

My Father Bertrand Russell

SJ Ball

My Father Bertrand Russell:

My Father, Bertrand Russell Katharine Tait, 1975 Katharine Tait daughter of Bertrand and Dora Russell here vividly portrays the extraordinary and stimulating environment she grew up in In refreshing contrast to the interpretation of Russell as philosopher and public figure Tait's is a close personal account of her deep love and admiration for her father and its gradual tempering by the imperfections she came to see in him Touchingly written and beautifully described the book shows Russell to be a man of great warmth charm and humour but is also a testament to the traumas created when he applied his views on marriage and education to his own home *My Father Bertrand Russell* is essential reading for those seeking to understand the private background to Russell's ideas the personal effects of his lifestyle prescriptions and what it was like to live with a man of such genius

Greek Thinkers Katharine Tait, 1996 This four volume set recognizes that philosophy in the ancient Greek world began as a universal science inextricably linked with religion literature and the special sciences These themes and their protagonists are incorporated into the historical descriptions and arguments It traces the history from its very beginnings through Plato and Aristotle up until the 3rd century BC with the transference of scientific progress away from philosophy to its subordinate branches

My Father, Bertrand Russell Katharine Tait, 1996 Katharine Tait daughter of Bertrand and Dora Russell here vividly portrays the extraordinary and stimulating environment she grew up in In refreshing contrast to the interpretation of Russell as philosopher and public figure Tait's is a close personal account of her deep love and admiration for her father and its gradual tempering by the imperfections she came to see in him Touchingly written and beautifully described the book shows Russell to be a man of great warmth charm and humour but is also a testament to the traumas created when he applied his views on marriage and education to his own home *My Father Bertrand Russell* is essential reading for those seeking to understand the private background to Russell's ideas the personal effects of his lifestyle prescriptions and what it was like to live with a man of such genius

The Political Philosophy of Bertrand Russell Amita Singh, 1987

Vintage Book Of Fathers L Guinness, Louise Guinness, 2012-02-29 Ideal fathers cruel fathers puffed up with pride fathers horribly and humanly flawed fathers this wonderful anthology contains a whole range of experience from the amazed joy of new fatherhood to the pains of bereavement from the comic and eccentric Papa to the sinister and silent Dad Louise Guinness has collected irresistible extracts spanning nearly three thousand years from Homer and the Bible to present day from Chaucer to Beatrix Potter Rabelais to Seamus Heaney

The Philosophers : Their Lives and the Nature of their Thought Ben-Ami Scharfstein Professor of Philosophy Tel-Aviv University, 1980-06-26

My Father's House Mathew Daniel, 2025-01-18 In 1950s Bombay *My Father's House* chronicles my eventful childhood starting in a one room third floor tenement with windows to the world outside that opened my eyes From the innocence of Montessori to the tumult of adolescence I explore the unspoken family bond forged by fate and tempered by adversity Told through a child's unfiltered eyes it is a testament to resilience despite great loss

The Years of Silence are Past Stephen P.

Hinshaw,2002-10-07 Sample Text Monsters in the Classroom: Noam Chomsky, Human Nature, and Education Philip G. Hill,2023 In this lucid original and comprehensive work the articulated approaches to pedagogy are based on specific conceptions of human nature Drawing on a vast range of Chomsky s prodigious output in linguistics politics biology cognitive science and education Hill highlights two fundamental elements of Chomsky s understanding of human nature and uses these elements as the foundation of a highly creative approach to pedagogy The originality of the work is apparent in the way the author identifies how key ideas in Chomsky s linguistics and political discourse are rooted in a liberatory approach to education The value of the work lies in its practical nature Even though it makes reference to ideas in various academic disciplines the work s overall value is reflected in the way ideas relate to Hill s personal teaching experiences and how they apply in a concrete classroom setting The reader is offered a practical and highly creative way to apply Chomsky s understanding of human nature in a classroom setting I Died for Beauty Marjorie Senechal,2013 A biography of Dorothy Wrinch Provided by publisher **Christianity and Rabbinic Judaism** Jonas E. Alexis,2011-12-29 The simple step of a courageous individual is not to take part in the lie One word of truth outweighs the world Alexander Solzhenitsyn In this penetrating and provocative work Jonas E Alexis challenges common assumptions about the relationship between Christianity and Rabbinic Judaism and provides compelling evidence from history and theology that demonstrates the extent to which modern Judaism has been defined by the Pharisaic and Rabbinic schools of thought As Alexis meticulously documents there has been a constant struggle between Christianity and Rabbinic Judaism since the time of Christ a struggle that will define the destiny of the West Islam according to Christianity is a historically and theologically false religion since it denies both Jesus s deity and His work of salvation at the Cross But Rabbinic Judaism Alexis argues is equally false and in many respects more dangerous to Christianity and the West than Islam since at its root Rabbinic Judaism wages war against the Logos the system of order in the world embodied by Christ In this painstakingly scholarly yet readable work Alexis maintains that Rabbinic Judaism defined by the Pharisaic teachings now codified in the Talmud that Jesus sought to correct is a categorical and metaphysical rejection of Christianity a rejection that has had and will continue to have severe implications for Western culture intellectual history and theological exegesis **Wisdom, Information and Wonder** Mary Midgley,2002-09-11 In this book one of Britain s leading philosophers tackles a question at the root of our civilisation What is knowledge for Midgley rejects the fragmentary and specialized way in which information is conveyed in the high tech world and criticizes conceptions of philosophy that support this mode of thinking Essays and Reviews Bernard Williams,2015-10-13 The first collection of popular reviews and essays from distinguished philosopher Bernard Williams Bernard Williams was one of the most important philosophers of the past fifty years but he was also a distinguished critic and essayist with an elegant style and a rare ability to communicate complex ideas to a wide public This is the first collection of Williams s popular essays and reviews Williams writes about a broad range of subjects from philosophy to science the

humanities economics feminism and pornography Included are reviews of major books such as John Rawls's *Theory of Justice* Richard Rorty's *Consequences of Pragmatism* and Martha Nussbaum's *Therapy of Desire* But many of these essays extend beyond philosophy providing an intellectual tour through the past half century from C S Lewis to Noam Chomsky No matter the subject readers see a first class mind grappling with landmark books in real time before critical consensus had formed and ossified

