Notes From Travels:

Notes on Travels Solomon Johnson, 2015-06-15 Excerpt from Notes on Travels Including a Trip Around the World by Way of Australia These notes are the result of a few articles published in the local press while I was on my trip around the world by way of Australia Since my return many readers of those articles have thanked me for the information that they contained and for the pleasure they enjoyed in reading them and expressed the hope that I might expand them and publish them in book form Very few travelers take notes when on a vacation as it seems a task to do so but the information and pleasure one derives from them by having them at hand for future reference are worth many times the cost of making them The writer's object in traveling has been primarily to get knowledge at first hand and incidentally for pleasure In selecting the material for this small book from the more than one thousand pages of original notes the writer has had but one object in view namely the desire to furnish the reader with interesting information without making the chapters too long and tedious About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
