Saint-Gaudens, National Historic Site, New Hampshire United States. National Park Service, 1996 *Augustus Saint-Gaudens in the Metropolitan Museum of Art* Metropolitan Museum of Art (New York, N.Y.), Thayer Tolles, 2009 The Metropolitan Museum of Art has some forty five sculptures by Augustus Saint Gaudens 1848 1907 the American Beaux Arts sculptor who worked in New York Paris and Cornish New Hampshire The Museum s collection fully represents the range of his oeuvre from early cameos to innovative painterly bas reliefs to reductions after public monuments for East Coast cities Through the lens of the Museum s unparalleled holdings as well as some related loans this exhibition offers a reappraisal of Saint Gaudens s groundbreaking role in the history of late nineteenth century American sculpture and the Aesthetic Movement The Metropolitan Museum of Art web site *Augustus Saint-Gaudens, Master Sculptor* Kathryn Greenthal, 1985 Kathryn Greenthal s *Augustus Saint Gaudens Master Sculptor* is a critical study of one of the greatest artists this country has produced The book recounts the sculptor s early days in New York as a cameo cutter s apprentice and his student years in France and Italy and identifies the sources of European influence from which he honed his native talent and earned his place in the international sculptural hierarchy The author examines Saint Gaudens s major achievements and reveals the associations working methods and fortunes of a man whose career flourished in the last quarter of the nineteenth century and the opening years of the twentieth Saint Gaudens established himself in New York in the 1880s after periods of work and study in Paris and Rome His return to America coincided with the great age of Beaux Arts architecture and the sculptor s inspired association with Henry Hobson Richardson Charles McKim and Stanford White led to the creation of the works for which he is best known The copper figure of Diana that Saint Gaudens made to embellish the original Madison Square Garden is the work most strongly identified with the sculptor today Saint Gaudens s monuments to American heroes to Lincoln in Chicago to Farragut and Sherman in New York and to Robert Gould Shaw in Boston demonstrate the Beaux Arts concern with decoration but also display a particularly American mythologizing quality In a sense these great men of history live in the public consciousness through the aspect of their characters Saint Gaudens chose to portray In another mode Saint Gaudens created large scale works of great intimacy most notably the Adams Memorial in Washington D C whose solitary figure represents the emotion of grief Throughout his career while he was at work on monumental commissions Saint Gaudens also produced many relief portraits that show the delicacy of his draughtsmanship Some of these are like sketches in bronze others are fully developed portraits In subject they range from a series of the sculptor s celebrated artist friends to distinguished personages and the children of wealthy patrons Finally late in his life Saint Gaudens was asked by Theodore

