Hewitt, 2010-02-16 *No Permanent Waves* boldly enters the ongoing debates over the utility of the wave metaphor for capturing the complex history of women's rights by offering fresh perspectives on the diverse movements that comprise U S feminism past and present Seventeen essays both original and reprinted address continuities conflicts and transformations among women's movements in the United States from the early nineteenth century through today A respected group of contributors from diverse generations and backgrounds argue for new chronologies more inclusive conceptualizations of feminist agendas and participants and fuller engagements with contestations around particular issues and practices Race class and sexuality are explored within histories of women's rights and feminism as well as the cultural and intellectual currents and social and political priorities that marked movements for women's advancement and liberation These essays

question whether the concept of waves surging and receding can fully capture the complexities of U S feminisms and suggest models for reimagining these histories from radio waves to hip hop **Adopting Maternity** Nora Moosnick,2004-03-30

Discusses the issues related to race class and gender involved in adoption based on in depth interviews with 22 adoptive mothers This text compares and contrasts the experiences of white women who adopted Asian black or biracial children The bulk of the book is dedicated to presenting the women s words as they talk about their perceptions of fertility treatments birth mothers other mothers adoption processes and outsiders reactions among other matters Feminist discourse is used to examine the applicability of these theories to women s self characterizations Beginning with an overview of the theoretical basis of the book discussions of becoming an adoptive mother and the realities of being an adoptive mother follow Each chapter presents feelings and experiences of adoptive mothers in addition to analysis that brings these feelings into broader societal context This honest portrayal will offer adoptive families adoption professionals and social workers important insights into mothers adoptive experiences Scholars of women s studies social work and sociology will find this volume useful as well *Good White People* Shannon Sullivan,2014-05-15 Argues for the necessity of a new ethos for middle class white

anti racism Building on her book *Revealing Whiteness* Shannon Sullivan identifies a constellation of attitudes common among well meaning white liberals that she sums up as white middle class goodness an orientation she critiques for being more concerned with establishing anti racist bona fides than with confronting systematic racism and privilege Sullivan untangles the complex relationships between class and race in contemporary white identity and outlines four ways this orientation is expressed each serving to establish one s lack of racism the denigration of lower class white people as responsible for ongoing white racism the demonization of antebellum slaveholders an emphasis on colorblindness especially in the context of white childrearing and the cultivation of attitudes of white guilt shame and betrayal To move beyond these distancing strategies Sullivan argues white people need a new ethos that acknowledges and transforms their whiteness in the pursuit of racial justice rather than seeking a self righteous distance from it Ideologies and Technologies of Motherhood Helena

Giving Up Baby Laury Oaks, 2015-06-05 Baby safe haven laws which allow a parent to relinquish a newborn baby legally and anonymously at a specified institutional location such as a hospital or fire station were established in every state between 1999 and 2009 Promoted during a time of heated public debate over policies on abortion sex education teen pregnancy adoption welfare immigrant reproduction and child abuse safe haven laws were passed by the majority of states with little contest These laws were thought to offer a solution to the consequences of unwanted pregnancies mothers would no longer be burdened with children they could not care for and newborn babies would no longer be abandoned in dumpsters Yet while these laws are well meaning they ignore the real problem some women lack key social and economic supports that mothers need to raise children Safe haven laws do little to help disadvantaged women Instead advocates of safe haven laws target teenagers women of color and poor women with safe haven information and see relinquishing custody of their newborns as an act of maternal love Disadvantaged women are preemptively judged as bad mothers whose babies would be better off without them Laury Oaks argues that the labeling of certain kinds of women as potential bad mothers who should consider anonymously giving up their newborns for adoption into a loving home should best be understood as an issue of reproductive justice Safe haven discourses promote narrow images of who deserves to be a mother and reflect restrictive views on how we should treat women experiencing unwanted pregnancy

