Seizure Of Political Power In A Century:

The Seizure of Political Power in a Century of Revolutions Feliks Gross,1970 The seizure of political power in a century of revolution Feliks Gross,1979 **Modern Revolutions** John Dunn,1989-06-22 Many political regimes today draw such legitimacy as they have from a revolution the destruction of an existing political elite and its replacement by a different group or groups drawn from inside the same society A large part of the ideological dispute in world politics has come in consequence to turn on an interpretation of the character of revolutions as political and social events It is extremely difficult to separate ideological assessments of the desirability or otherwise of what has occurred in revolutions from causal explanations of why these revolutions occurred and both major traditions in the analysis of revolutionary phenomena have been damaged by their failure to distinguish clearly between explanation and assessment In examining eight major revolutions of the twentieth century John Dunn helps readers to remedy this state of affairs by thinking for themselves

Revolution Rosemary H. T. O'Kane,2000 All of the major work on the subject of revolutions is collected in this useful set Including work from seminal figures such as Hatto and Gottschalk in the 1940s as well as the most important literature all the way through 1998 the articles reprinted here consider the concept theory and causes of revolution revolutionary state building and the outcomes of revolutions case studies of great revolutions and much more Max Weber, Critical Assessments 2 Peter Hamilton,1991 **Decentering European Intellectual Space**, 2018-05-15 Decentering European Intellectual Space challenges the conventional view of intellectual history as a debate over the interpretation of a limited number of texts produced by a small group of prominent scholars writers and intellectuals from the cultural centers of Europe Addressing the question What is European intellectual space this collection of essays seeks to demonstrate how this space is shaped ordered and communicated between Europe s fluctuating cores and peripheries Focusing on the asymmetrical relations between large and small centers and peripheries cores and margins in scholarly and other forms of interaction and within Europe as well as globally the volume brings forth a variety of trajectories and strategies developed by intellectuals outside the culturally dominant centers Contributors are David Cottingham Narve Fuls s Tommaso Giordani Marja Jalava Zs fia L rand ukasz Miko ajewski Diana Mishkova Stefan Nyg rd Emilia Palonen Manolis Patiniotis Johanna Rainio Niemi Tore Rem Jos Mar a Rosales and Johan Strang **Translations from Hung-ch'i (Red Flag)** United States. Revolution and ChangeKorea Sung Chul Yang,2015-12-15 This book is my Ph D dissertation on two epochal political upheavals known in Korea as the April 19 Student Revolution of 1960 and the May 16 Military Coup d etat of 1961 The comparative analysis of their causes and processes and their respective impacts on Korean political and economic development was the central focus of this study It was written in 1970 Korea s political miracle such as liberty democracy and unity of our nation took fertile root from the April Student Revolution as its economic miracle of rapid modernization and industrialization gained momentum from the May Military Coup Ultimately however our people s sweats tears and sacrifices are behind these two miracles
