works on such objects exchanges and promises Ranging from the twelfth century to the fifteenth and including close discussions of poetry by Chaucer the Gawain Poet and romances in the Auchinleck Manuscript this book will prompt new ideas and debate amongst students and scholars of medieval literature as well as anyone curious about the pleasures that romance narratives bring

Manuscript, Narrative, Lexicon Robert Boenig,Kathleen Davis,2000 Each of these essays considers the convoluted nature of the transmission process in question and reconsiders the historical framework that has informed our own reception of it

BOOK JACKET

Chasing the Pearl-Manuscript Arthur Bahr,2025-03-11 A unique study of the only physical manuscript containing Sir Gawain and the Green Knight as both a material and literary object In this book Arthur Bahr takes a fresh look at the four poems and twelve illustrations of the so called Pearl Manuscript the only surviving medieval copy of two of the best known Middle English

poems Pearl and Sir Gawain and the Green Knight In Chasing the Pearl Manuscript Bahr explores how the physical manuscript itself enhances our perception of the poetry drawing on recent technological advances such as spectroscopic analysis to show the Pearl Manuscript to be a more complex piece of material visual and textual art than previously understood By connecting the manuscript s construction to the intricate language in the texts Bahr suggests new ways to understand both what poetry is and what poetry can do

Routledge Revivals: Community, Gender, and Individual Identity (1988) David Aers, 2024-11-01 First published in 1988 David Aers explores the treatment of community gender and individual identity in English writing between 1360 and 1430 focusing on Margery Kempe Langland Chaucer and the poet of Sir Gawain He shows how these texts deal with questions about gender the making of individual identity and competing versions of community in ways which still speak powerfully in contemporary analysis of gender formation sexuality and love Making wide use of recent research on the English economy and communities and informed by current debates in the theory of culture and gender the book will be of interest to those concerned with medieval studies Renaissance studies and women s studies