Interracial Intimacies Randall Kennedy, 2012-09-12 With the same piercing intelligence as the bestselling *Say It Loud* *Interracial Intimacies* hits a nerve at the center of American society race relations and our most intimate ties to each other The best book written on the subject an exhaustive source of deep rich scholarship and surefooted brilliant analysis *Seattle Times* Analyzing the tremendous changes in the history of America's racial dynamics Randall Kennedy challenges us to examine how prejudices and biases still fuel fears and inform our sexual marital and family choices He takes us from the injustices of the slave era up to present day battles over race matching adoption policies which seek to pair children with adults of the same race He tackles such subjects as the presence of sex in racial politics the historic role of legal institutions in policing racial boundaries and the real and imagined pleasures that have attended interracial intimacy A bracing much needed look at the way we have lived in the past *Interracial Intimacies* is also a hopeful book offering a potent vision of our future as a multiracial democracy

Adoption Matters Sally Anne Haslanger, Charlotte Witt, 2005 As a social

and legal institution of family formation and as a personal experience of members of the adoption triad adoption provides a fresh vantage point on an important set of philosophical and feminist issues The family is often thought to be the basic and natural form of social life for human beings adoption however highlights the powerful role that law and politics play in shaping families and our ideas about families As a result attention to the practices of adoption sheds light upon deeply held but often tacit assumptions about what is natural and what is social in human life from the Introduction The institution of adoption has come under increasing scrutiny in recent years as the adoption world has undergone seismic shifts the rise in international and transracial adoptions and the effects of global economics adoption by gays and lesbians increasing openness in the adoption process and changes in domestic welfare policy on adoption Adoption Matters adds to our understanding of reproduction parenting familial bonds personal identity self knowledge and contemporary social policy The contributors to Adoption Matters explore a range of related topics such as the manner in which interracial or international adoption affects the way we perceive the relationships among race ethnicity and culture and how class affects one's life prospects and choices In this distinctive collection of essays the authors illuminate adoption by bringing feminist theory to bear on it and they expand and enrich feminist theory by making it respond to their own personal experience as adoptive parents or as adoptees Joan Heifetz Hollinger Boalt Hall School of Law University of California Berkeley editor of Adoption Law and Practice and coeditor of Families by Law An Adoption Reader Adoption Matters courageously examines how adoption influences and challenges our society's understanding of the intersection of family and identity an intersection that is both deeply personal and highly political Abigail Garner author of Families Like Mine Children of Gay Parents Tell It Like It Is

Power Lines Aimee Carrillo Rowe, 2008-09-25 Argues for the importance of understanding identity as relational rather than static in encouraging feminist alliances across race class and ethnicity *Disrupting White Supremacy* Jennifer Harvey, Karin A. Case, Robin Hawley Gorsline, 2008-05-13 Through careful thoughtful examination of the nature and workings of race racism and white supremacy the contributors an all white group of theologians ethicists teachers ministers and activists have provided a resource that will help white people do their own souls acknowledging its devastating effects on people of color and taking their own steps toward its abolishment A Promise And A Way Of Life Becky Thompson, 2001-08-07 The first in depth look at white people's activism in fighting racism during the past fifty years Not since the Civil Rights Movement of the 1950s and 1960s when many white college students went south to fight against Jim Crow laws has white antiracist activity held the public's attention Yet there have always been white people involved in fighting racism In this passionate work Becky Thompson looks at white Americans who have struggled against racism offering examples of both successes and failures inspirations practical philosophies and a way ahead A Promise and a Way of Life weaves an account of the past half century based on the life histories of thirty nine people who have placed antiracist activism at the center of their lives Through a rich and fascinating narrative that links individual experiences with social and

political history Thompson shows the ways both public and personal in which whites have opposed racism during several social movements the Civil Rights and Black Power movements multiracial feminism the Central American peace movement the struggle for antiracist education and activism against the prison industry Beginning with the diverse catalysts that started these activists on their journeys this book demonstrates the contributions and limitations of white antiracism in key social justice movements Through these stories crucial questions are raised Does antiracist work require a repudiation of one's whiteness or can that identity be transformed through political commitment and alliances What do white people need to do to undermine white privilege What would it take to build a multiracial movement in which white people are responsible for creating antiracist alliances while not co-opting people of color Unique in its depth and thoroughness *A Promise and a Way of Life* is essential for anyone currently fighting racism or wondering how to do so Through its demonstration of the extraordinary personal and social transformations ordinary people can make it provides a new paradigm for movement activity one that will help to incite and guide future antiracist activism **Bridging** AnaLouise Keating, Gloria
