## **Peddlers Dream:**

**The Dream Peddler** Martine Fournier Watson, 2019 Traveling salesmen like Robert Owens have passed through Evie Dawson's town before but none of them offered anything like what he has to sell dreams made to order with satisfaction guaranteed Soon after he arrives the community is shocked by the disappearance of Evie's young son The townspeople shaken by the Dawson family's tragedy and captivated by Robert's subversive magic begin to experiment with his dreams And Evie devastated by grief turns to Robert for a comfort only he can sell her But the dream peddler's wares awaken in his customers their most carefully buried desires and despite all his good intentions some of them will lead to disaster **A Peddler's Dream** Janice Jordan Shefelman, 1999-12 A Lebanese man who comes to the United States to seek his fortune suffers several setbacks but makes his dream come true *Financing the American Dream* Lendol Calder, 2009-07-01 Once there was a golden age of American thrift when citizens lived sensibly within their means and worked hard to stay out of debt The growing availability of credit in this century however has brought those days to an end undermining traditional moral virtues such as prudence diligence and the delay of gratification while encouraging reckless consumerism Or so we commonly believe In this engaging and thought provoking book Lendol Calder shows that this conception of the past is in fact a myth Calder presents the first book length social and cultural history of the rise of consumer credit in America He focuses on the years between 1890 and 1940 when the legal institutional and moral bases of today's consumer credit were established and in an epilogue takes the story up to the present He draws on a wide variety of sources including personal diaries and letters government and business records newspapers advertisements movies and the words of such figures as Benjamin Franklin Mark Twain and P T Barnum to show that debt has always been with us He vigorously challenges the idea that consumer credit has eroded traditional values Instead he argues monthly payments have imposed strict externally reinforced disciplines on consumers making the culture of consumption less a playground for hedonists than an extension of what Max Weber called the iron cage of disciplined rationality and hard work Throughout Calder keeps in clear view the human face of credit relations He re-creates the Dickensian world of nineteenth century pawnbrokers takes us into the dingy backstairs offices of loan sharks into small town shops and New York department stores and explains who resorted to which types of credit and why He also traces the evolving moral status of consumer credit showing how it changed from a widespread but morally dubious practice into an almost universal and generally accepted practice by World War II Combining clear rigorous arguments with a colorful narrative style *Financing the American Dream* will attract a wide range of academic and general readers and change how we understand one of the most important and overlooked aspects of American social and economic life **Salt Dreams** William DeBuys, 1999 A history of the Salton Sea which has become a prophetic story of mounting environmental crises that impinge on the water supply of southern California's sixteen million people **Dreams, Dreamers, and Visions** Ann Marie Plane, Leslie Tuttle, 2013-04-26 In this volume scholars from three

the imagery of dreams They illustrate the many predicaments that dreams depict the self deceptions we practice in relation to our dreams and then show how dream groups whether a family or a group of strangers can work together to uncover the meaning of dreams And they enrich their book by discussing everything from the history of dreams to the possibilities of dreams across space and time The result is a storehouse of information about the world of dreams     **Buyout** Rick Rickertsen,Robert E.
