

A woman with long dark hair, wearing a white short-sleeved button-down shirt and blue jeans, is smiling and looking off to the side. She is holding a dark blue bowl filled with a soup or noodle dish, topped with green onions, yellow and red peppers, and white dumplings. A pair of wooden chopsticks is in the bowl. The background is a blurred interior with green vertical blinds and a red patterned cushion.

Dangerously Divided Zoltan L. Hajnal, 2020-01-02 As America has become more racially diverse and economic inequality has increased American politics has also become more clearly divided by race and less clearly divided by class In this landmark book Zoltan L Hajnal draws on sweeping data to assess the political impact of the two most significant demographic trends of last fifty years Examining federal and local elections over many decades as well as policy Hajnal shows that race more than class or any other demographic factor shapes not only how Americans vote but also who wins and who loses when the votes are counted and policies are enacted America has become a racial democracy with non Whites and especially African Americans regularly on the losing side A close look at trends over time shows that these divisions are worsening yet also reveals that electing Democrats to office can make democracy more even and ultimately reduce inequality in well being