Escape from God Dean Turner,1991

Alternative Schools in British Columbia 1960-1975 Harley Rothstein,2024-07-18 The tumultuous 1960s was an era of the counterculture political activism and resistance to authority Conventions and values were challenged and new approaches to education captured the imaginations of parents teachers and students Reacting against the one size fits all nature of the traditional public school system groups of parents and teachers in Canada and the United States established alternative schools or free schools based on the Progressive child centred philosophy of John Dewey and the Romantic ideas of Summerhill founder A S Neill In *Alternative Schools in British Columbia 1960 1975* Harley Rothstein tells the story of ten such schools that arose in the province of British Columbia Drawing on 350 self conducted interviews newspaper articles personal journals and school records Dr Rothstein invites readers to experience the early days of alternative schools He describes the educational philosophy curriculum and governance of these institutions and introduces readers to the people who were at the heart of alternative communities Tracing the evolution successes and challenges of each school he presents the day to day experience and brings to life the ethos of the 1960s era Historians educators and all curious readers will become immersed in this engaging account of a group of educational pioneers on Canada's west coast and how they inspired the liberalization of the public school system that would come in the 1970s

Bertrand Russell Ray Monk,2001 In the second half of his life Bertrand Russell transformed himself from a major philosopher whose work was intelligible to a small elite into a political activist and popular writer known to millions throughout the world Yet his life is the tragic story of a man who believed in a modern rational approach to life and who though his ideas guided popular opinion throughout the twentieth century lost everything Drawing on thousands of documents collected at the Russell archives in Canada Monk steers through the turbulence of Russell's public activities scrutinizing his sometimes paradoxical and often outrageous pronouncements Monk's focus however is on the tragedy of Russell's personal life and in revealing this inner drama Monk has relied heavily on the cooperation of Russell's surviving relatives and access to previously unexamined legal and private correspondence

BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Books Are Not Life But Then What Is? Marvin Mudrick,2017-06-14 *Books Are Not Life But Then What Is* demonstrates how much Marvin Mudrick loved life and celebrated the dignity of life in literature It's helpful to be reminded now and then he writes that while novelists persist in their noisy betrayals of human dignity living has a longer history than reading and truth than fiction Mudrick insists on seeing authors and their characters as people and he describes and judges them as frankly as if they were living among us In this collection

we meet heroes monsters and every shade of character in between Chaucer Pepys Rochester Boswell Jane Austen and Anne Elliot Dickens and Pecksniff Pushkin Tolstoy Kafka Edmund Wilson and many other novelists scholars and critics We get to know each of them so vivid are Mudrick s quotations and commentary Essay after essay demonstrates that good criticism can amplify both life and literature

The Mystery of Life What'S It All About? David E. Peeples,2018-03-15 Have you ever seriously considered the most difficult and puzzling questions presented to our minds during this mortal sojourn through an often difficult and challenging existence Who am I Where did I come from Why am I here Where am I going And perhaps the most important question of all What is my purpose for living In this ultra modern digital world of today many people have become so preoccupied with the daily pursuits of life and the addictive overuse of time consuming technology that many of them rarely pause to seriously consider what life is actually all about In writing *The Mystery of Life* it has been my hope and my goal to personally challenge each reader to consider many relevant facts and to follow a line of evidence pointing toward a worldview that is often overlooked and too easily marginalized We live in an aggressive technology driven world where the wild pursuit of power prestige possession and pleasure has become the driving influence ruling over many of our lives What does your worldview look like Is there enough evidence to support it beyond reasonable doubt If not then I invite you to consider a vast body of mounting evidence that could lead toward a more accurate discernment of an often confusing existence The view of life that we have each come to know will strongly influence everything we do say and become in this world Based on a remarkable consensus of evidence perhaps we should consider a worldview understanding that will ultimately avail our hearts and minds of the personal fulfillment and satisfaction we have always longed for and often dreamed of We owe it to ourselves to seriously consider where the evidence is leading us Isn't it about time to discover the answers to our most persistent and pressing questions *The Mystery of Life* is presented as a literary expose addressing the questions of origin meaning morality and destiny

Philosophers Behaving Badly Nigel Rodgers,Mel Thompson,2004-12-01 An engaging and often hilarious survey of the far from fusty extra curricular activities of some of philosophy s finest practitioners *Philosophers Behaving Badly* examines the lives of eight great philosophers Rousseau whose views on education and the social order seem curiously at odds with his own outrageous life Schopenhauer and Nietzsche two giants of the 19th century whose words seem ever more relevant today and five immensely influential philosophers of the 20th century Russell Wittgenstein Heidegger Sartre and Foucault

Born a Foreigner Charles T. Cross,1999 As a missionary s son a U S Marine in the Pacific Theater during WWII and a career diplomat to China and East Asia Cross shares his thoughts on how American presence has influenced the politics and economics of the region over more than sixty years