Roosevelt to design coins The figures of Liberty and the eagles that decorated these ten and twenty dollar gold pieces remain emblems of the federal identity familiar and ideal Copiously illustrated with photographs those by Jerry L Thompson taken especially for the book Augustus Saint Gaudens Master Sculptor presents in dazzling array accounts of works described by John K Howat in the book s preface as possessing such superb qualities of line form color and surface that they capture equally our mind and our eye with the illusive impact of great beauty found only in the finest art objects **The Grandest Madison Square Garden** Suzanne Hinman,2019-05-23 November 1891 the heart of Gilded Age Manhattan Thousands filled the streets surrounding Madison Square fingers pointing mouths agape After countless struggles Stanford White the country s most celebrated architect was about to dedicate America s tallest tower the final cap set atop his Madison Square Garden the country s grandest new palace of pleasure Amid a flood of electric light and fireworks the gilded figure topping the tower was suddenly revealed an eighteen foot nude sculpture of Diana the Roman Virgin Goddess of the Hunt created by Augustus Saint Gaudens the country s finest sculptor and White s dearest pal The Grandest Madison Square Garden tells the remarkable story behind the construction of the second 1890 Madison Square Garden and the controversial sculpture that crowned it Set amid the magnificent achievements of nineteenth century American art and architecture the book delves into the fascinating private lives of the era s most prominent architect and sculptor and the nature of their intimate relationship Hinman shows how both men pushed the boundaries of America s parochial aesthetic ushering in an era of art that embraced European styles with American vitality Situating the Garden s seminal place in the history of New York City as well as the entire country The Grandest Madison Square Garden brings to life a tale of architecture art and spectacle amid the elegant yet scandal ridden culture of Gotham s decadent era CRM Bulletin ,1985 The Work of Augustus Saint-Gaudens John H. Housing the New Romans Katharine T. von Stackelberg,Elizabeth Macaulay-Lewis,2017-06-01 In the last twenty years reception studies have significantly enhanced our understanding of the ways in which Classics has shaped modern Western culture but very little attention has been directed toward the reception of classical architecture *Housing the New Romans Architectural Reception and Classical Style in the Modern World* addresses this gap by investigating ways in which appropriation and allusion facilitated the reception of Classical Greece and Rome through the requisition and redeployment of classicizing tropes to create neo Antique sites of dwelling in the 19th and early 20th centuries The volume across nine essays will cover both European and American iterations of place making including Sir John Soanes house in London the Hotel de Beauharnais in Paris and the Getty Villa in California By focusing on structures and places that are oriented towards private life houses hotels clubs tombs and gardens the volume directs the critical gaze towards diverse and complex sites of curatorial self fashioning The goal of the volume is to provide a multiplicity of interpretative frameworks e g object agency enchantment hyperreality memory infrastructure that may be applied to the study of architectural reception This critical approach makes *Housing the New Romans* the first work of its kind in the emerging field of architectural and landscape reception studies and in the hitherto textually dominated field of classical reception *Thomas Moran Thurman*

Wilkins,1998 This extensively revised edition of Thurman Wilkins's masterful and engaging biography well illustrated in color and black and white draws on new information and recent scholarship to place Thomas Moran more securely in the milieu of the Gilded Age It also portrays more fully the controversies that surrounded the art of Moran's time as he became the Dean of American Painters The American West was the subject of Thomas Moran's greatest artistic triumphs Yosemite the Grand Canyon of the Colorado Zion Canyon the Virgin River Colorado's Mountain of the Holy Cross and the Grand Tetons but his travels with Ferdinand V Hayden's geological surveys of the Upper Yellowstone were matched by trips to his native Britain and to Venice Florida the Spanish Southwest and Old Mexico These scenes inspired memorable landscapes and seascapes as did the sojourns of the Moran family in Pennsylvania New Jersey and East Hampton Long Island when they retreated from the demands of the New York art scene In the 1880s Moran and his artist wife Mary Nimmo Moran also threw themselves into the etching craze of the period creating some of the finest prints produced in the United States Moran was an artist happy in his work He wrote I have always held that the grandest most beautiful or wonderful in nature would in capable hands make the grandest most beautiful or wonderful pictures The New York Times said of the first edition of this unique account of his life Moran's mastery comes through clearly and awesomely and often pleasurably Readers will find the new edition equally enjoyable

Stan and Gus Henry Wiencek,2025-07-22 How the architect Stanford White and the sculptor Augustus Saint Gaudens transcended scandal to enrich their times Stanford White was a louche man about town and a canny cultural entrepreneur the creator of landmark buildings that elevated American architecture to new heights Augustus Saint Gaudens was the son of an immigrant shoemaker a moody introvert and a committed procrastinator whose painstaking work brought emotional depth to American sculpture They met when Stan was walking down the street and heard Gus whistling Mozart in his studio They pursued their own careers in Italy and France then came together again in New York where they maintained an intimate friendship and partnership that defined the art of the Gilded Age Over the course of decades White would help sustain his friend's troubled spirits and vouch for Saint Gaudens when he failed to complete projects Meanwhile Saint Gaudens would challenge White to take his artistic gifts seriously and so it went amid brilliant commissions and sordid debaucheries all the way to White's sensational murder by an enraged husband in 1906 In *Stan and Gus* the acclaimed historian Henry Wiencek sets the two men's relationship within the larger story of the American Renaissance where millionaires' commissions and delusions of grandeur

collided with secret upper class clubs new aesthetic ideas and two ambitious young men to yield work of lasting beauty
