the power to fly she enters a floating world that takes her to the past the future and away from the present where she is taken hostage in a theatre by terrorists The three Micahs present future past live in different historical times And perhaps in the same brain with the same passion for truth the same pulse of sexual energy Part I The Present NYC 35 year old Mica Paradis thinks her lover Richard is betraying her Distraught she attends a fund raising event and impulsively volunteers to be hypnotized on stage by Blust O an otherworldly creature with peculiar proclivities and perversities When gun wielding terrorists take the entire audience hostage Mica is still entranced There is nothing the hypnotist can do to bring her back except to follow her into the floating world with a strange box strapped to his back The sand coloured box contains a gift that is both mythic and erotic Part II The Future Tokyo When a manga artist Hiro Mitaguri creates Mica the Miracle Girl she surprises him by taking over the story Inviting him into the plot she seduces him into writing himself into the story as a character the Animator Flying back into his version of the narrative she battles the evil ACCETES who will stop at nothing to capture her memories and use them to destroy the world Her quest is to vanquish ACCETES retrieve the Golden Box from the Theatre of Surprises and keep control of her brain And rather than being just a sidekick the Animator is a sinister voyeur watching his own creation a cyborg become human and more and more sensual Action shifts back and forth between graphic sequential art episodes manga to even more terrifying natural and unnatural disasters let loose on the planet In the future as in the present fears hopes and urgencies that confront everyday citizens are ignored by those in power Part III 1777 Vienna When Anton Mesmer demonstrates the miraculous powers of Animal Magnetism 5 year old Mica is in the audience watching him bring sight to a blind girl A bizarre system of fluids and the curative power of light streaming from his fingers disturbs Mica and disrupts her sight Now she sees beyond the surface of things and apprehends the future without understanding the unfolding images in her brain or the folding and enfolding Universe in which she travels Mother flirts with Herr Burger and maybe more is going on Father sadly finds the truth Mother resists Mesmer's powers to cure her of somnambulism by imbuing the Tree of Life plant in her garden with vital fluids that can curtail nightly wanderings At first the blind girl's father agrees to her further treatments but then accuses Mesmer of being a charlatan and causes an uproar **When He Saw Me** Amelia Wilde, The first time I meet Eva it's clear we're polar opposites And you know what they say about opposites I've never walked away from a mystery in my life And Eva is hiding something in all caps Match meet kindling Something's eating at her And from the moment I see her I know I can't rest until I fix it She won't make it easy but I'm not afraid of a challenge I didn't survive the war to become a quitter at home I promise you that Eva wants to hide I want to see everything So I'll strip all her secrets bare Screw the consequences In the end the truth might hurt But it'll look damn good naked

The Building Blocks of the Earliest Gospel Arthur J. Bellinzoni, 2018-02-16 This volume provides enough information about each story in the Gospel of Mark and about the gospel as a whole in order to afford an informed understanding of the gospel The evangelist was not writing a book for submission to a committee for inclusion in the Christian Bible Rather he was collecting existing oral and written tradition into a coherent narrative to promote for his own Christian community an understanding of the good news of Jesus the Messiah The church to which the evangelist was writing probably in Antioch of Syria was likely already familiar with many of the stories from the church s evolving liturgy Christians gathered in people s homes there were no churches as we understand that word as a specific building for Christian worship It was in such gatherings in homes that stories were told perhaps as the basis for a message delivered by an elder of the church Such stories illustrated some truth about Jesus or addressed an issue of importance to the church In other words these individual stories were developed to serve the needs of the Christian community Historical accuracy was not a concern of the evangelist Proclaiming Jesus as Messiah was his primary purpose

Making Miracles in Medieval England Tom Lynch, 2022-08-05 The cult of the saints

was central to medieval Christianity largely due to the miraculous Saints were members of the elect of heaven and could intercede with God on the behalf of supplicants Whilst people visited shrines and prayed to the saints for many reasons it was the hope of intercession and the praise of miracles past which drove the cult of the saints This book examines how a person solicited aid from a saint how they might give thanks and the ways in which post mortem miracles structured the cult of the saints A huge number of miracle stories survive from medieval England in dedicated collections as well as in saints lives and other source material This corpus is full of stories of human relationships vulnerability and deliverance of people from all parts of society These stories reveal all manner of details about ordinary people in extraordinary circumstances They also show us how people navigated the world with the aid of the saints Saints could help with wayward livestock lost property or lawsuits as well as fire plague and injury They could also protect members of their communities correct lapses by their custodians and even kill those who mistreated them A respectful relationship with a saint could be proof against any problem Making Miracles in Medieval England will appeal to all those interested in religious practices in medieval England medieval English culture and medieval perceptions of miracles
