Souljastory@itrilla.com Richard Warren Crosson,2012-08 The year is 2016 in the mist of the great recession hangs like an ominous storm cloud in the backdrop of this story which is told in hindsight through the blogs of a chick named Isis In her sometimes salacious narrative this iTrills com blogger has taken her readers back in time when she was a young crazy sexy cool ride or die type that shamelessly rocked a red flag She knew more computer codes than a Silicon Valley whiz kid Readers of her blog also get a peek into her sizzling hot sexual affair with a devilishly influential guerilla gansta named Soulja leader of the notorious B R M clique and founder of the even more influential iTrilla com Never mind that Isis has a man that worships her like her goddess name She s become a drifting moth attracted to the flame of Soulja ever since she and her boyfriend met him While still in the hands of the Feds Soulja evolved into an informed convict disguised as a blogger Unfortunately for the powers that be he is laced with controversial convictions that has inspired millions Soon after his release into the free world he covertly used his own social networking site to chop it up with other leaders of illicit underground street orgs With them he devises a radical blueprint to destroy every prison plantation in America hoping to create a slavery revolt just like the legend of his hero Nat Turner Of course no plan of this magnitude could ever unravel without a significant glitch

although this novel has been cleverly written to hide the identity of real people and real life situations that I've observed throughout my childhood years on up till now and any names or similarities are a complete coincidence. In this novel you'll find a world of drama, murder, greed, deception, love, hate, envy, and revenge, followed by short but sweet poems and prayers. For every lost soul needs a prayer. And although I said I wouldn't, I'm going to give you a small clue of what my novel is all about. Let me introduce to you a couple of my favorite characters for starters. I bring to you Tamara Monet, a very dominant, independent, caring woman who has suffered a lot throughout her childhood, who finds herself trapped in a world of lies and deceit. And now it's time for her to find herself by letting go of all the negative baggage she's carrying in, which is very hard for her to do with all the added baggage that will simply break her all the way down in order for her to find her mission in life. Now I would like to present a very exciting character by the name of Michael Paul, who's an ex-convict trying to start his life over with a clean slate but is gradually pushed towards a dangerous lifestyle and a lot of people who would love to see his downfall, but that's all for now. You'll have to read the book to get the real juice.

The Year Before the Flood Ned Sublette, 2009-09-01. With a style the Los Angeles Times calls as vivid and fast-moving as the music he loves, Ned Sublette's powerful new book drives the reader through the potholed, sinking streets of the United States's least typical city. In this eagerly awaited follow-up to *The World That Made New Orleans*, Sublette's award-winning history of the Crescent City's colonial years, he traces an arc of his own experience from the white supremacy of segregated 1950s Louisiana through the funky year of 2004-2005, the last year New Orleans was whole. By turns irreverent, joyous, darkly comic, passionate, and polemical, *The Year Before the Flood* juxtaposes the city's crowded calendar of parties, festivals, and parades with the murderousness of its poverty and its legacy of racism. Along the way, Sublette opens up windows of American history that illuminate the present: the trajectory of Mardi Gras from pre-Civil War days, the falsification of Southern history in movies, the city's importance to early rock and roll, the complicated story of its housing projects, the uniqueness of its hip-hop scene, and the celebratory magnificence of the participatory parades known as second lines. With a grand, unforgettable cast of musicians and barkeeps, scholars and thugs vibrating with the sheer excitement of New Orleans, *The Year Before the Flood* is an affirmation of the power of the city's culture and a heartbreaking tale of loss that definitively establishes Ned Sublette as a great American writer for the 21st century.

Gangster Mission Part One Dontavious Robinson, 2020-06-10. *Gangster Mission Part I* is mainly about identical quadruplet brothers terrorizing the streets they lived on because there was no other way for them to provide a self-satisfying living to prevent from starving and becoming nothing of existence. So after robbing banks, trap houses, random bystanders, and hotels, the brothers' everyday doing took a drastic turn when an unexpected decision was made without group consent, resulting in a cop being killed. So while in the midst of evading the capture of the policemen that they were eluding from the brothers, so happened to meet

these four sisters of the same mentality that they themselves carried Would this be the brothers downfall or their upbringing
