Beegle,1978 **The Famous Seer** Tara Degrenier,2021-06 You definitely have heard about the prediction from the seer in this century about the earthquake or the earth will be disappeared The prophecies are gaining more well known and they are converging in our times To explain this kind of ability this book will do it for you The focus is on prophecies that are converging in our present times These include the prophecy of the Last Pope in a line of 112 Pope Francis being the 112th Includes Nostradamus timing and his vision of three Antichrists two of which have already appeared and gone who may be the third and final one Also included are the Messages from Mary the Mother of Jesus and how she points to a rapidly approaching transition into a new era when only the pure of heart may incarnate Surprisingly the Great Pyramid secretly contains an ancient Egyptian timeline that points directly to the year 2038 as the end of an era There is a long forgotten legend about Seven Ages of Humanity and it indicates that we are presently in the Sixth Age only one more before all Humanity changes Included are physical changes to our planet affecting all life changes that even scientists are now alerting us to There are prophecies found in the Bible that speak directly to our times And since the author is the Director of the Edgar Cayce Foundation he includes amazing visions from this famous seer that address events facing us today and in the near future If you want to be informed prepared and ready for these converging changes this is your guide Is Jesus of Nazareth the Predicted Messiah? Douglas D. Scott,2019-02-04 Christians in general and preachers of prophecy in particular attribute the fulfillment of hundreds of Old Testament messianic prophecies to Jesus of Nazareth Often these claims arise in the uncritical environment of Christian churches or popular literature that is treating messianic prophecy People with critical thinking abilities and those endowed with a skeptical nature often have key questions that remain unaddressed in such environments These thinkers and skeptics are the people that will be most interested in this work The primary question

addressed is this Do critically acceptable historical evidential reasons exist for believing that Jesus Christ is the direct fulfillment of some specific Old Testament messianic texts Approaching this question within a framework that eliminates any possibility of staged prophetic fulfillment and those that may occur by mere chance or collusion produces results that must be taken seriously Even with these strict criteria Jesus emerges as the only viable candidate to fulfill some of the prophecies included in this study For other prophetic texts the evidence is not as abundant or convincing However even these texts yield several minimal facts that directly impinge on New Testament claims about Jesus
