Editing Eden Frank Hutchins, Patrick C. Wilson, 2010-04-01 Recent scholarship on the Amazon has challenged depictions of the region that emphasize its natural exuberance or represent its residents as historically isolated peoples stoically resisting challenges from powerful global forces The contributors to this volume follow this lead by situating the discussion of the Amazon and its inhabitants at the intersections of identity politics debates about socioeconomic sovereignty and processes of place making Editing Eden focuses on case studies from Amazonian Brazil Colombia and Ecuador regarding the themes of indigeneity community making development politics and the transcendence of indigenous nonindigenous divides Portraits of the Amazon emerge through an analysis of indigenous identity as a product of multiple sources including state policies toward Amazonian populations the views of foreign ecotourists the agendas of nongovernmental organizations NGOs and accounts of journalists At the same time indigenous and nonindigenous Amazonians challenge the representations constructed for and about them by integrating anthropologists and other nonlocals into their reciprocal systems of gift giving or by utilizing NGO or ecotourist dollars to support their own cultural agendas Editing Eden offers insights from leading anthropologists of the region providing perspectives on the Amazon beyond the counterfeit paradise but short of El Dorado

Singing to the Plants Stephan V. Beyer, 2010-01-15 In the Upper Amazon mestizos are the Spanish speaking descendants of Hispanic colonizers and the indigenous peoples of the jungle Some mestizos have migrated to Amazon towns and cities such as Iquitos and Pucallpa most remain in small villages They have retained features of a folk Catholicism and traditional Hispanic medicine and have incorporated much of the religious tradition of the Amazon especially its healing sorcery shamanism and the use of potent plant hallucinogens including ayahuasca The result is a uniquely eclectic shamanist culture that continues to fascinate outsiders with its brilliant visionary art Ayahuasca shamanism is now part of global culture Once the terrain of anthropologists it is now the subject of novels and spiritual memoirs while ayahuasca shamans perform their healing rituals in Ontario and Wisconsin Singing to the Plants sets forth just what this shamanism is about what happens at an ayahuasca healing ceremony how the apprentice shaman forms a spiritual relationship with the healing plant spirits how sorcerers inflict the harm that the shaman heals and the ways that plants are used in healing love magic and sorcery

Pachakutik Marc Becker, 2010-12-16 This authoritative book provides a deeply informed overview of one of the most dynamic social movements in Latin America Focusing on contemporary Indigenous movements in Ecuador leading scholar Marc Becker traces the growing influence of the Confederation of Indigenous Nationalities of Ecuador CONAIE which in 1990 led a powerful uprising that dramatically placed a struggle for Indigenous rights at the center of public consciousness Activists began to refer to this uprising as a pachakutik a Kichwa word that means change rebirth and transformation both in the sense of a return in time and the coming of a new era Five

years later proponents launched a new political movement called Pachakutik to compete for elected office In 2006 Ecuadorians elected Rafael Correa who many saw as emblematic of the new Latin American left to the presidency of the country Even though CONAIE Pachakutik and Correa shared similar concerns for social justice they soon came into conflict with each other Becker examines the competing strategies and philosophies that emerge when social movements and political parties embrace comparable visions but follow different paths to realize their objectives In exploring the multiple and conflictive strategies that Indigenous movements have followed over the past twenty years he definitively documents the recent history and charts the trajectory of one of the Americas most powerful and best organized social movements
